While state politicians try to create barriers to voting, the **For the People Act** (H.R.1/S.1) will make sure all of us in the Granite State, including voters with disabilities, students, and Black and brown voters, have the freedom to vote. We can keep big money out of politics, and hold politicians accountable if we fix the filibuster and pass this critical civil rights bill.

Can you call 855-234-0458 to thank Senator Maggie Hassan for co-sponsoring S. 1 and **ask her to do everything she can to get it to President Biden's desk?**

☆ Let's protect our
democracy before it's
too late!

 Thank you, Anita

BACKGROUND:

The For the People Act (H.R.1/S.1) will guarantee every citizen's right to vote, end gerrymandering, improve campaign finance laws and provide essential ethics reforms. This is critical to preserving democracy, but we are going to have to push it through the Senate. Senator Hassan has signed on to the Act – but to pass it will require eliminating the filibuster. We need her to publicly advocate to get rid of the filibuster.

These postcards were developed with Common Cause. We are asking New Hampshire activists to contact Senator Hassan, thank her for supporting the For the People Act (S. 1) and asking her to support elimination of the filibuster. Senator Hassan, who supports the bill, is under pressure from Republicans in her state. We also need Senator Hassan to pressure reluctant Democratic Senators, Joe Manchin (D-WV) and Krysten Sinema (D-AZ).

S. 1 is working its way through the Senate process and the exact timing of a vote is not known. The sooner we get our postcards in the hands of the activists and they make their calls the better so please mail your postcards within one week of when you get them.

Common Cause has been sending postcards in WV, AZ and NY generating thousands of calls so we know that these are working and that these calls will help Senator Hassan.
