

How to Update Your Chromebook

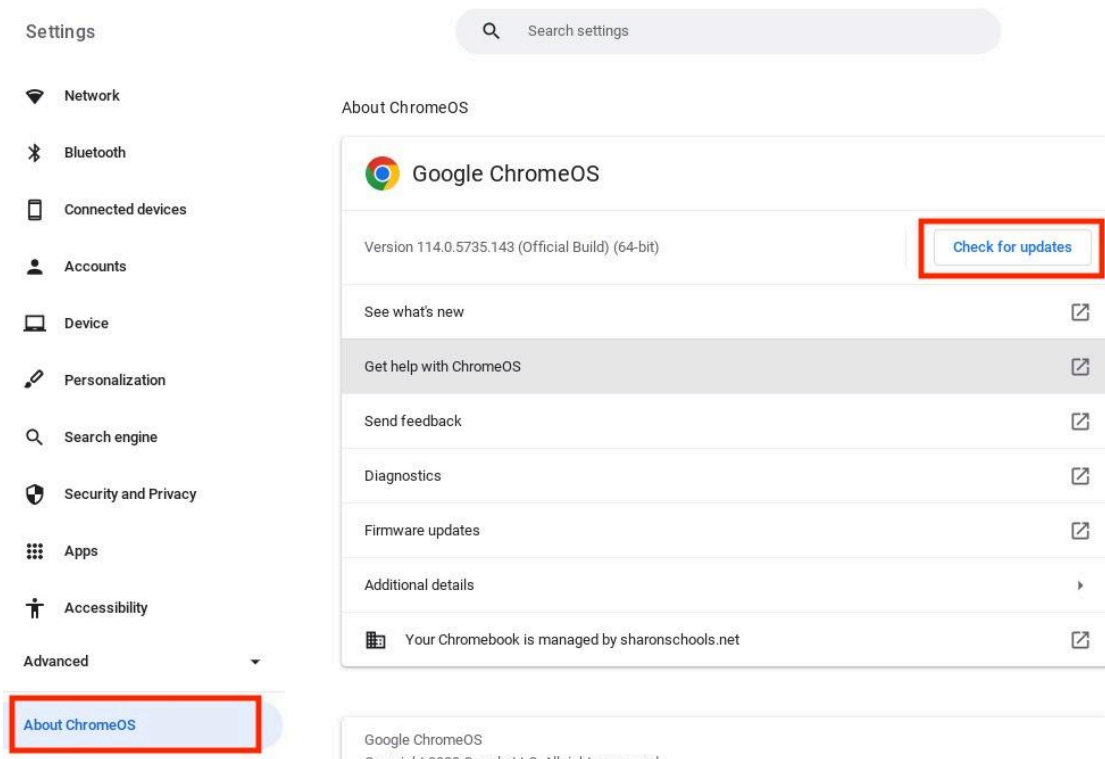

1. Click on the bar at the bottom right corner of your screen.

2. Click on the gear in the pop-up menu

3. This will take you to your Settings menu. Click on “About ChromeOS” at the bottom of the Settings screen (see image below)

4. Click on “Check for Updates” and then let the updates run.

5. When complete, you will be prompted to restart your computer. Restart and log in again.
