2. **Island Bandit (IRE) (181):** Excellent course and distance record, highly adaptable to similar going, strong mid-race push.
3. **Botas (IRE) (16):** Recently in great form, strong late finisher, good chance if replicating recent performance.

Betting Suggestion:

- **Win Bet:** Skysail (279)
- **Each Way Bet:** Island Bandit (IRE) (181)
- **Trifecta:** Skysail (279), Island Bandit (IRE) (181), Botas (IRE) (16)

What factors did you use?

In analysing the race, the following factors were taken into consideration:

1. **Recent Form:** How the horse performed in its most recent races, including position, competition level, and any significant changes (e.g., operations, gelding).
2. **Course and Distance Record:**
 - **Course & Distance (CD):** Performance at the specific course and distance.
 - **Course (C):** Overall performance at the course.
 - **Distance (D):** Overall performance at the distance.
3. **Going:** Performance on similar ground conditions, indicating how well the horse runs on certain types of turf.
4. **Class:** Performance in races of similar class level, showing the horse's competitiveness in similar or tougher races.

5. **Handicap:** Performance in races at the same or higher handicap ratings, indicating how well the horse handles the weight assigned in handicaps.
6. **Pace Figure Patterns:** The typical pace the horse runs at (early speed, mid-race pace, late speed), which helps predict how the race might unfold based on the expected pace scenario.
7. **Dosage Ratings:** A numerical profile representing the horse's potential for speed and stamina. It combines several breeding factors to suggest the horse's aptitude for different race distances.
8. **Headgear:** Effectiveness of any headgear (e.g., blinkers) used in previous races, indicating how it might impact the horse's focus and performance.
9. **Jockey/Trainer Record:** Performance records of the jockey and trainer, showing their effectiveness and success rate.
10. **Layoff Period:** Time since the horse's last race, which can indicate if the horse might be fresh or needing a race to get back into form.

Analysis

Based on the Monte Carlo simulation results:

1. **Botas** has the highest win probability at 18.46%, making it a strong contender for the win.
2. **Skysail** and **Island Bandit** are also strong contenders with win probabilities of 17.00% and 17.99%, respectively.
3. For place probabilities, **Skysail** leads with 23.91%, followed by **Island Bandit** and **Botas** with 16.63% and 15.88% respectively.

Betting Suggestions

- **Win Bet:** Botas (18.46% win probability)
- **Each Way Bet:** Skysail (17.00% win probability, 23.91% place probability)
- **Trifecta:** Botas, Skysail, Island Bandit

These simulations provide a data-driven perspective, helping to identify which horses have the highest chances of winning or placing based on historical performance and probabilistic modelling.
