while talking to him

(Nocte lip sync “We must remind them what’s in store” **Slight movement**
of Noctes mouth is enough here)

Part 4

(Dark Forest)

Nocte holds out his paw, a star appearing in it which he then squashes while
talking

(Lipsync: “Just break ‘em down a little bit more”)

Ares looks down at Noctes paw in determination

Owl’Gaze gets out of his nest and leaves the warriors den, waking Ares up
who then opens his eyes

Part 6

Ares watches as Owl’Gaze leaves and then gets up as well, while Beetle’Nose
is still sleeping next to him. Beetle wakes up and watches Ares leave the den

Part 7

(Twilight forest **night**)

Owl'Gaze sits in the forest, Ares slowly approaches him from behind and sneaks closer to him, unsheathing his claws

Owl'gaze's eyes widen as he turns around, Ares presses him against a tree, pinning him there and then lifts one paw and attacks

Part 9

Icarus'Flight leads a patrol through the forest, he notices blood on a blade of grass, he gets closer to investigate. He looks down in shock as he finds the dead body of Owl'Gaze

(background character design for the rest of the patrol)

Icarus leans down, grabbing Owls body by the scruff and carrying him back to the camp

(background character design for the rest of the patrol)

Part 11

View of Ares sitting (Twilight camp), he turns and now faces Droplet'Star
(Dawn territory)

Part 13

(Dawn territory **day**)

Ares talks to Droplet'Star, an evil/ convincing smirk on his face

Droplet'Star looks at him, considering what Ares offers

Part 14

(Dawn territory **day**)

(Ares lip sync: "Now here's a little pill")

Ares extends his paw to Droplet'Star, looking at him intently Droplet'Star finally extends his own paw and they "Shake paws", showing the alliance between their clans (Their clans logos briefly appear above their paws)

Part 15

(Dawn Territory [night](#), Twilight camp [night](#))

Dawn Clan is attacked by another Clan. Droplet'Star yells for Caterpillar'Paw, the medicine apprentice, to get help from Twilight Clan (Caterpillar is carrying herbs and nervous the whole time).

Caterpillar rushes to the Twilight camp and anxiously tells Ares about the attack

(You can use your OCs for the Dawn cats in the first shot, the attackers (red outlines) get the background character design)

Part 16

(Twilight camp [night](#), Leader den [night](#))

Ares gestures for Caterpillar Paw to follow him as he nods his head towards the leader's den behind him. Caterpillar follows Ares into the den
(the greenscreen used in the storyboard is not mandatory, feel free to change it up in this part!)

Part 17

Caterpillar even closer to the wall behind him

and then digs her claws into the ground

Part 21 (creative part)

(Battlefield **night**)

Dramatic shots of fighting cats on the battlefield, be creative with the fighting scenes! You can also use **your own OCs** for the fighting cats here!

(I can make a storyboard for this part if needed/ preferred!)

Part 22

(Battlefield **night**)

Icarus'Flight watches the fighting cats in horror and turns his head, there are cats fighting in the background.

Ares is then seen standing above the body of a cat. Icarus' paw steps forwards and Ares turns his head in confusion

(Ares Lip Sync: "It was nice to know ya")

Icarus' eyes widen, blood flying across the screen (dramatic slow mo)

Part 25

(Battlefield night)

Instead of Icarus'Flight, Beetle'noses paw lies motionless on the floor, Ares eyes widen in shock as he realizes what happened

Part 26

(Battlefield night)

Ares steps back in horror, tears stream down his face when suddenly Icarus'Flight pounces on him, sinking his teeth into Ares neck
The screen turns black abruptly.
