<roletable>
   <entry>
            <actor>Customer Party</actor>
            <role>Originator</role>
            <description>The party that had the original demand for the goods and/or services and therefore initiated the
procurement transaction. The Originator participates in pre-ordering activity either through <schema>Request for
Quotation</schema> and <schema>Quotation</schema> or by receiving a Quotation as a response to a punch-out transaction on a
marketplace or Seller’s website. If the Originator subsequently places an <schema>Order</schema>, the Originator adopts the role
of Buyer. The Originator is typically the contact point for queries regarding the original requirement and may be referred to in
an <schema>Order Change</schema>, <schema>Order Cancellation</schema>, or <schema>Order Response</schema>.</description>
            <example>If an employee requests a computer, the employing company may become the Buyer, but the employee is the
Originator. They need to receive information about the order.</example>
            <synonyms/>
            <sends><schema>Request for Quotation</schema></sends>
            <receives><schema>Quotation</schema></receives>
   </entry>
   <entry>
            <actor>Customer Party</actor>
            <role>Buyer</role>
            <description>The party that purchases the goods or services on behalf of the Originator. The Buyer may be referred
to in <schema>Order Response</schema>, <schema>Despatch Advice</schema>, <schema>Fulfilment Cancellation</schema>,
<schema>Invoice</schema>, <schema>Self Billed Invoice</schema>, <schema>Credit Note</schema>, and
<schema>Statement</schema>.</description>
```

<example>A company may delegate the task of purchasing to a specialized group to consolidate orders and gain greater discounts.</example>
