

Subject Line: GROWTH for Triple Cross Athletics

Afternoon Triple Cross Athletics Team,

I've come across Triple Cross Athletics online and noticed you are doing great from the reviewed feedback received.

From the looks of it, you're doing great in the short 4 years of opening and continuing to grow but I think I could help you with some ideas I have.

I noticed you have a contact page and some products for sale on the website, have you ever considered newsletters to your clients?

Or even to possible clients that come across your website that have personalized messages to push them and not make excuses?

With your social media and the following you have, I think you could take those to the next level as well.

If interested in some discussion about this, feel free to reach out. This is my direct email and hope to hear from you soon!

Patric
