

Roseville Community Scholarship 2025

[Create a google folder](#) (with your personal email; **NOT** school email) for documents you may want after high school - examples of documents you may want are your:

- Letter(s) of recommendation
- Resume
- Personal Essays (narrative essays from 11th grade, reflective writing you have done about yourself in other courses)
- Current transcript

Why should you do this? - If you are applying to colleges or scholarships now or in the future it will be great to have these documents in 1 place. If you are going straight into the workforce a resume and letters of recommendation are helpful documents to have prepared for your application.

What if I don't have a resume?

1. Open a Google Doc
2. Watch this [resume video](#)

What if I don't have letters of recommendation?

1. If you need a recommendation letter, consider a teacher/coach/staff member that knows you well. Request a letter from that person
2. If you don't think you'll need a letter, take time to create a [reference list](#), this will be useful to you when applying for employment.

How do I download a transcript?

1. Log into [Synergy/StudentVue](#) through a web browser.
2. Go to Course History (the book icon).
3. Tap the blue Unofficial Transcript button, this will generate a PDF of your transcript.

What do I do next?

1. Check below for the scholarship's main objective so you can get an idea of what scholarships to apply for. These scholarships range from around \$250 to \$3000!
