This week begins state testing for our 5th grade students. 4th, 6th, and 7th grade students will not begin testing until the following week. This week's schedule for our 5th graders is below:

Students will not be allowed to have cell phones and other electronic devices from home in the testing room. Students either need to keep these items at home on testing days or leave them in their lockers during the testing sessions. Thank you for your assistance in reminding your child to follow these expectations from the State. If this rule is violated and a device ends up in the testing room, students' tests could be invalidated.
