

Geometry Syllabus: 2025-2026

Welcome to Geometry! This syllabus provides an overview of the course for students and parents.

Course Overview

This course is based on the Kentucky Department of Education's Common Core Standards. We will explore geometric concepts and their real-world applications to help you develop mathematical thinking for future studies and everyday life. The curriculum involves online assignments, using a graphing calculator, and connecting new ideas to what you've previously learned.

Meet Your Teachers

- Mrs. Blakeley Hollinsworth: blakeley.hollinsworth@monroe.kyschools.us
Office hours: 1:35 PM to 2:50 PM
 - Mrs. Amanda Copass: amanda.copass@monroe.kyschools.us
Office hours: 10:10 AM to 11:10 AM
 - Mrs. Melissa Tracy-Marr: Melissa.tracy@monroe.kyschools.us
Office hours: 1:35 PM to 2:50 PM
-

Materials Needed Daily

Please bring the following to class every day:

- Pencil
- Paper
- Binder or folder

If you want your own otherwise a classroom set will be available

- Protractor
- Ruler with centimeters
- Math compass
- Computer (provided by the school or from home)
- Desmos calculator on the computer
- Patty paper (I can provide, or you can use wax paper or white tissue paper)

Grading

Grades are calculated every nine weeks and at the end of the semester.

Final Grade Breakdown:

- **End of Course/Final Exam:** 20%
- **1st Semester:** 40% (Average of 1st and 2nd Nine Weeks)
- **2nd Semester:** 40% (Average of 3rd and 4th Nine Weeks)

Each Nine Weeks:

- **Tests/Projects:** 60%
 - We will have unit tests and projects regularly.
- **Nine Weeks Test/Project:** 20%
- **Other:** 20%
 - This includes homework, in-class assignments, quizzes, flashbacks, demonstrations, projects, and formative assessments.

Homework Policy: Homework is very important and will likely be assigned daily. Doing homework helps you understand the material, connect new ideas to old ones, and develop responsibility. You must show your work on assignments. Cheating or copying will not be tolerated. Late work can receive a maximum grade of 50%.

Retake Policy: You may retake a summative unit test if you score below 80%. To be eligible, you must first attend tutoring before or after school, or during advisory/enrichment. Retakes can only be taken during tutoring. The maximum grade you can earn on a retake is 80%.

Classroom and School Policies

Cell Phones:

A new Kentucky law (House Bill 208) prohibits the use of cell phones during the school day. In this class, you will place your phone in a designated spot at the beginning of class and get it back at the end. This is to help you focus on learning without distractions.

Google Classroom:

We will use Google Classroom daily. All assignments and notes will be posted there, organized by date and topic under the "Classwork" tab. If you are absent or if distance learning occurs, this is where you will find everything you need.

Distance Learning:

If we switch to distance learning, all information and assignments will be on Google Classroom. Daily posts will be made, and it's your responsibility to keep track of due dates. You will be expected to attend some Google Meet sessions for activities or discussions, and you will be given a notice ahead of time. You must communicate with me at least once a week via email or Google Classroom. To get credit for your work and be marked present, you must

participate and stay up-to-date.

Syllabus Acknowledgement

By signing below, the student and parent/guardian acknowledge that they have read, understood, and agree to abide by the policies, expectations, and procedures outlined in this syllabus for the 10th Grade **Geometry** course.
