

OLC - Outdoor learning centre behind the EY3/4 classes

Structure 1 - Front of the main playground; the lower plastic structures before the green signs. These areas are for our EY - Grade 1 students only.

Playground and Basketball - This is the back half of our main playground. Behind the green signs marked '6 years and up'. This is for Grade 1-5 students only. Also rove occasionally towards the basketball hoops - sometimes there are two supervisors sharing this duty space; other times (when fewer students are out) there is only one person, who should wander between the spaces.

Plaza and Covered Area - From ES reception to covered area. This person also needs to wander between the plaza and covered area. People assigned to this location are responsible for ringing the bell in the covered area at the assigned times. **No (kicking) ball games to be played here - even NO BALLS FOR now until we get the 4-square re-painted on the new floor.**

Soccer Field - Walking among the games, interacting with any exclusion or inappropriate play; children playing soccer MUST have appropriate footwear, no flip flops! If a child has flip flops, send them to play in another area.

Cafeteria duty during recess - EWC - is sitting and eating with your class, modelling cafeteria expectations and helping regulate the noise.

Once the majority of students have finished eating, at dismissal times, you may dismiss to recess/back to class.

EY5 - Grade 2 lunch duty; then decide between your team who will remain with the last few children, and who will join recess duty outside.

In the ES cafeteria, students are allowed to come in for water and cool off in the a/c; they should not be playing tag by running through the cafeteria.

Please also note the exit only door (to covered area), the in only door (into plaza, back end of cafeteria)

FAC cafeteria - please be active to regulate noise and to ensure children sitting/no noise

Sweep - end of day, join unsupervised children back to their parents. Any child whose parent is not yet on campus should be taken to the ES Reception to wait.

### **Recess Locations**

- EY3 and 4 students will play on the new EY playground once it is opened.
- EY5 students will play in Structure 1 (plastic structures at entrance to playground) the plaza/covered area or the soccer field first thing in the morning. The rest of the day, they can access the EY Playground, the plaza/covered area and the field
- Grade 1 can access all areas including the OLC (except before school)
- Grade 2-5 can access all areas except the OLC
