

// You seen that?

What?

//The kid next door. Out in the sun again. I swear he's been out every day all day messing about on his phone.

Yeah? I haven't noticed.

//Must be living off mummy and daddy. Only way you could spend that much time sun soaking. God, how the other half live.

Each to their own I guess.

//You know, first time I saw im I swore he was a girl, that waist and arse just screamed at me - but then he turned around!

Ha! You'd bum anything if it looks right.

//I tell ye I thought about it. Ay no puff though, that's for sure.

Yeah alright Gaz, hold the language.

//Oh right, sorry. Forgot mate. I don't think about you all like that, but boys what look like that... never mind. I'm signing off anyway mate. Catch you tomorrow, you alright locking up?

Yeah sure Gaz. See you tomorrow.

/Scene changes

Hey! You alright? Sorry to bother you, I uh... saw you were in and thought I'd ask... is your mom or dad in?

You what? You own the place? Naaaah, you - you're serious? Fuck me, how'd you afford a place like this at what?

Well shit. I uh... guess what I mean to say is I'm a contractor on the property next door and the guys phoned ahead saying he won't be back on time... you mind if I leave the keys with you?

Okay, great. You mind if I bring them to you?

Thanks a bunch mate. Really appreciate it. You know, you look great by the way. I've seen you lounging every day we've been at work and it's been a nice sight every day.

I don't want this to be weird, but if you ever fancy a role in the hay with someone like me - you just let me know, alright?

From that look you just gave me I'm guessing you're into it. Right? Listen, I'll level, I'm into you. Have been since the day I saw you parade that arse across your lawn.

Seen as we don't have to worry about Mom and Dad, why don't we go somewhere more private, eh?

/

This is a nice place you've got mate, real cosy. What do you do?

Ah I see. Makes sense. So... where we going? Or are we gonna do it right here?

/Kisses

I'm all grubby from the site, you want me to shower?

You like me as I am? Sure, whatever you say. You smell great - clean and fresh, just how I like em.

Show me your bedroom, yeah?

Through here?

Great.

/ Kissing onto Bed

Fuck you taste so good. I want to fuck you so bad...

Where you going?

Alright... tease.

(...)

What's taking so long?

Holy fucking shit! No, no, I'm alright. I just wasn't expecting you to be naked and... that...

That's the biggest fucking cock I've ever fucking seen.

It's like an elephant trunk mate!

Listen... I'm not a bottom and I definitely don't take anything that big. No offense. I uh, thought... you were the bottom...

I mean, I guess we could do oral if I suck you, you suck me? That alright? That's if I can unhinge my jaw wide enough!

You want me on top? Sure. I'm not too heavy right?

Sure... here I go.

//Blowjob noises

Hey... what are you? No, that's my - ooooh, I told you I'm not a bottom, but fuck that finger feels good. No, don't take it out I ... ffffuck.

Yeah, keep playing with it. I don't know what you're doing, normally I don't even allow guys there but fuck that's mmmm
