

Meeting Agenda

ILT Vision: ILT will create a collaborative, cohesive, and inclusive team that builds sustainable systems to support student growth, engagement, and a sense of belonging independent of staffing changes, by using data and shared decision making to enhance student learning, school culture, and teacher efficacy.

Purpose: Collaborative discussion on improving teaching practices and data-driven decision-making.

1. Welcome and Good News
2. Community Schools Share Out

Alternating data and the instructional practice

3. Data Review
 - a. How are we assessing our students?
 - b. What is our data telling us?
4. Instructional Focus and Sharing
 - a. Great instructional moments
 - b. Strategies and techniques
5. Flex Time (<10)
6. Action items and next steps
 - a. Plan next agenda

General Notes and thoughts:

What would you also like to see your department or SLCs use a solid agenda like this one?

How will the campus goals feed the agendas for the year?

Assign roles and responsibilities - NOT facilitated by Admin

Questions for next time?

Who does this well?

Create a calendar of suggested fluid topics for each month

Events and FYI's (email)
