Fee for the Program	$0, no fee	**After Care Offered?**	Yes
Does your staff speak other languages?	Yes, Spanish	**Is transportation available?**	No
What enrichment activities will be offered?	Our enrichment activities are centered in creative arts and designed to offer campers a well-rounded, hands-on experience, tailored to different interests and skill levels. Performing Arts: Theater, Dance, and Music: Campers will explore acting techniques, improv games, and character development in our interactive theater workshops. We will also offer dancer and instrumental performance, including piano and drums. DJ Classes & Music Production: For those with an ear for music and a passion for beats, our DJ and music production classes provide hands-on experience with mixing, scratching, and producing tracks. Campers will learn the basics of music theory, sound editing, and how to create their own music using industry-standard software. Construction, Crafting, and Set Design: Campers will work together to build intricate props, and sets for their performances and art projects. They will also paint and complete projects geared toward creativity and self-expression. Visual Arts & Filmmaking: Our enrichment is project based. By the end of camp, the campers will have a fully produced short film showcasing what each student did during camp for parents and family members to see. The filmmaking students will participate in		

	content creation classes and learn the basics of video production, editing, and storytelling, culminating in the creation of the short film project for the entire camp. Physical Education: Campers will participate in outdoor activities, yoga, and group sporting games. Field Trips: We will take numerous field trips including the bowling alley, skating rink, Sky Zone, the movie theater, the water park, and more.

What enrichment activities will be offered?	This summer, our camp offers an exciting variety of enrichment activities that foster creativity, promote wellness, and connect children with nature. Designed for students in 1st through 6th grade, campers will engage in hands-on experiences across a range of areas, including music, arts and crafts, sports and nutrition. They will also participate in wellness-focused classes that emphasize healthy living habits and mindfulness. In addition to exploring the natural world through nature walks and environmental awareness activities, campers will have the chance to develop valuable skills through tennis lessons, promoting both physical fitness and teamwork. Every day will be filled with dynamic, educational activities that encourage creativity, cooperation, and a deeper understanding of the environment.

What enrichment activities will be offered?	Enrichment Cooking Classes: Children's cooking class is a fun and interactive experience where kids learn how to prepare simple, delicious meals while developing basic cooking skills. They will explore new ingredients, follow easy recipes, and discover the joy of creating their own tasty dishes, all in a safe and supportive environment. The class encourages creativity, teamwork, and a love for food. Enrichment Gardening Classes: Children's gardening class is a hands-on educational experience where kids learn how to plant, care for, and grow their own plants. They will discover the wonders of nature and explore an understanding of sustainability and healthy eating. Through fun activities, children will gain valuable skills in teamwork, responsibility, and patience while enjoying the outdoors and watching their plants thrive. Enrichment Dance Classes: Children's dance class is an energetic and creative environment where kids can explore movement, rhythm, and expression through various dance styles. Whether ballet, hip-hop, or jazz, children will learn basic dance techniques, improve coordination, and build confidence while having fun. The class encourages creativity, teamwork, and self-expression while helping children develop physical fitness and a love for dancing.		

	Enrichment Music Classes: Children's music classes are fun and engaging sessions where kids explore the world of music through singing, playing instruments, and rhythm activities. They will learn about different sounds, develop their listening skills, and gain confidence in expressing themselves through music. These classes encourage creativity, teamwork, and coordination while fostering a love for music and helping children build essential skills in a fun and supportive environment.
