Promotion Rules

- Kash Drops prize values are displayed in-game, via the promotion panel.
- To be eligible for a prize, the minimum bet should be 0.50 EUR (or higher) or its equivalent in other currencies.
- Kash Drop prizes are completely random. Any 'winning spin' can trigger a Kash Drop prize.
- Prizes won will be credited to the winning players' accounts automatically.
- A Kash Drops prize cannot be tied to more than one triggering wager.
- It is not possible that more than one game round can claim the same Kash Drops prize.
- For each spin, a proportion of the player's total bet is contributed towards the overall prize pool. In other words, 1-3% of the game RTP is used to fund the Kash Drop prizes.
- The Operator reserves the right to not pay out a Kash Drops prize where the win results from any error, mistake or technical fault whether caused by a machine or human error in respect of any of the eligible promotion games. The Operator further reserves the right to not pay out a prize where, in our opinion, the win results from fraudulent play, promotion abuse or collusion with other players. Wins will be verified by Kalamba and The Operator whose decision is final.
- **Note:** Weekly prize amounts will/may change at the discretion of Kalamba Games.
- **Note:** New games can/will be added by Kalamba Games to the campaign at their discretion throughout the duration of the campaign.
