

## SBAC Reports in Illuminate

There are 3 reports in Illuminate concerning the Smarter Balanced Assessment results. Below is a summary of each report. The next page shows how to access these reports in Illuminate.

### Smarter Balanced Assessments Student Report

This report summarizes the Overall and Claim levels for a **single student**. It is one page per student, with a graph to show the **overall performance**, and **Claim Levels** color-coded.

### Smarter Balanced Assessments Student Roster Report

This report **lists all students selected**. It identifies students that are at **each level overall** and by **claim level**, with the ability to sort each column to look for trends.

### Smarter Balanced Assessments Performance Summary

This report **summarizes a group's performance** in terms of how many students scored at each **overall** and **claim** performance level. It shows the

- total number of students tested
- percent of students overall proficient and not proficient
- percent of students in each overall performance level
- percent of students at each level by claim
