

Intro Letter

Assignment Details:

Your assignment is to write me a one page letter (approx. 250 words) in Cambria font size 12. You may write about your favourite sport, favorite band, or what you like to do in your spare time. Tell me what you care about. You can tell me about something you are talented at or something you are crummy at. You can describe your friends, family, and/or pets. You can tell me anything you'd like. However, you must include some thoughts on writing, which might include the following: what you like or don't like to write, what you're good or bad at, or perhaps things you've written in the past that you're proud of.

Things to consider:

- Organize your thoughts into paragraphs. Remember, a paragraph has one main idea. For example, one paragraph could be about your favourite hobbies. Another paragraph can be about your family and what you think to do with them. Another paragraph could be about your feelings towards writing.
- Make it interesting and engaging, don't just throw a bunch of information at me.
