A short guide to Gathertown

Before start:

1. Gathertown sometimes consumes significant resources on your computer.
2. Gathertown is optimized for Google Chrome browser. Some features may not function properly under other web browsers.
3. Sign-up is not mandatory. To keep your personal settings, either sign in or allow cookies.

Access to our Gathertown:

4. Go https://gather.town/app/nTOvNe4KC8xZ5W69/Geom%20Topology%20at%20KAIST
5. Upon your first visit, you will be guided to set up your name and avatar. You can change them anytime later.

In the Gathertown:

6. You can move your character by pressing ⇦⇨⇧⇩ or Ⓐ Ⓓ Ⓦ Ⓢ keys.
7. You will be automatically connected to others when your character and others' character come closer to each other. When connected, you may also share your screen with others.
8. To mute or stop video, move your cursor over the small screen at the bottom right. Mute/stop video button will appear.
9. You will be automatically muted when you move to another tab on your browser.
10. A lecture hall is located on the left side of the main lounge.
11. Private spaces (either rooms or shaded areas around tables) are designated for private discussion. Others cannot listen to you unless they stay in the same private space.
12. Press Ⓧ to interact objects in the gathertown.
