

**Long Beach Area Group
2024 Executive Committee Candidates**

Vote at sc.org/VoterPortal between Oct 1st and Nov 13th.

Jerard Wright

I am Jerard Wright and I currently serve on the Long Beach Area Group Executive Committee as the Vice Chair and Treasurer. I have served the Sierra Club Angeles Chapter in the past as a Co-Chair of the Transportation Committee and been involved in the Angeles Chapter in various committees such as Transportation, Political and Conservation Committees since 2009. While serving on the Transportation committee, I worked to build coalition partners throughout L.A. County towards strategizing opportunities for new public transportation and improving existing service to clean our air and ensure environmental justice.

One of the areas that I think is critical for the Angeles Chapter in the next few years are delivering on the voter approved public transportation infrastructure sales tax Measure M, increasing and supporting renewable clean energy sources and push for the infrastructure to enable electric vehicle charging in Multi-Family dwellings while encouraging more diversity and reaching out to younger members.

Jerard graduated from the Illinois Institute of Technology with a BA in Architecture. Currently resides in Long Beach, and works on housing policies for a professional trade organization in Los Angeles.
