

Peace & Palestine Solidarity Committee Report

The Palestine Solidarity Working Group continued efforts to charter at two meetings in July and August and heard from a representative of the CalSTRS divestment for Palestine statewide campaign at our August regular meeting, choosing to pursue the pressure campaign alongside the existing Boycott Chevron one. The body's charter work then honed in on the group including an anti-war action capability to serve the wider charter, alongside the pressure campaigns of Boycott Chevron, CalPERS divestment, & CalSTRS divestment, & allowing for more in the future (while keeping in mind member capacity), with the effort moving forward as the Peace and Palestine Solidarity Committee.

Our next meeting will be Tuesday August 25, 7:30pm-8:30pm to discuss and plan pressure campaign actions - all are invited! Come on by comrades!
