

My name is Frau Schober, and I'm looking forward to being a part of your child's educational journey. I am a huge believer of international education and am thrilled to teach your child third grade. I believe that through the learning of different languages, children gain a unique perspective and deeper understanding of how the world works.

I've been interested in languages and education for as long as I can remember. I earned my bachelor's degree in French and my master's degree in Applied Linguistics. Over the course of my career I've been fortunate to have lived and taught in Bavaria (Southern Germany), France, South Africa and Spain. I've taught at AEA since 2018.

When I'm not in the classroom, you can find me hanging out with my beautiful children and wonderful husband. I love cooking (and eating!), gardening, anything that allows me to play in the ocean, and reading.
