Professional Summary

Dynamic Full Stack & Frontend Developer with 8+ years of experience delivering high-quality, scalable, and user-centric web applications. Proficient in React, Next.js, Angular, and the MERN stack, with strong expertise in UI/UX design and creating seamless user experiences. Experienced in end-to-end application development, from concept and architecture to deployment and lifecycle management. Recognized for building robust, maintainable, and performance-optimized solutions, while collaborating effectively with cross-functional teams. Passionate about modern technologies, continuous learning, and innovation in the fast-paced tech landscape.

Professional Experience

Freelance MERN Stack Developer (June 2023 - Present)

- Built a marketing tool for businesses, enabling streamlined campaigns and measurable results.
- Designed and developed a full-featured e-commerce website with three distinct user roles (User, Staff, Admin) using MERN Stack and Shadcn UI as the primary UI library.
- Designed and developed a Real Estate website using the MERN stack, featuring property listings, user authentication, and admin dashboards.
- Developed and maintained multiple full-stack applications, including:
 - B2B E-commerce platform
 - Online Bookstore E-commerce website
