Broadcast-ready media resources (two videos):

1. Lead researcher discusses psilocybin therapy trial
2. Psilocybin therapy trial participants share experiences

Soundbites with:

1. Dr. Anthony Back
   Medicine and Palliative Care
   UW Medicine

2. Dr. Tim Lee, Dr. Sarah Kirsch, Dr. Juan Iregui, physician assistant Rachel Drayer and flight nurse Will Koenig discuss how providing care to COVID-19 patients left them feeling depressed and burned out, and how a psychedelic drug helped them manage those feelings.

PLEASE READ: Terms of appropriate use of file downloads

- News reporters and news organizations may freely republish and distribute videos, still images and audio files produced by UW Medicine and the University of Washington School of Medicine. If you are not a reporter working for a bona fide media organization, please email us with your request.
- All republished works must be attributed and credited appropriately (for example, “UW Medicine” – as denoted in the file). See our style guide for media.
- These visual and audio files may not be used to exploit or misrepresent UW Medicine or the University of Washington, nor used for commercial purposes.
- UW Medicine often licenses still images and video clips from Getty Images for which we cannot grant republishing rights. You may not republish single image files or video clips credited to Getty Images.
- Logos of UW Medicine and the departments, institutes and centers of the University of Washington School of Medicine may not be republished without explicit permission. Contact us by phone or email: 206.543.3620 or mediarelations@uw.edu.
