Thoughts from God's Word

Acts 28:31 "Boldly and without hindrance he (Paul) preached the kingdom of God and taught about the Lord Jesus Christ.

Before Jesus ascended into heaven, he commanded his disciples and all believers to preach the gospel, and they did. The whole book of Acts talks about the growth of the early Christian Church. The book of Acts does not have an ending. In

whatever generation believers live, they take part in sharing the gospel wherever God plants them in the world. You are doing that as you share God's Word with your children in your home and expose them to God's Word at CLCA and in God's house when you go to worship. Continue to be bold proclaimers of the gospel. Stay in the Word. Share the Word wherever you go with whomever you meet. God has promised that wherever his Word is proclaimed the Holy Spirit will work faith in the hearts of people. (Isaiah 55:11)

Science Notes for Middle School

- Big thanks to Mr. Lange who filled in for 6th grade science when I was supervising 8th grade during a visit from Mr. Lauber of Lakeside Lutheran High School. They analyzed nests that were built in boxes on our property, which are now on display in the Art/Music/Science hallway. Please stop and see their work if you can!

8th Grade Notes

-This week in religion class we are studying the roller coaster of faith that Abraham takes in Genesis 15-19. There are some rough consequences for bad choices in this section, so we will talk about how our faith gets us through those times in our life.

-Things are getting interesting in *A Midsummer Night's Dream*, as the plans of the characters are not going the way they thought they would. When plans fail, is anyone in control? If you get what you want, but you aren't the reason for that result, were you in control? These are some of the questions we are discussing.

- Students will be taking their i-Ready diagnostic tests for Math and Reading this week. Starting next week, students will be expected to complete 30 minutes of personalized practice on those accounts each week for Math and Reading. Time will be built into the schedule for students to accomplish this, but if they miss school or are off task, they will be expected to make it up on their own time.

-We are still waiting on a few students to return permission forms for the Camp Philip field trip held from 9/22-9/23. Students were informed on Friday if their forms were missing. Please contact Mrs. Flack if you are not sure if forms you sent to school were turned in to her.
