Among the easiest ways (and most affordable if not complimentary) to earn money online is to do it with Youtube videos. With such a massive platform like Youtube, the reach is unbelievable with countless people watching videos at any given time.

Does Affiliate Tube Success Work?

Check out the rankings I personally got with [Affiliate Tube Success](#) and Paul Murphy.

Savvy marketers will understand the power of this and produce a channel evaluating a product or service, make a suggestion and after that offer an affiliate link so they get a commission.

Get In Affiliate Tube Success, a course by Paul Murphy. Let's have a look into his course to see if this is something you need to purchase.

The Affiliate Tube Success is a cutting-edge web marketing course that will teach you how to start an affiliate marketing company by ranking your YouTube videos high up on YouTube and Google.

One of the functions in this course is the 24 hr Google ranking system that will teach you how to get your YouTube videos ranked on YouTube within 24 hours. I utilized the system and it works!

The Affiliate Tube Success Academy course has more than 40 hours of step by action training videos on web marketing and affiliate marketing, and this course will show you how to create great deals of complimentary targeted traffic from Google and Youtube which is essential to be effective online.

One negative thing I do need to explain about this course that it is so extensive that it can be a bit overwhelming in the start, so make sure that you go through the course step by action so that you will not be overwhelmed and can keep up with lots of info and training!

The 24 hr Ranking System is a proven step by step copy and paste system that truly works in any specific niche to rank high up on top of Google and YouTube.

There are many other things he will teach you about internet marketing with over 10 modules included in the course.

Paul covers every step of the process that you need to follow in order to be successful online with an online service in affiliate marketing.

I have purchased numerous courses in online marketing previously, and some were excellent and some were really bad, but really few internet marketing courses are as practical and detailed as Paul Murphy's Affiliate Tube Success course.

Who Is Paul Murphy?

Paul Murphy is a very skilled web online marketer and entrepreneur and his mentor style is extremely useful, he discusses whatever in detail in an action by action way.

And I suggest in information, so be gotten ready for lots of hours of extensive training!

He reveals proof that his system actually works and you can quickly verify this, which was essential to me, as some people claim things that can not be confirmed, so I constantly wish to ensure that the results of a course are genuine and true.

What I experienced from the course too is that Paul actually appreciates his students, he will head out of his method to explain everything in detail so you will comprehend everything.

As I pointed out previously, make sure to do the course action by step and enjoy the videos numerous times due to the fact that he covers a lot details that you require to enjoy the videos a number of times to soak up all the information appropriately and use it to your own online organisation.

I started a BRAND NEW YouTube channel on 9/3/18 and in less than 3 weeks, I had gotten 17 number one rankings on YouTube, Google and Google Videos and 72 first page rankings! IN JUST 3 WEEKS! I was personally coached/mentored by him and part of the beta screening for the Affiliate Tube Success course.
