

WORK USE LICENSING

__(Full name), __(Nationality), __(marital status), __(profession), resident and domiciled in __(Address), holder of Passport or National Identity Card number _____, by means of this term and considering its registration in the 3rd Digital Congress of Nanobiotechnology and Bioengineering (3rd CDNB - held from 07 to 10 July 2022, Online Event, hereinafter simply called EVENT, grants LICENSE, free of charge, to the BRAZILIAN COMPANY OF AGRICULTURAL RESEARCH - Embrapa Genetic Resources and Biotechnology, organizer and coordinator of the EVENT, right to use full work(s) (text and images) entitled _____ (Title of the work), enrolled in the EVENT, which will integrate the Congress Abstracts Book to be made available in digital and/or printed media.

Embrapa Genetic Resources and Biotechnology is authorized to use the work (s), by means of an unequivocal checking of the authorship credit, for making available to third parties for, among other purposes: teaching, study, research, publication, dissemination, radio use, Internet, periodicals, under the terms of Brazilian Law 9.610/98.

Date

Signature

**3rd Digital Congress on Nanobiotechnology and Bioengineering
(3rd CDNB)
June 7th – 7th, 2022**

**DECLARATION RELATING TO THE COMPLIANCE WITH BRAZILIAN
LAW No. 13,123 / 2015 AND OTHER REGULATORY FRAMES RELATING TO THE
RESULTS
3RD DIGITAL CONGRESS ON NANOBIO TECHNOLOGY AND
BIOENGINEERING**

I declare for all legal purposes that the results presented in summary entitled [Title],
Author (s), Research Institution:

☐ YES – The results to be presented in the form of oral presentation and in the written form
resulting from activities using access to Brazilian Genetic Heritage and/or Brazilian
Traditional

Knowledge for purposes of research and/or technological development are in compliance with
the

provisions of Law No. 13,123 / 2015, Decree No. 8,772 / 2016, resolutions, technical
guidelines

and resolutions of the Genetic Heritage Management Council - Cgen.

If yes: Attach evidence by indicating the access authorizations number and/or proof of
registration

in the SisGen system.

☐ NO – the results was not obtained by carrying out an activity using access to Brazilian
Genetic

Heritage and Associated Traditional Knowledge.

☐ Other regulatory frameworks applicable to the submitted summary regarding to Brazilian
Genetic Heritage and Associated Traditional Knowledge (CONCEA, CTNBIO, IBAMA,
ANVISA,

MAPA, among others). Specify and provide proof.

City, State, date 2022.

Which area and sub-area of activity of your summary?

SIGN ONLY ONE OPTION!

- ☐ Nanobiotechnology / Nanoagriculture
- ☐ Nanobiotechnology / Nanofoods
- ☐ Nanobiotechnology / Nanoenvironmental
- ☐ Nanobiotechnology / Nanobioenergy
- ☐ Nanobiotechnology / Nanobiocharacterization
- ☐ Nanobiotechnology / Nanocosmetics
- ☐ Nanobiotechnology / Nanoeducation
- ☐ Nanobiotechnology / Nanomedicine
- ☐ Nanobiotechnology / Nanosafety
- ☐ Nanobiotechnology / Nanoverde
- ☐ Tissue bioengineering / 3D biofabrication
- ☐ Tissue bioengineering / Bio-factors
- ☐ Tissue bioengineering / 3D bioprinting
- ☐ Tissue bioengineering / Biomaterials
- ☐ Tissue bioengineering / Biomimetics
- ☐ Tissue bioengineering / Biomonitoring
- ☐ Tissue bioengineering / Biomaturation

**Insert maximum title 120 characters with
single-spaced (Times New Roman font - size 20 in
bold and lowercase, centered)**

Tatiane de Melo Pereira^{1*}, João Pereira da Silva². (Full names of authors, Times New Roman
- 12 lowercase, justified, single-spaced)
* e-mail of the corresponding author

Insert text in a single paragraph with justified alignment (maximum 1500 characters including spaces) with 1.5 line spacing, Times New Roman 12. [1]. The summary should include: (a) brief introduction of the work, (b) objective, (c) methodology employed, (d) results obtained and (e) conclusion. Times New Roman font, size 12, 1.5 line spacing. In italics, only scientific names, top and bottom margins and left and right margin of 2.5 cm. Insert text in a single paragraph with justified alignment (maximum 1500 characters including spaces) with 1.5 line spacing, Times New Roman 12. [1]. The summary should include: (a) brief introduction of the work, (b) objective, (c) methodology employed, (d) results obtained and (e) conclusion. Times New Roman font, size 12, 1.5 line spacing. In italics, only scientific names, top and bottom margins and left and right margin of 2.5 cm. Insert text in a single paragraph with justified alignment (maximum 1500 characters including spaces) with 1.5 line spacing, Times New Roman 12. [1]. The summary should include: (a) brief introduction of the work, (b) objective, (c) methodology employed, (d) results obtained and (e) conclusion. Times New Roman font, size 12, 1.5 line spacing. In italics, only scientific names, top and bottom margins and left and right margin of 2.5 cm.

Support: Insert research support entities separated by semicolons (eg, your university).

IN THE FOOTNOTE: (Institution of origin of each author, Times New Roman, 12, single-spaced, aligned to the left). Eg:

¹ New York University;

² California Institute of Technology.
