With your vision, goals, interests, life experience and previous projects, how do you think you can contribute to the SMARt programme and its objectives? Why are you interested in the SMARt programme? What are your motivations for participating?

I would like to come to Latin America again. Currently my interest is in learning about wool; sheep farming, spinning, botanical dyeing, etc.

Do you have any specific technical needs regarding the production of the artwork and the installation of the exhibition?

Stands or screens for projecting.

Video beam.

A large and dark space that allows the spectators to walk around.

Audio players

Some specific lights to a possible video-intalaction

Impressions with possible instructions to transit
