

Name: Soleis Abaoth

Birthplace: Shaaloani

Race: Hhetsarro

Pronouns: He/Him

An adventurer hoping to find fame and fortune across the salt, Soleis instead finds himself fatally wounded by a voidsent. Revived by Hydaelyn, he's happy to play the role of "Warrior of Light". Perhaps, more than he should be.

- Right eye is brown and scarred, slight facial paralysis
- Left eye is bright blue due to Hydaelyn's influence
- Former gladiator, maintains bodybuilding habits
- Solar motif and hydaelyn crystal motif
- Current tattoos semi-canon, probably more like nazca lines

Personality Notes:

- He's a gladiator but also a templar but also a cowboy (he felt like it)
- Brain made of crystal, if you bonk his head he'll play a perfect C like a tuning fork
- Hydaelyn made him a hero through pavlovian conditioning and now it's everyone's problem beca- DON'T WORRY I'LL SAVE YOU
- Big heroic smile while covered in monster guts (disassociating)
- Pansexual for adventure. Whore for looting cool swords
- Doesn't know the Eorzean words for things, all monsters are "ghouls" or "goblins"
- Gives most inspirational speech the Scions ever heard then stares at the wall 2 hours (he forgot immediately)

-  I got some jelly beans
