Medical Services provided at tournament

An athletic trainer will be at the tournament providing care for any incidents occurring with participants of the tournament. This may include primary care, illness care, and injury care and prevention.

Where will the medical staff be at the event

There will be an athletic trainer on-site.

How can teams contact the medical staff (phone, radio)

Teams can contact the trainer by calling (336) 906-8471 or going over to tournament central where the trainer will be located (this location is shown on the field map in the tournament packet). In the event of an emergency, teams should call 911.

How will event staff communicate weather, emergency & schedule changes to teams

Teams will be communicated of any changes via email.

Any other relevant information specific to your tournament, if applicable (Facility specific weather policies)

None

USA Ultimate Weather Policy (Facility may have their own policy)

You can find more details and information here: [Health, safety, and liability Requirements](#)

For Lightning:

If you hear thunder OR your computer or app shows that lightning has struck within ten miles, suspend activity. If you do not have access to a computer or app that shows the proximity of lightning strikes, suspend play if lightning is seen even if you cannot hear thunder.

For Extreme Heat and Cold:

Refer to [Medical Staff Requirements](#). When the Heat Index reaches 100 F (see [NOAA/National Weather Service Heat Index Chart](#)), play must be suspended. In colder temperatures and/or wetter conditions, it is important to be cognizant of conditions conducive to hypothermia.
