ORCIDs

First Author <https://orcid.org/xxxx-xxxx-xxxx-xxxx>

Second Author <https://orcid.org/xxxx-xxxx-xxxx-xxxx>

Third Author <https://orcid.org/xxxx-xxxx-xxxx-xxxx>

Author Contributions: Authors are encouraged to use the Contributor Roles Taxonomy (CRediT) to specify individual contributions.

Example: Conceptualization, A.A.; methodology, A.A. and B.B.; formal analysis, A.A.; investigation, A.A. and B.B.; writing—original draft, A.A.; writing—review and editing, A.A. and B.B. All authors have read and approved the final version of the manuscript.

Ethics Approval: State whether ethics committee approval was required. If required, provide the name of the ethics committee/institution, approval number, and date. If not required, clearly state this.

Example 1: “Ethical approval for this study was obtained from the [Full Name of Ethics Committee], approval no. [XXX], dated [DD Month YYYY].”

Example 2: “Ethics committee approval was not required for this study because it did not involve human participants, animal experiments, or identifiable personal data.”

Funding: State the funding source(s) and grant number(s), if any. If the study received no external funding, state this clearly.

Title Page

Example 1: This research was supported by [Funding Agency], grant number [XXX].

Example 2: This research received no external funding.

Conflict of Interest: Authors should disclose any financial, institutional, or personal relationships that may have influenced the work. If none, state this clearly.

Example 1: The authors declare no conflict of interest.

Example 2: Author X has received research support from [institution/company]. The remaining authors declare no conflict of interest.

AI Use Statement: State whether generative AI tools were used in the preparation of the manuscript. If used, specify the tool and explain how it was used. Authors remain fully responsible for the content.

Example 1: No generative AI or AI-assisted technologies were used in the preparation of this manuscript.

Example 2: The authors used [Tool Name] only for language editing and formatting support. All scientific content and interpretations remain the responsibility of the authors.

Previous Dissemination: State whether the manuscript was derived from a thesis/dissertation, presented at a conference, or published in abstract form.

Example 1: This manuscript was derived from the doctoral/master's thesis of [Author Name], completed at [University Name] in [Year].

Example 2: An earlier version of this study was presented at the [Full Name of Congress], held in [City, Country], on [Date].

Example 3: This manuscript has not been previously published, presented, or derived from a thesis.

Acknowledgements: Acknowledge individuals, institutions, or services that contributed to the study but do not meet authorship criteria.

Example: The authors would like to thank [Name/Institution] for technical support and valuable assistance.
