Interesting video, some neat sync here and there

19-065-S E A R C H I N G-Death Parade-NF-The Search

I sort of get what this video is going for but I feel like a character profile with this NF song would work better than having the video focus on multiple characters

19-066-Exposure-Speed Grapher-Tommee Profitt-Cruel World

I'm not sure what to make of this but that's a really nice camera

19-068-Entomophile-Pokemon-Weezer-All My Friends Are Insects

19-071-Anamnesis-Warframe-Really Slow Motion-Antiproton

INTENSE !

19-073-Everybody Knows that the Good Guys Lost-various-Sigrid-Everybody Knows

Personally not a fan of the song but it does match the somber tone that Infinity War left, so points for that

19-074-What Do I Stand For-Into the Spiderverse-FUN-Some Nights

I get the message of the video, but to keep it more concise I'd probably cut the song

19-077-Ultimatum-Doukyuusei-James Snyder & Matt Doyle-Bare A Pop Opera

Real cute. Maybe too many crossfades and a couple technical mishaps, but fairly solid overall

19-079-Far From Any Road-Death Note-The Handsome Family-Far From Any Road

I'm not sold on Death Note to this song but goddamn are the technicals pretty amazing lol nice job

Even though AMVs existed in the 2000s this is cute and fairly well executed. Nice.
(psst did you forget to disable resample in a couple scenes)

To be honest, it takes a lot for me to enjoy live action music videos, but man do I love this video lmao. Very solid and a very heartfelt tribute to the MCU

CURSED VIDEO

19-098-My Zero 2D Wairfu-Darling in the FranXX-Philip Labes-Ignore Anything

I actually like this concept/combo but needs a lot more polishing for the jokes to hit harder (except for that zoom at 1:50, that one's perfect)

19-099-With a Spring in my Step-After the Rain-Mindy Gledhill-Pocketful of Poetry

This is so damn cute
me like

19-100-The Wavering Heart of the Unwavering Girl-Kamisama Kiss-P!nk-F__kin Perfect

Could use more work on the storytelling/some of the sync, but this is sweet and I enjoy this.
Nice to see a Kamisama Kiss AMV.

19-103-Hysteria-Fate Series-AuRa-Panic Room

Great combo, great technicals, great execution. My only complaint is that you didn't wait for the third movie cause goddamn I want some of those fights in this video LOL

19-104-Trinity of Hearts-Kingdom Hearts-Amaranthe-Trinity

I KNOW NOTHING ABOUT KINGDOM HEARTS BUT I LIKE IT PRETTY WELL EDITED MANG

I see the light

19-109-Inner Dialogue-My Love Story-First Date cast-Allison's Theme no1

19-110-various-Macklemore-Can't Hold Us

Watching an idols AMV to a song with a male singer feels so weird to me lol. Less crossfades imo, but otherwise it's neat

19-112-Not Great Not Terribyl-Chernobyl-Elton Britt-Uranium Fever

Oh my virgin eyes olo

19-118-Everybody Wants to Rule the Digital World-various Digimon-Tears for Fears-Tears for Fears - Everybody Wants to Rule the World

Damn this is long. Ken burns more probably

19-119-Sad Piece-One Piece-Seth Bowser-Come Sail Away

The first half or so was sort of slow and it took me awhile to get into this video, maybe it's cause the scene selection could be better at some parts or it's just the song structure, but when the video picks up it FUCKING PICKS UP. Really good video mang

19-120-Braid Girl Cry Cat Pics-Variousmonogatari-Marianas Trench-Death of Me

This ship is cursed. Solid video

19-121-Kaguya's Rap-Kaguya-sama Love is War-The Lonely Island-Natalie's Rap

I didn't think Kaguya would fit this song that well, but it's actually pretty good. Noice.

19-132-daughter_mother_hopper-Stranger Things-Journey-Faithfully

This song fits Hopper pretty well actually. rip

**19-133-L_histoire homosexuelle d_Homura-Puella Magi Madoka Magica-Flight of the
Conchords-Rambling Through the Avenues of Time**

Short but sweet. Some of the masked Kyubeys felt over excessive

**19-134-When She Loved Me-I Want To Eat Your Pancreas-Sarah McLachlan-When She
Loved Me**

Matching the female vocals to the dude's point of view feels sorta weird. Also maybe too many crossfades/lip flaps

19-135-Lock and Key-Kaguya-sama Love is War-Sia, Diplo & Labrinth-Genius

You make the quirky music work pretty well with Kaguya, a song cut might make this video better though.

19-136-A Place to Belong-Angel Beats-Thriving Ivory-Angels on the Moon

Decent editing, but needs work on the storytelling

19-137-SIB INTERDIMENSIONAL-Spiderman Into The Spider-Verse-Men In Black International-Trailer

I can sort of see this combo working, nice technicals/text though

19-138-Craven Hill-The Ghost & Mr Chicken-Crimson Peak-Trailer

MOOD GOOD

19-139-Origami Bones-Kubo and the Two Strings-Of Monsters and Men-Your Bones

Nothing much to say other than that it's a good combo with solid editing

19-140-Unfortunate-My Hero Academia-Chase Holfelder-Fortunate Son

Needs more ken burns and sync could be tighter. Uhh story telling could be a bit more clear but the video ain't bad

19-141-Desired Hues-Tamako Market, Tamako Love Story-of Monsters and Men-Hunger

Light leaks maybe a little excessive at times but doesn't really take away my enjoyment from this video so shrug

19-144-Revolutionized-Revolutionary Girl Utena-Mother Mother-Oh Ana

I have watched so many Utena videos at this point that I think I know everything that goes on in that series even though I haven't watched the actual anime. Nonetheless, the sync is pretty good, although the song kind of made it hard to follow the video

19-145-Thor Lebowski - The Dude-Endgame Infinity War-Johnny Cash-Hurt

I can't believe you made a character profile video on me. Only the first half though cause if I had to fight a big purple man with a nutsack chin I'd probably run.

19-146-Grenadine-The Night Is Short Walk on Girl-I DON'T KNOW HOW BUT THEY FOUND ME-Do It All The Time

Everytime I see an AMV with this source I feel like someone violated my eyes and brains with drugs. That being said, the drug this time probably isn't too bad cause I came out with slightly heightened IQ.

19-147-Poppycockers-Kaguya-sama Love is War-Fall Out Boy-Irresistible

Really good technicals. Some of the stuff you added was a bit much tho lmao

19-148-In The End-Dragon Ball Super Broley movie-Linkin Park-In The End

Lacks any sort of structure and that black space is a big oof

19-149-Madness-Hannibal-ZhayTee-Absconditus

Sometimes I wish I could kiss someone too oh wait I'm suppose to review this video uhh yeah my whole brain is inflamed can someone get me professional psychological help oh god that fish is bleeding oh no oh no but I love fish they taste so good wait are my eyes dying holy cow I knew it watching this many AWA pro videos was a bad idea oh god I'm drowning scary horn man is coming for me I have to run oh no help oooo please smell me more that's my fetish yum

Pretty interesting video I liked it kinda wished the song added more to this video though lol

19-150-Marvelous World-The Marvelous Ms Maisel-Jodi Benson-Part of Your World

I am not entirely sold on this combo and I'm not entirely sure how to feel about the character

19-152-Heavens Feel-Fate Stay Night-Within Temptation-What Have I done

Some things to do some research on for AMVs: Structure, story-building, sync, ken burns.. etc.
There are some good guides on the org to check out.

19-153-I'm Sorry I'm Needy-Future Diary-Ariana Grande-Needy

It's ok if ur needy bb girl as long as ur hot pink haired yandere
Pretty nice video overall sometimes I wish i had a yandere gf

19-154-Undertow-From The New World-Third Eye Blind-Narcolepsy

You should probably go see the doctor if there's a demon in your brain yo

**19-155-The Tin Man's Journey-Full Metal Alchemist Brotherhood-Imagine
Dragons-Amsterdam**

Friggin solid character profile, solid like metal wow get it haha, some of the technicals could be better but it's still good as is

19-156-nineteen eighty - angst-Akira-Rich Brian-Dat \$tick

Please hit me with that long thick stick i need it

19-157-PSYCHO-Mob Psycho 100-JOKER-Trailer

The combo is a biiiiiiiiiiiiiiiiit of a stretch but hey it sorta works
Also why would you do this to my boy mob :c

19-158-Burden of the Shield-The Rising of the Shield Hero-Katie Garfield-Gallows

It's good

How long do you think until we can genetically engineer raccoon girls to serve as our waifus?

19-159-My Treasure-Made In Abyss-Mimi Olesen-Lucky Charm

The song doesn't really do anything here to be honest

19-160-Chika Wants To Dance-Kaguya Sama Love Is War-Rick Astley-Never Gonna Give You Up

I hate you and everything that you stand for

19-161-SarazanByeByeBye-Sarazanmai-N_Sync-Bye Bye Bye

Some good sync here and there but I feel like you didn't have enough scenes to make it consistent throughout

19-164-Just Love-Garden of Words-Cash Cash-Call You

GOD I LOVE FEET OMNOMNOMNOMNOMNOM

19-165-The Voltron Brigade-Voltron-TWRP-Starlight Brigade

I wish the song mixing was better, but that's not really your fault. Solid video

19-166-Like Sheep-The Promised Neverland-A Perfect Circle-Pet

I'm not really sold on the combo. Maybe if you went harder on the editing like making more cuts, ken burns, etc it would feel better

19-168-Sisyphus-The Sky Crawlers-Andrew Bird-Sisyphus

How you gonna roll a rock up the mountain when you're on a plane? idk but S o l i d
Vid I feel like im saying solid too much in these reviews so i put spacing see? ^ ^ ^ ^

19-169-Dopamine-Happy Sugar Life-OK Go-Obsession

I actually really love this video. Sync is tight, song fits the anime, and I want to die just like that girl towards the end (preferably to a cute pink haired yandere gf, I feel like I've already said something about a pink hair yandere gf somewhere but I digress). I guess the storytelling could be a bit better though.

19-173-2 Bros-various-Rick & Morty-Two Brothers Trailer

To be fair, you have to have a very high IQ to understand Rick and Morty. The humor is extremely subtle, and without a solid grasp of theoretical physics most of the jokes will go over a typical viewer's head. There's also Rick's nihilistic outlook, which is deftly woven into his characterisation - his personal philosophy draws heavily from Narodnaya Volya literature, for instance. The fans understand this stuff; they have the intellectual capacity to truly appreciate the depths of these jokes, to realize that they're not just funny- they say something deep about LIFE. As a consequence people who dislike Rick and Morty truly ARE idiots- of course they wouldn't appreciate, for instance, the humour in Rick's existential catchphrase "Wubba Lubba Dub Dub," which itself is a cryptic reference to Turgenev's Russian epic Fathers and Sons I'm smirking right now just imagining one of those addlepated simpletons scratching their heads in confusion as Dan Harmon's genius unfolds itself on their television screens. What fools... how I pity them. 😊 And yes by the way, I DO have a Rick and Morty tattoo. And no, you cannot see it. It's for the ladies' eyes only- And even they have to demonstrate that they're within 5 IQ points of my own (preferably lower) beforehand.

19-174-Eternal Family-Kimetsu no Yaiba-Of Monsters and Men-King and Lionheart

Good depiction of Tanjiboi's relationship with his pikachu Nezuko.

19-177-Shady Gains-Kimetsu no Yaiba-Panic at the Disco-Say Amen

Sync is t i g h t, but song doesn't really work with the anime after like halfway through lol idk

19-178-Envoy of the End-Code Geass-Rapunzel cast-Ready As I'll Ever Be

Hey hey hey, this song actually works really well with code geass lmao. I feel like you could've done more with the source footage though.

**19-179-Carole's Poppin' Tuesday-Carole and Tuesday-DJ EarWorm-United States of Pop

CONCEPT: GOOD

EFFORT: GOOD

ANIME: I STILL NEED TO WATCH IT

SONG: SHOULD BE CUT

TECHNICALS: NOT BAD

BUTT SYNC: YES

19-182-The Promised Bottom-various-various-various

Amazing VHS effects into the opening for The Promised Neverland. Really reminds the viewer that they are watching a video that uses footage from The Promised Neverland. I also can't believe you were able to acquire footage of this anime in the year of 1991, since it wasn't even out yet. Are you some sort of time traveler? Anyway, I must say that Norman is not that good of a fit for Spongebob because he is not yellow and does not have any big pores like how a sponge would be, basically he's not a sponge. Also why the fuck would Spongebob want to be a balloon, those things don't do anything underwater. I really like how you drew parallels between Norman and Squidward though. In comparison to Bobman Squarepants, they are quite similar because they are both miserable fucks. My only nitpick is that Ray is underage so if I catch him drinking wine at any point in this video I'm going to have to call Child Services. Also does the farm even have clarinets (My problem is that we don't know where this farm is, and if clarinets even exist in this world that they live in. See, clarinets are instruments that were created and have its origins deeply rooted in Ancient Greece, Ancient Egypt, the Middle East, and Europe in the Middle Ages, but how do we know that these places even existed in The Promised Neverland? The bottom line is that we don't. In fact, the modern clarinet was developed from a Baroque instrument called the chalumeau, but were these late baroque/early classical single-reed woodwind instruments even invented in this world? In addition, it was the German instrument maker Johann Christoph Denner SPECIFICALLY who made important and appropriate adjustments to the chalumeau to transition it to become the clarinets that we know and love today. If this man did not exist in The Promised Neverland I find it very hard to believe that Norman would know what a clarinet is. Also Emma has stubby fingers so she can't play the clarinet so Spongebob wouldn't know what a clarinet is too.). Also Emma can't be Patrick cause SHE'S NOT FUCKING PINK. Also why are the kids wandering around at 3:28 AM. I don't think that's a very good sleep schedule these kiddos are following. Also though my superior IQ and deduction skills, I can confirm with 99% accuracy that those things that are killing kids aren't actually giraffes because they aren't yellow and brown, they're gray. In fact, with my superior brain cells, I was able to do some research on giraffes, and found out that giraffes tend to eat the leaves and twigs of acacia, mimosa, and wild apricot trees. If this is factual (which I know it is), why would they have to make a farm to harvest human children for consumption? Last time I checked, I don't have leaves and twigs of very specific tree species sprouting out of me, so where is the FUCKING MOTIVE? Motive is one of the most important things to deduce in

criminal cases, and without one, these giraffes fall flat as giraffes. I really can't relate to them if they aren't given a motive to eat up these children other than the fact that they're fucking annoying. Anyway, moving on - I really have a bone to pick with Isabella. I really don't see why she only broke Emma's leg. See, she's a starfish so she has the ability to regenerate legs, so Isabella should've just ripped off Emma's leg. The time it would take for it to regrow would be more than enough time for her to stall and send Emma off to the giraffe house. Also why is Spongebob just watching Patrick get the shit beat out of him? Aren't they supposed to be friends or something. Idk I wouldn't know since I don't have friends lmao. Why is Patrick screaming. Man the fuck up man you're a starfish. Can you even feel pain? Ok when they open the book why does Patrick call that image that clearly depicts an owl an ugly barnacle? Do you know what an owl is? And what a barnacle is? Owls are birds and they can fly and they are mostly solitary and they are nocturnal birds of prey and they have talons and they have feathers and they have binocular vision, and they have big heads to house big brains, and they have binaural hearing, and they aren't ugly. Barnacles, on the other hand, are related to crabs and lobsters, because they are a type of arthropod that constitute the infraclass Cirripedia in the subphylum Crustacea. Can crabs and lobsters fly? Don't think so. Also why are you depicting Ray as the ugly barnacle when he was clearly established as Squidward just earlier for being a grouchy old fart? I really don't like this inconsistency. Your next clip has bubble effects when the members of our cast are clearly not underwater, so I don't know where you're getting these ideas. That's NOT A FUCKING ROCK THATS A FUCKING WALL YOU IDIOT. OH MY GOD. I'M SO ANGRY. ALSO, HOW DID PATRICK EXPLODE AFTER FALLING. IT DOESN'T MAKE SENSE. HE'S A FREAKING SPONGE. SPONGES DON'T EXPLODE. I give up this video is too frustrating to watch. Whatever.

19-184-Scarlet Crimson Iron Sands-Kamitsu no Yaiba-Svricina-Battlefield

I'm really salty cause I had an idea with the song reeeee, good video but reeeee

19-193-Macho Hero-My Hero Academia-The Village People-Macho man
