Things pawmi has done and done KNOWINGLY

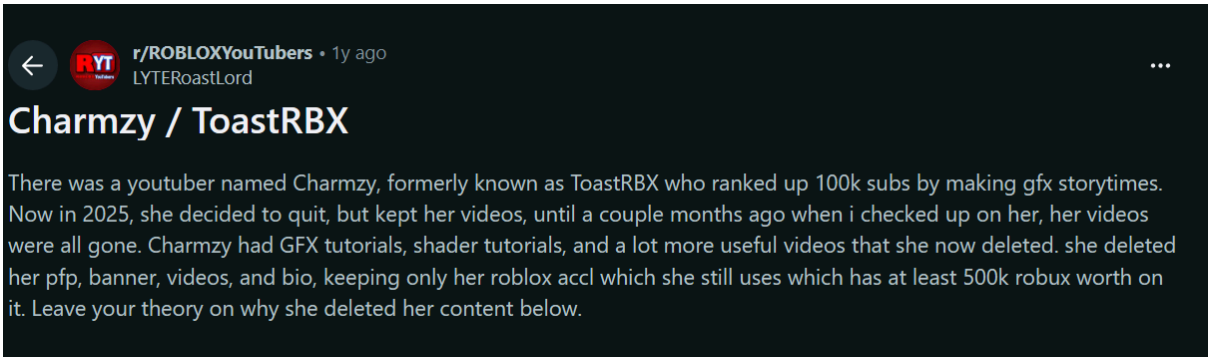

UPDATE please look at this tweet: https://x.com/DarkIsHuman/status/2076702831780717009?s=20
If you can't access it basically I will do one more update on this doc then I am done updating it. Comments will be turned on so people can add their own info then needing me to update it. I am honestly just so tired looking at this.

Hello! I wanna start this off by saying this IS the first time I am doing one of these. So there will be mistakes and it might not be perfect as others online. I wanted to make this because it has been very frustrating for me and others of pawmi acting victim and pretending "she doesn't understand". It has been affecting people who have been brought into the video as well as she purposely changing the narrative to her fans which is leading to people getting attacked.

I do wanna add: I do **NOT** wanna encourage people who dislike her to tell her to kill herself or anything like that. That is the WORST way to go around this and I do not wish death upon ANYONE. It is NOT okay and it does NOT help yours or other causes when you tell someone to jump off a bridge or something. I want to bring this up because on a pawmi video titled "Reacting To My HATE Comments (TW)" she was sent death threats on the server. Now I do want to say it is messed up. The SERVER MODS did NOT delete ANY of them messages telling her to die and I just wanted to make this clear. I do not support telling her this information. The whole point of this document is to show the frustration I and others have of pawmi acting like she did "nothing" wrong and to inform her fans + others who do not know the type of person SHE IS.

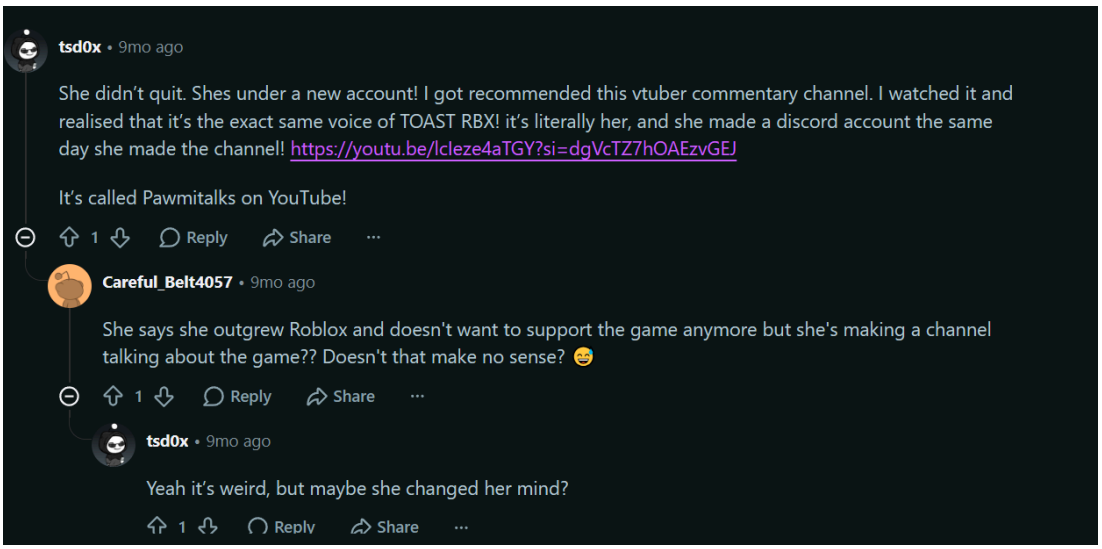

New information about pawmi that I thought should be put a lot higher than down in the document. **Apparently** pawmi used to be known as "Charmzy / ToastRBX" and youtuber used to make GFX storytimes. This reddit post about her asks what happened to that account as well as the comments linking straight TO the pawmi channel.

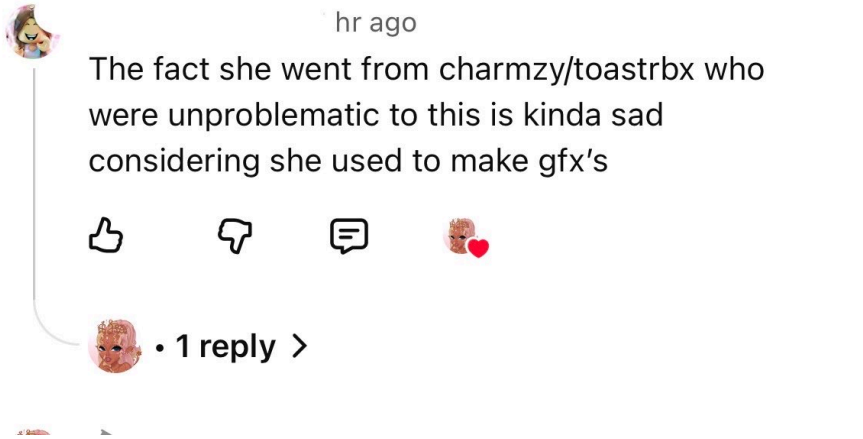

https://www.reddit.com/r/ROBLOXYouTubers/comments/1kkcxiv/charmzy_toastrbx/

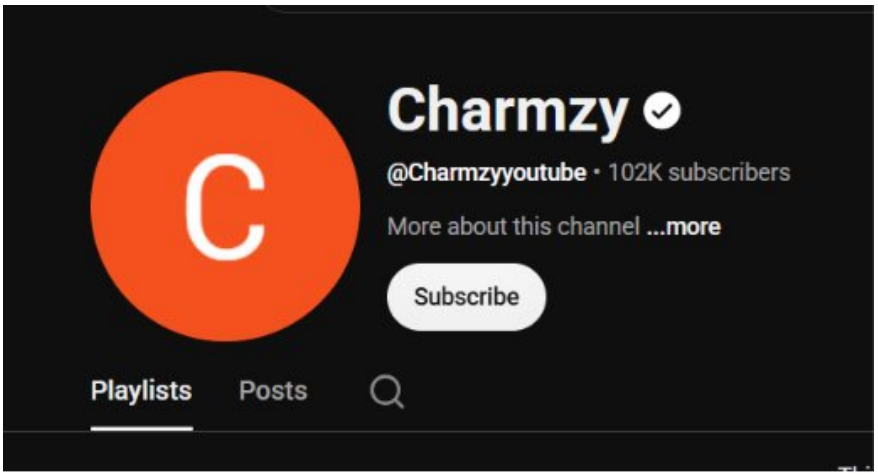

Reason for her departure: (this is copy and pasted from the top comment of that post)

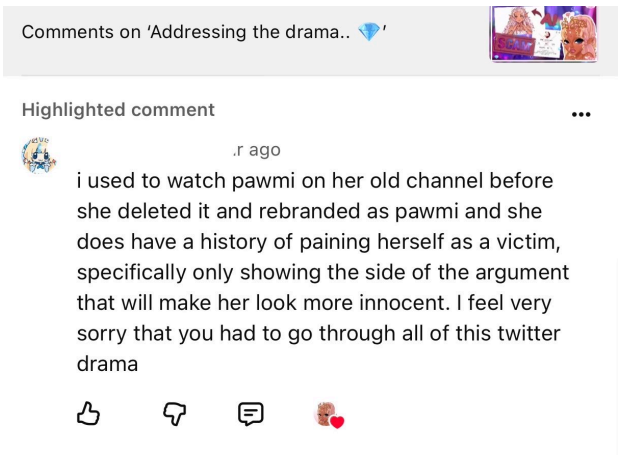

> Part of it is listed here directed to your question as I was not able to post the full version;
> A: Like many other creators, I've simply outgrown Roblox. I've enjoyed it thoroughly throughout the years, and I was even able to pay off my brand new car from my development work. That being said, I noticed a shift in the toxicity of the platform alongside updates that didn't align with my goals for internet safety etc. I didn't want to support or advertise a platform I felt often failed to protect the very users who used it, especially with recent updates and features. I've seen lots of people speculate that I left because of drama or something, no, this is not accurate. I didn't have any drama, and never have. There's always been people who had issues with me and my content (mainly those who wanted to take advantage of kids and promote scams and disliked accountability), but no, I did not leave because of any drama.
>
> Q: What am I doing now?
>
> A: As some of you may remember, I started a channel outside of Roblox, which has quickly grown to over 500K subscribers in the first couple months of running it. I remember getting lots of emails from you guys about what the channel was, but the nature of the content on that channel is not 100% suitable for younger audiences, which was my main audience on this channel. My new content focuses on pyramid schemes, scam discussions and instances of dishonorable conduct on the internet. I'm sure you guys would recognize my voice should you see my new channel :D
>
> Q: Will I ever come back?
>
> A: No, this phase of my life is 100% over.
>
> Anywayyyssss with all that being said, I want to formally say goodbye to everyone. Thank you immensely for all the support you showed my channel, and for making my childhood dream come true. The lessons I learned from running this channel have and will continue to help me as I work on my new full-time YouTube channel.
>
> If you take anything from this, I hope it's that you guys know you rock. You're all incredibly talented individuals, and your creativity inspired me to do my absolute best everyday. Remember to go outside, drink lots of water, and please, for the love of all things mighty, don't fall for any of the countless scams many influencers will promote to you. (From experience, there's a lot that goes on behind the scenes, and a lot of power hungry people eager to take advantage of their younger audiences).
>
> Be safe, stay smart and keep being amazing <3
>
> Thank you for everything,
>
> Bye Lucky Charms <333

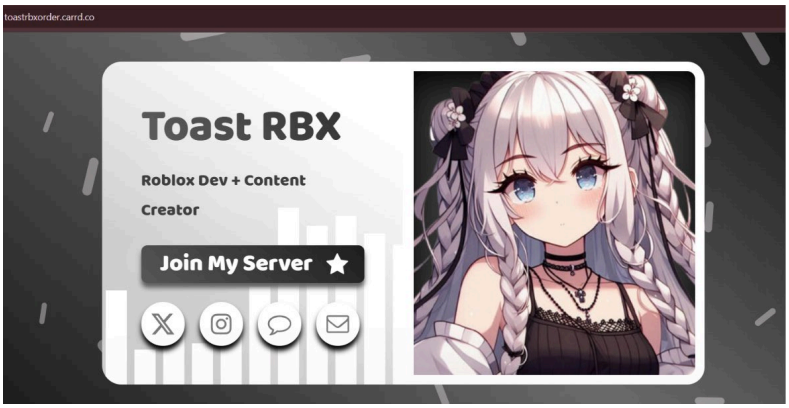

And **apparently** in the past she also pulled the victim card and purposely changed the story to fit her story line.

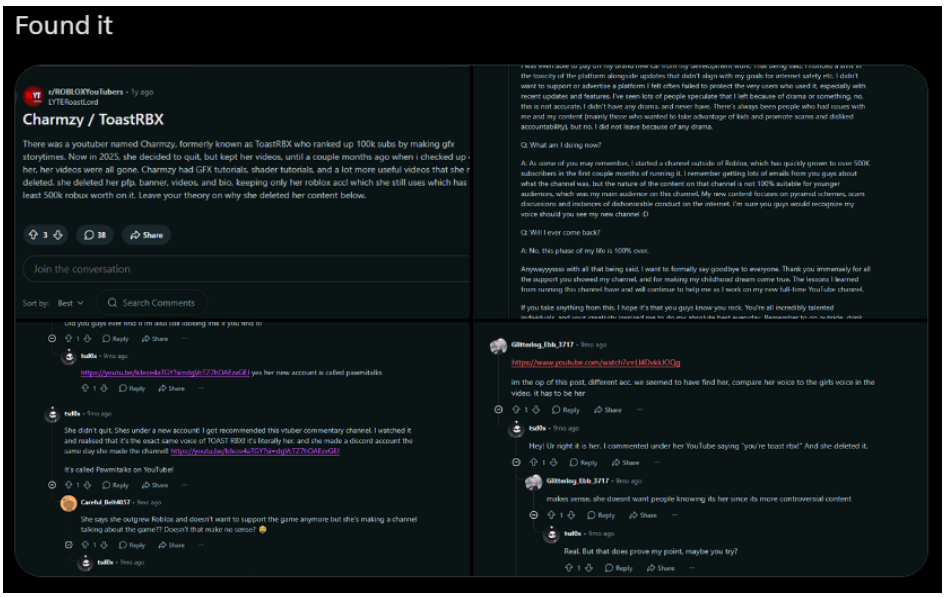

Also on her carrd page it had AI art on it. So pawmi HAS a track record of using AI before and she is still using it.

Found this info on THIS tweet:
https://x.com/_iidivina/status/2076311537350856761?s=46

And where most of the screenshots was provided and this tweet:
https://x.com/soozsrh/status/2076320089138237551?s=20
Showed the reddit post about this older account and in the comment of that tweet showed screenshots of the comments for people who couldn't access it

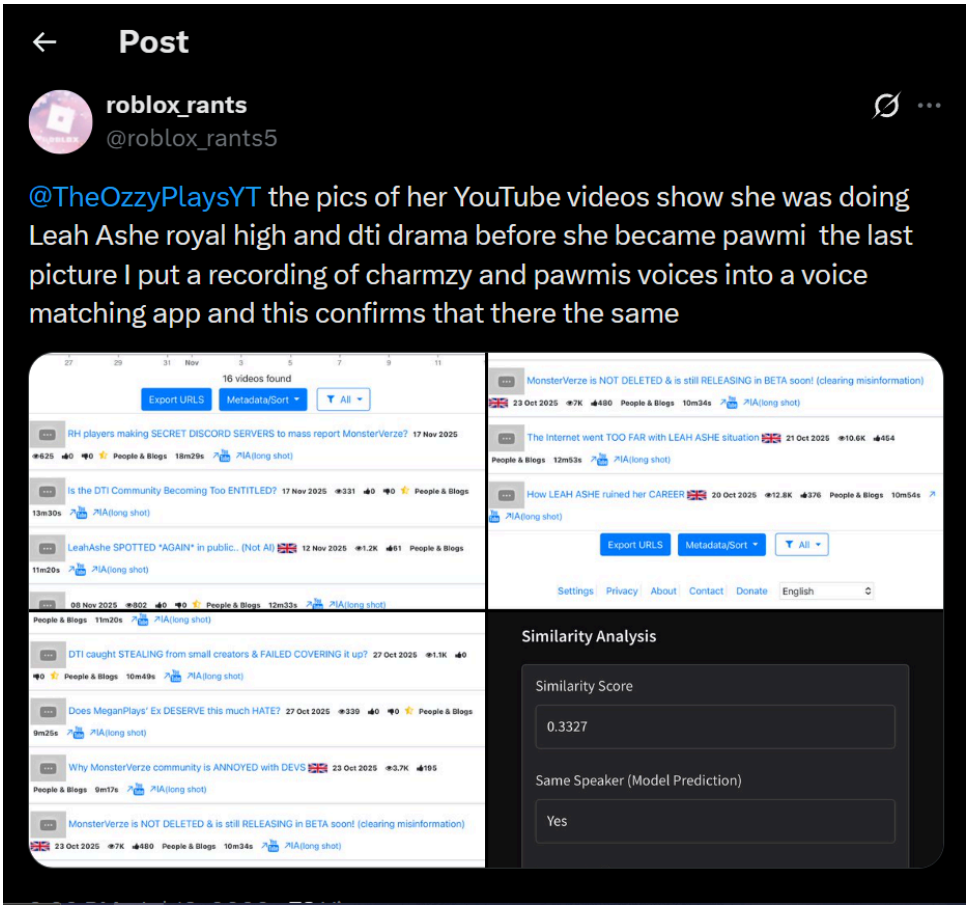

So pawmi used to be another person online then “left” because they outgrown roblox. Which is fair yet they have come back to making roblox drama videos? As well as, in the comment of the reddit post they pointed out how she deleted comments about her old account. Someone pointed out she probably didn’t want people calling her by her old user.

Here is also a short thread about this including the carrd link + others

Older videos someone found:

(supposed link to find them: https://filmot.com/channel/UC6efskkq1fY58RnBheKuYEQ/0/Charmzy)

~~(Please if you have more information about her older account and any "dramas" or situations she been in **WITH PROOF** please leave a comment on this post: https://x.com/DarkIsHuman/status/2075219117599027646?s=20)~~

Knew about AI backgrounds

side effects of her spreading misinformation / changing the narrative

First screenshot is from this video: https://youtu.be/anPyXFdueqM?si=5Z79A8P5TRfFzMB1
Other 2 is from this video: https://youtu.be/9-69-GJM7Gw?si=1P4i8qdDZDZZr9rF

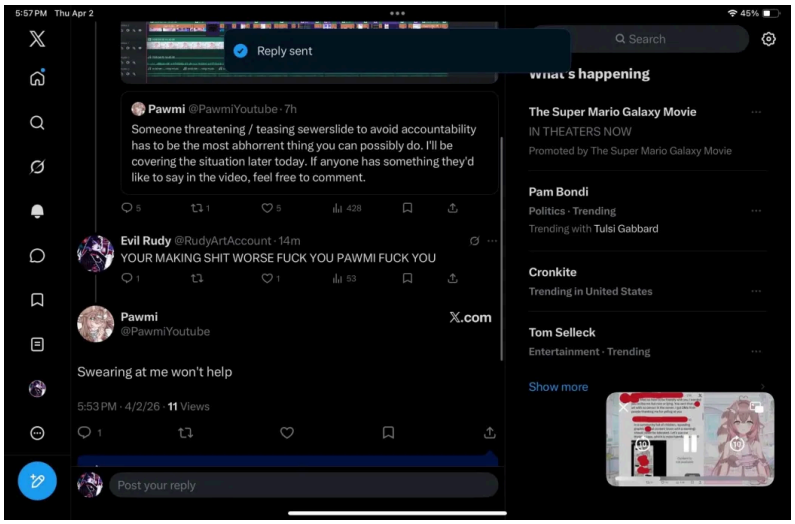

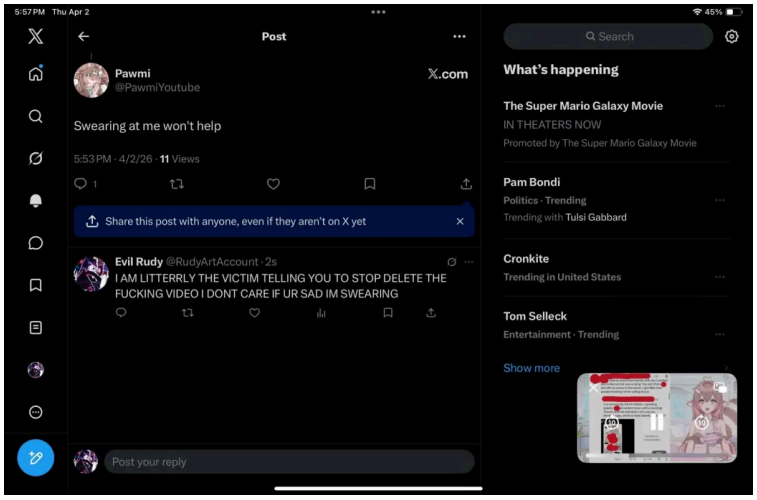

Another example of someone getting affected by pawmi: https://www.reddit.com/r/MonsterVerze/comments/1ov6rax/i_was_indirectly_threatened_for_criticizing_the/

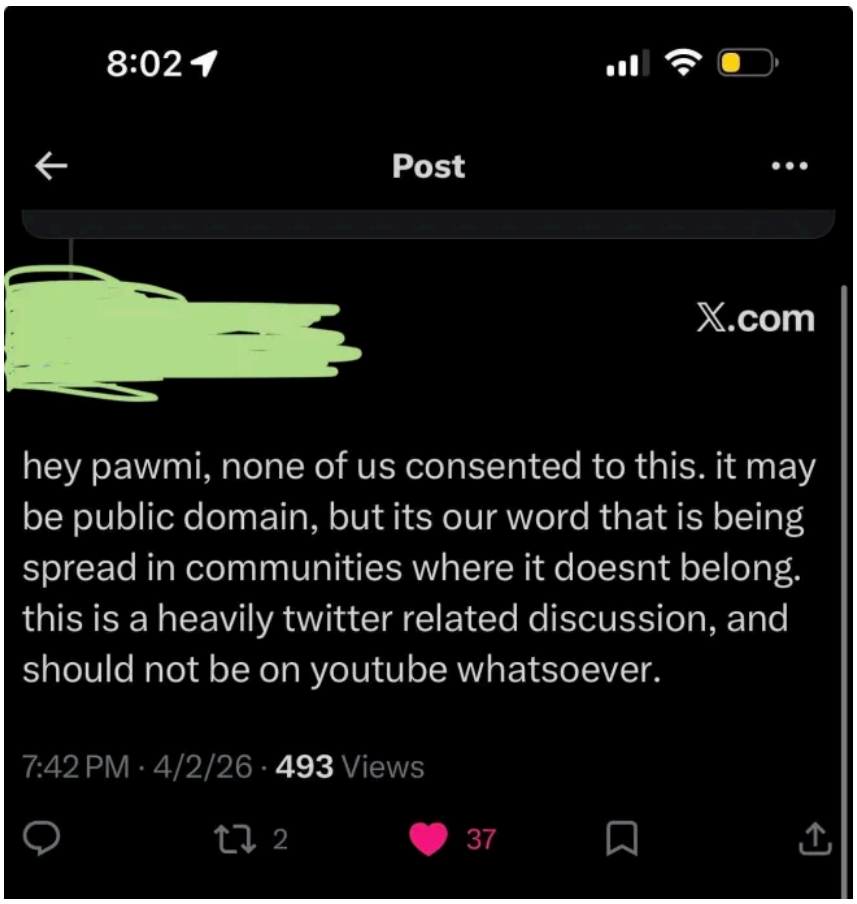

I have tried to find the OG video but I am not sure if she deleted that said video or I just cannot find it.

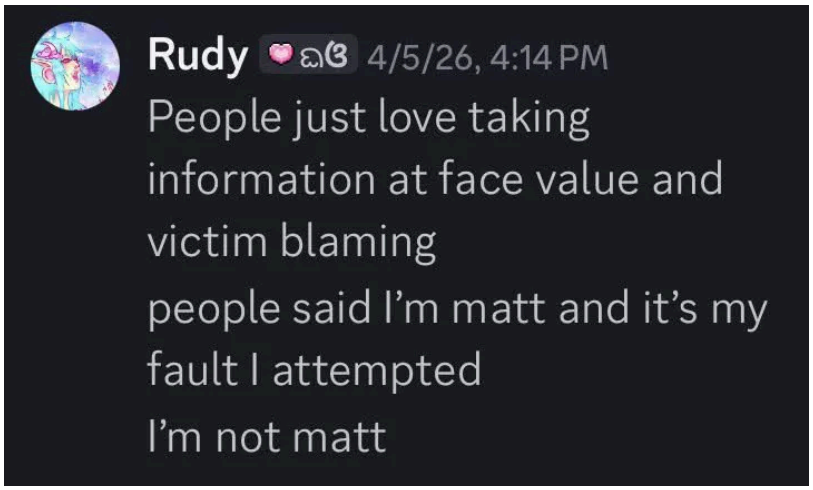

I want to add a little more to this part because one of the victims contacted me with more information that has happened to them. It is honestly disgusting what has happened to them and I wish them the best.

hey pawmi, none of us consented to this. it may be public domain, but its our word that is being spread in communities where it doesnt belong. this is a heavily twitter related discussion, and should not be on youtube whatsoever.

People just love taking information at face value and victim blaming
people said I'm matt and it's my fault I attempted
I'm not matt

And these were actual posts the victim made during this whole situation. It is INSANE to find these out and read through these and pawmi to straight up not care how this affected them. I am still in shock by this and I do hope they are a lot better nowadays.

Going against people wishes despite being told not to example:
Was told twice not to make this video

https://youtu.be/anPyXFdueqM?si=Ln6wn2TBNsW0u6nd

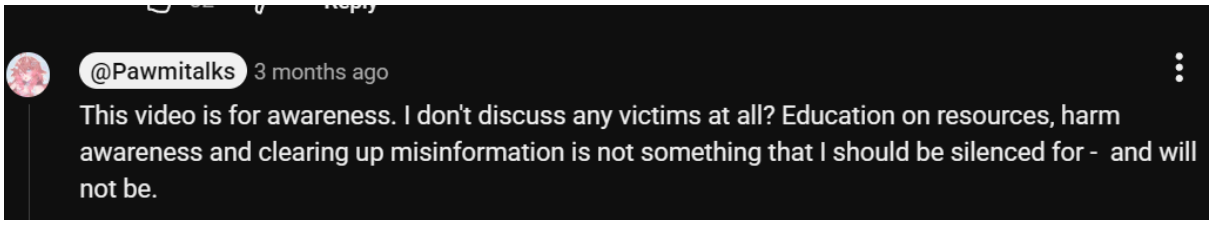

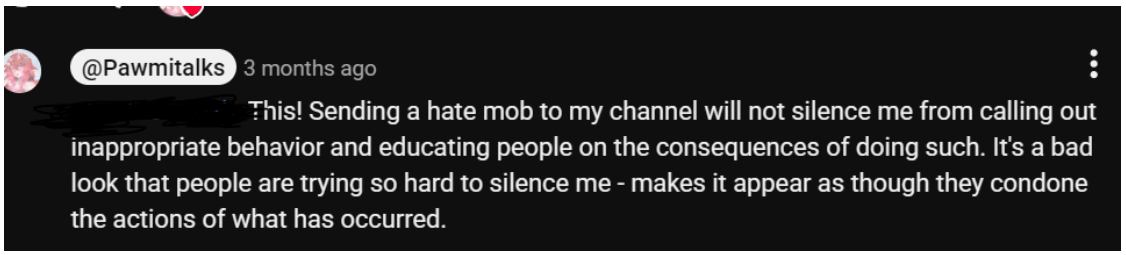

(both posts which are now deleted I was only able to get these when I first saw them)

On these 2 posts I want to add as you can see with the time stamps (aka the hours) Pawmi quote tweeted her own tweet that was made 10hrs ago during that situation which the video I link above is. ON that 10hr tween she got told THEN to please not make that video THEN on this post (one in the screenshot) it was 5 hours before the video was posted and (once again) she WAS told not to. These are 2 large time differences of being

told “hey! Please don’t make this” and she still posted it. Her “excuse” for this is that:

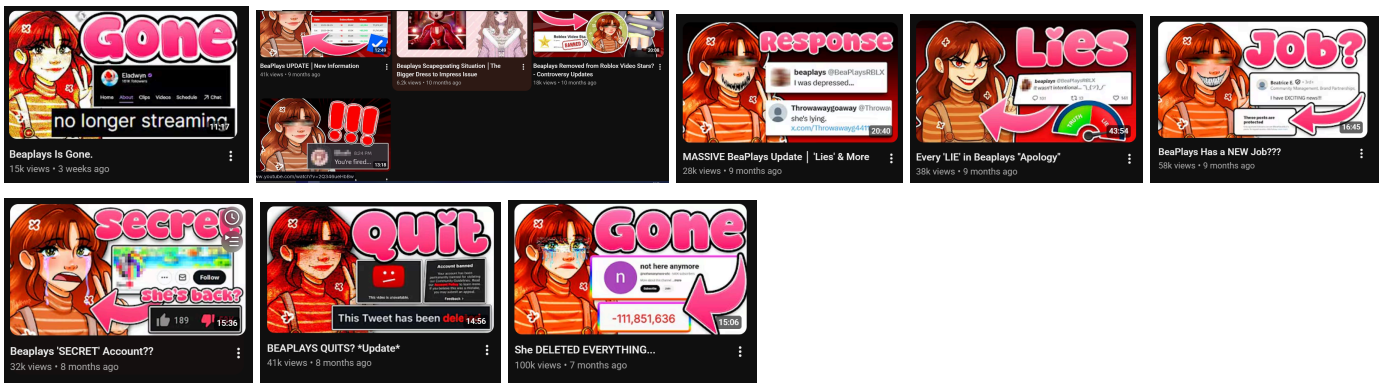

That is not a valid reason why? Just because the information is public does NOT mean the victims want videos about it. YOU were told this TWICE with a 5 hour difference so there was NO way you “missed it”. YOU also called the said victims a “mob” and also BLOCKED the victims calling you out.

And you also gave the “advice” to ring the police on someone who is suicidal to check their “not faking”
This thread by @/urfavvfantasy explains WHY this shouldn’t be said
https://x.com/urfavvfantasy/status/2039852576041029949?s=20

Content farming:

Made 11 VIDEOS on beaplays all 20mins or lower only ONE video was 40+ minutes

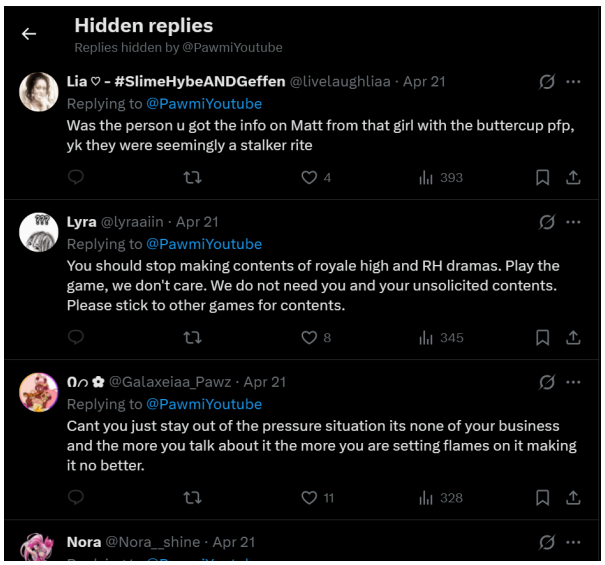

Made 26 VIDEOS on either: megan and lashe situation and lashe herself which again almost all are under 25mins only a small few IS over 25mins and the shortest being 8 minutes

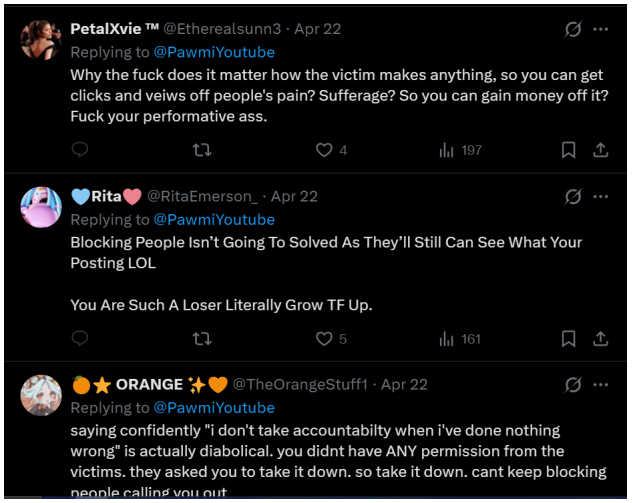

Why is it important to point out the 8 minutes? On youtube there is a thing called the “8 minute rule” the “8 minute rule” is when you make a video a minimum of 8 minutes to get “mid-roll ads” or the youtuber manually adds the ads in their video. It is recommended to do this to get well ads basically and it is the recommended minimum for youtube videos. Hence it is important to point this out when she made 26 videos of two people which many could’ve been 40mins to an hour long form videos.

Another thing is you delete/hide comments on people calling you out on your posts. Many people who called you out on your youtube videos get their comments removed. On twitter you hide a lot of the comments also calling you out so you KNOW what you are doing.

https://x.com/PawmiYoutube/status/2046243817364570445

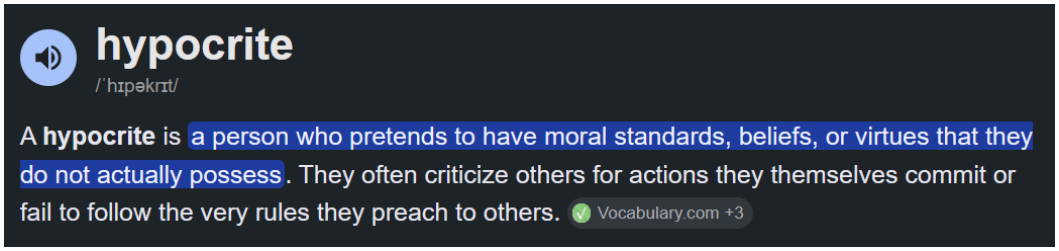

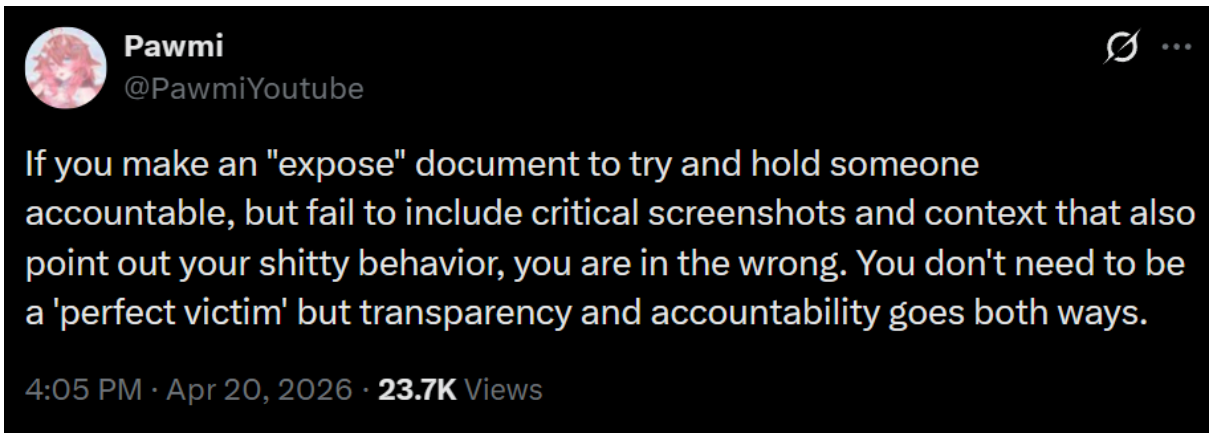

These are legit the FEW examples on this ONE post of the hidden replies that she hid. There are a total of 20 hidden comments on this post alone when this post has 210 comments. This is a VERY common thing that she does to try and drive the narrative of “I did nothing wrong!” “These people are attacking me for no reason!” “I would never do this!”

Which brings me to my next point and pawmi? You are a hypocrite.
What is a hypocrite? Off google:

Examples being: pawmi repost posts talking about “respecting others” and “listening to people!” while her herself does not (this entire document legit drives this point down even more) here's some example of posts she made and reposted:

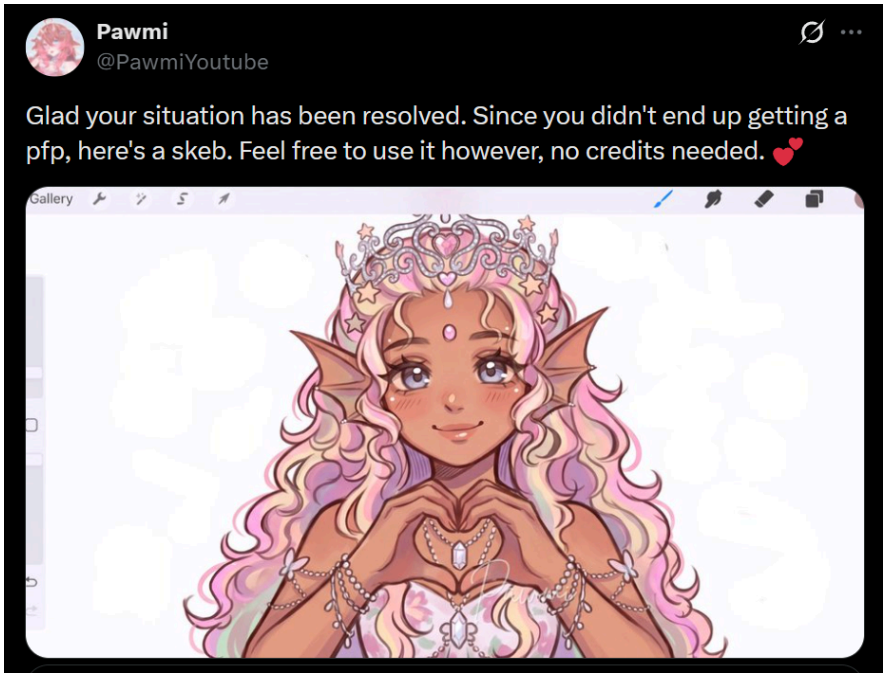

https://x.com/PawmiYoutube/status/2046243817364570445
(she does not hold accountability and hides and dodges it)

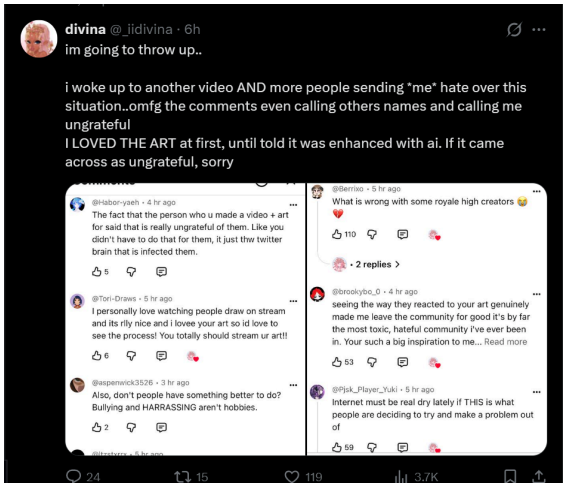

https://x.com/PawmiYoutube/status/2042695327741022430
(90% of pawmi videos is her using the excuse to spread information legit top of the document proves she does it for views lmfao)

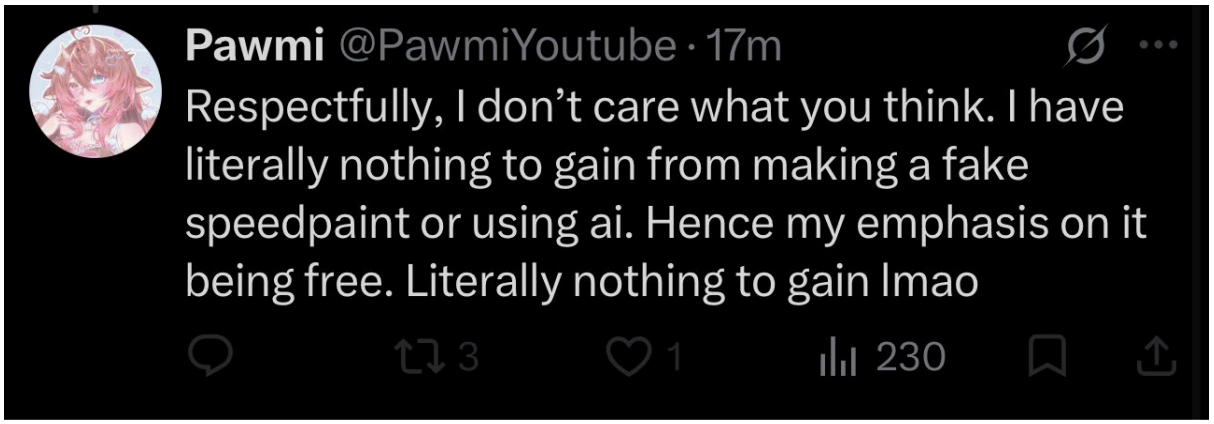

And another example of her legit just doing this for views and to get “omg your so nice!” comments to like she said herself “signal their white knight saviour complex”

Anddddd speaking of this screenshot: possible AI usage on this! Here's a few threads explaining WHY this is possible AI and how it has been proven she traced over an old artwork of **hers.** (I wanna be clear it HER art work she is tracing because I have seen comments of some people thinking she traced a different person no it was an artwork she did for one of her subscribers) and it also the context of this screenshot that is at the top of the document in the "**side effects of her spreading misinformation / changing the narrative**"

Wanna bring this comment she made. Yes, yes you do gain something from making this you made an "art work" for someone who got scammed from 500k and said "here ya go! For free!" and you gained comments, likes and views from posting this and you have a tract record of doing this sorta thing to seem like "the good guy".

UPDATE ON THE AI ART: it HAS been confirmed to be AI from community notes

She also reposts this sorta stuff acting like everyone is just randomly disliking her.

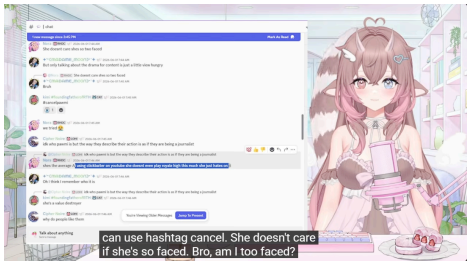

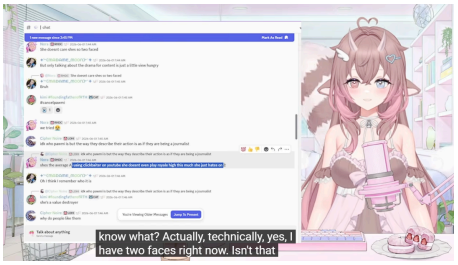

She also reposted this about “how to enjoy a fandom” because she is “in” the royale high fandom and many people call her out and do not like her due to her misinformation and more.

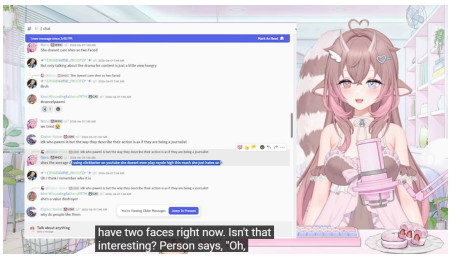

Pawmi also does this thing where when someone points out something that she IS or DOES, pawmi will go “I’m i?” then ramble off something. An example is this video.

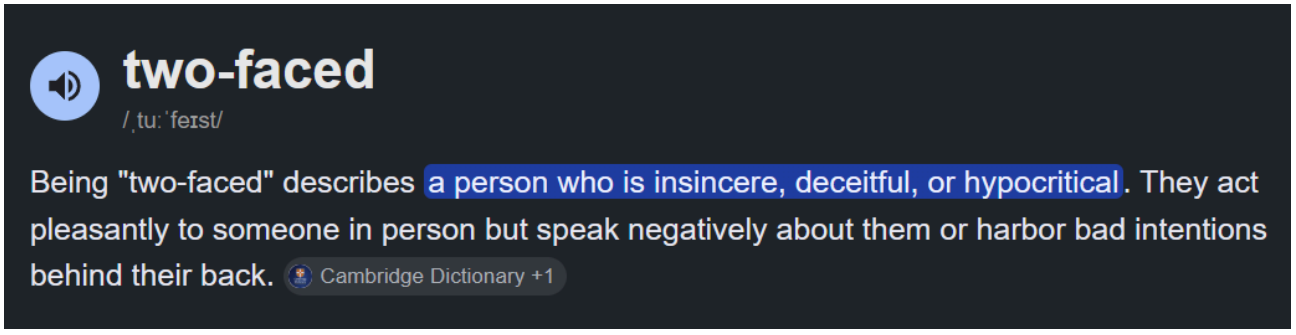

https://youtu.be/kRMQobk3yM4?si=kb6y0zPH0tDVuyk7&t=473 this starts at 7:54 and it ends at 8:08

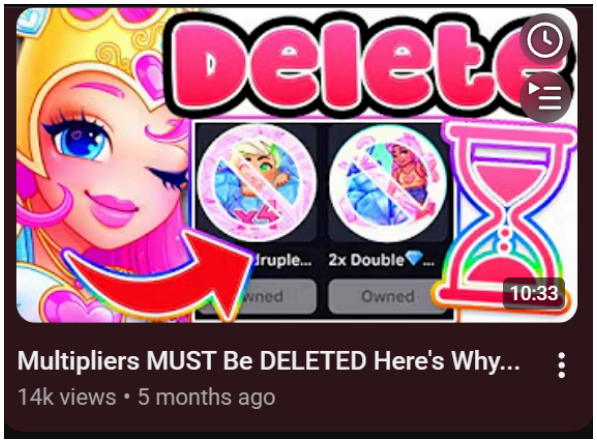

“Bro, am I too faced?”

Leads BACK to the “pawmi is a hypocrite” section.

Pawmi as also stolen content from another creator called “TheCxsmos“ and used it in this video of hers:

https://youtu.be/PgZk78hjuGk?si=TKRMkfUea2WcM1hl

Wanna be clear JUST because you credit it, does NOT mean you have permission to use someone video + word for word and also get it wrong.

Here's Cxsmos video + response on it

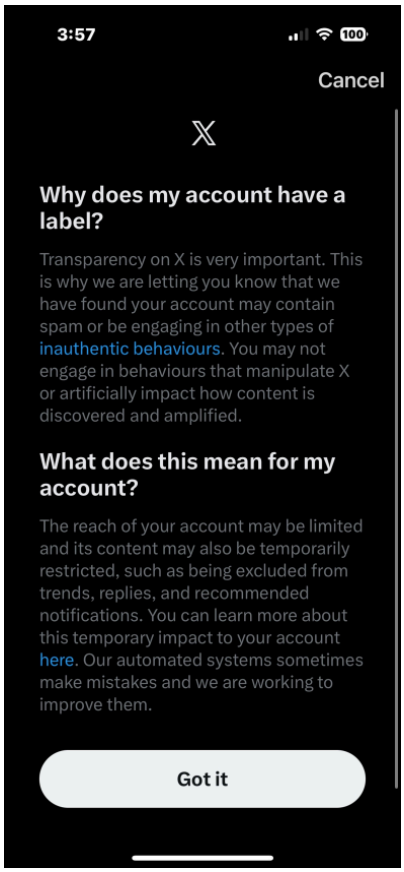

Response: https://youtube.com/shorts/xnkpYe6wqFQ?si=NDu552tkwGu10R2x

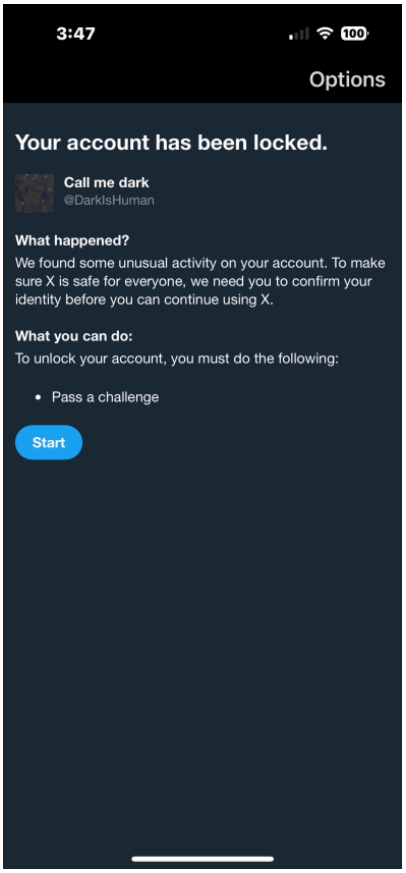

Actual video: https://www.youtube.com/shorts/7gMqPVQIV0A

Please watch the response video for more info but the summary is: pawmi did not ask and used their graph and used it wrong as well

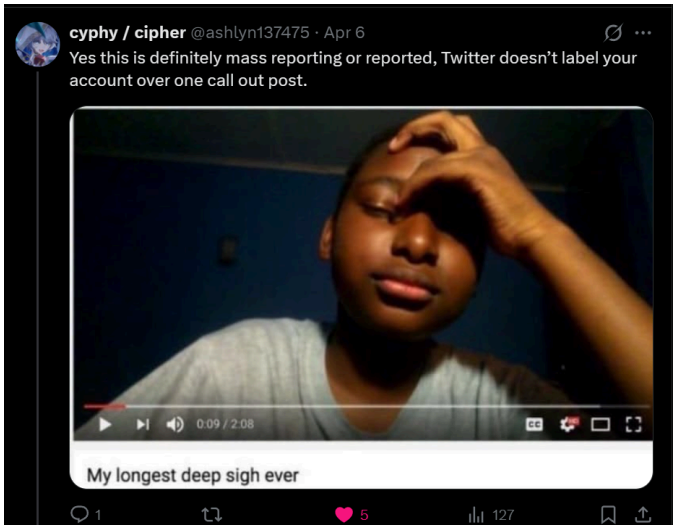

This section is more of personal issues I have with her. I do wanna make it clear I do NOT like pawmi since the beginning and I wanted to put these issues first before I put my personal issues.

I wanted to start this section off with these screenshots:

Why these 2 screenshots? Well on 06/04/2026 I made a twitter post reminding the community of pawmi and after I made the post and checked on it I got meeted with this lovely message. Now what does this mean? The post I made (this one: https://x.com/darkishuman/status/2040958877827572079?s=46) was reported either by her **OR** her fans and the reason I am saying this is because this is my first time making that type of post. When I showed my friend they said “probably reported for hatespeech” now I am not saying this is the cause but another person and I found it a little weird that I got this after making THAT post. (my reaction to getting this: https://x.com/DarkIsHuman/status/2041171029779779747)

So either her FANS or herself mass reported my post for calling her out. Which means if her fans have done it well crazy fans but if SHE has done it then she is WELL aware of what she has done and has tried to remove my post. I do wanna make it clear I do NOT KNOW who reported the post. The reason I think it is pawmi OR her

fans is because the post was ONLY talking about pawmi and pointing out the things SHE did. So I wanted people to be aware of this.

And this leads to the end of the document. Thank you all for looking through this. This is my first time doing this sorta thing so please be aware it is not gonna be perfect. The main goal of this document is to place all the things pawmi has done into one space for easy access to everyone. MANY of her fans have no idea the type of person she really is. Please make sure to share this with people and be aware of the person she is.

I do wanna resay the stuff I said on my other post here:

1. Don't interact with her YouTube don't let her get views and get paid
2. Only interact with her on Twitter
3. Keep requoting new tweets
4. Please keep people informed what she done
5. Report her video without going on it
6. Avoid commenting it will just boost her video even if she hides comments
7. Every time she posts please @ her on Twitter

This NEEDS to be addressed! she shouldn't be allowed to run away

ALSO TO ADD! Don't interact with her website as well! Do not use or support anything made by her this really needs to be drilled into her what she done is NOT okay

And also please show some love to the people who have been affected by her. To the people who have been affected by her I legit hope you are well and okay, this happening to you is NOT okay and I am so sorry this is happening to you honestly. I wish you the best and I hope this ends quickly and I hope you lot NEVER deal with this again.
