

Introduction

Hello to whoever is reading this!

It is I, Kasper, known as kasperbunnnn online, working on a document with 2 of my friends (Aeroangel and Sarahstuffs) made on [System](#) (known as SystemLathos_/SystemWIP on Twitter and most places) to aim at exposing problems of their behavior and their actions against 2 people; Aero and Sarah. Before I continue, this document is made to spread awareness and does not aim to harm anyone in any way whatsoever, I should note that. Anyways! Let's get straight to the point with the disclaimer and then move onto stuff System has done.

If you have any questions, or want to come out regarding anything between you and System, you can DM me on Discord ([kasperbunnnn](#)) for information and such, happy reading!

BIAST GC

THIS PART IS WRITTEN BY AEROANGEL. CONTENT WARNING FOR NOT SAFE FOR WORK,

The first part of the document aims to reveal some of the occurrences inside a group chat between friends, most notably within the B.I.A.S.T (Break In And Steal Thingz) community. It should be previously noted beforehand that during the groupchat's lifespan, I was under a different identity as a whole, going as 22 due to several reasons, such as stalking and harassment. This didn't stop System from doing things as openly flirting with me back then, alongside downright NSFW content out of our sonas.

Images below will be linked, such as an admission out of flirting with me within the group chat, and NSFW drawings done within the lifespan of said GC.

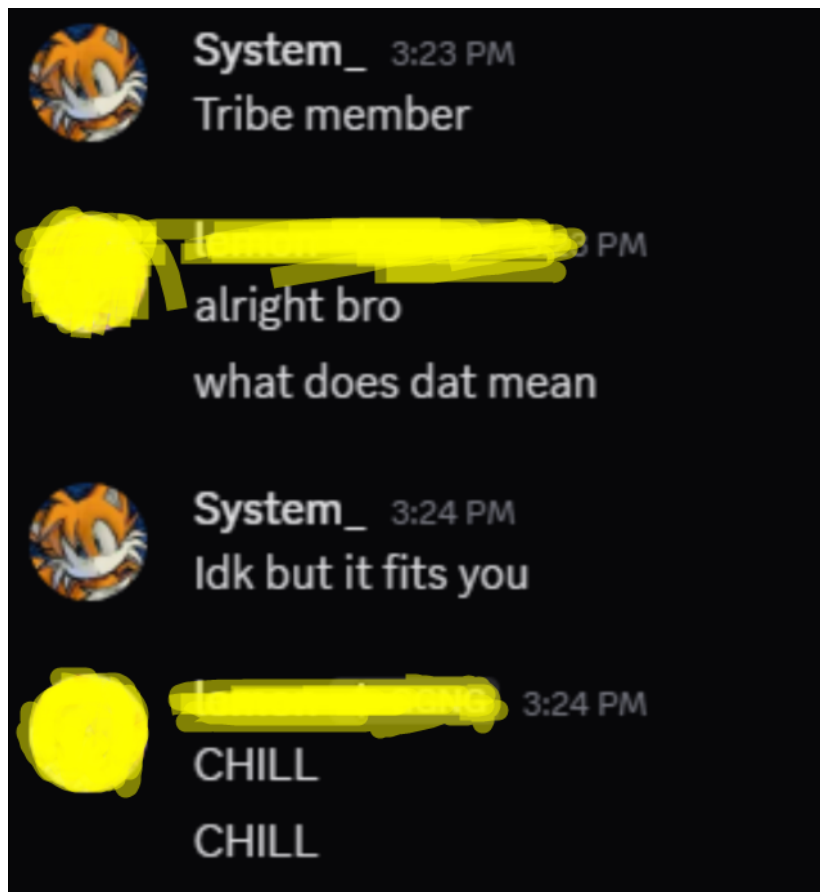

(censored)

For this section, I'd also like to introduce some of the racist sentences/words System had spoken inside and outside the groupchat.

ADDITIONAL CONTEXT FROM KASPER: Before you make any conclusions about it, the person who said the n-word at the top of the image is POC.

However, in System's words, she claims to be "biracial", whereas her whole family is black, with the exception of her dad, thus the reason she ended up to be white. Therefore, it is important to take these racist claims with a grain of salt, because it really might vary from person to person what you'd believe as correct or wrong, coming from System.

IM BIRACIAL.
MY MOM IS BLACK
MY GRANDPA IS BLACK
MY GRANDMA IS BLACK
MY AUNTS ARE BLACK
THE WHOLE REASON I'M WHITE IS BECAUSE OF MY DAD

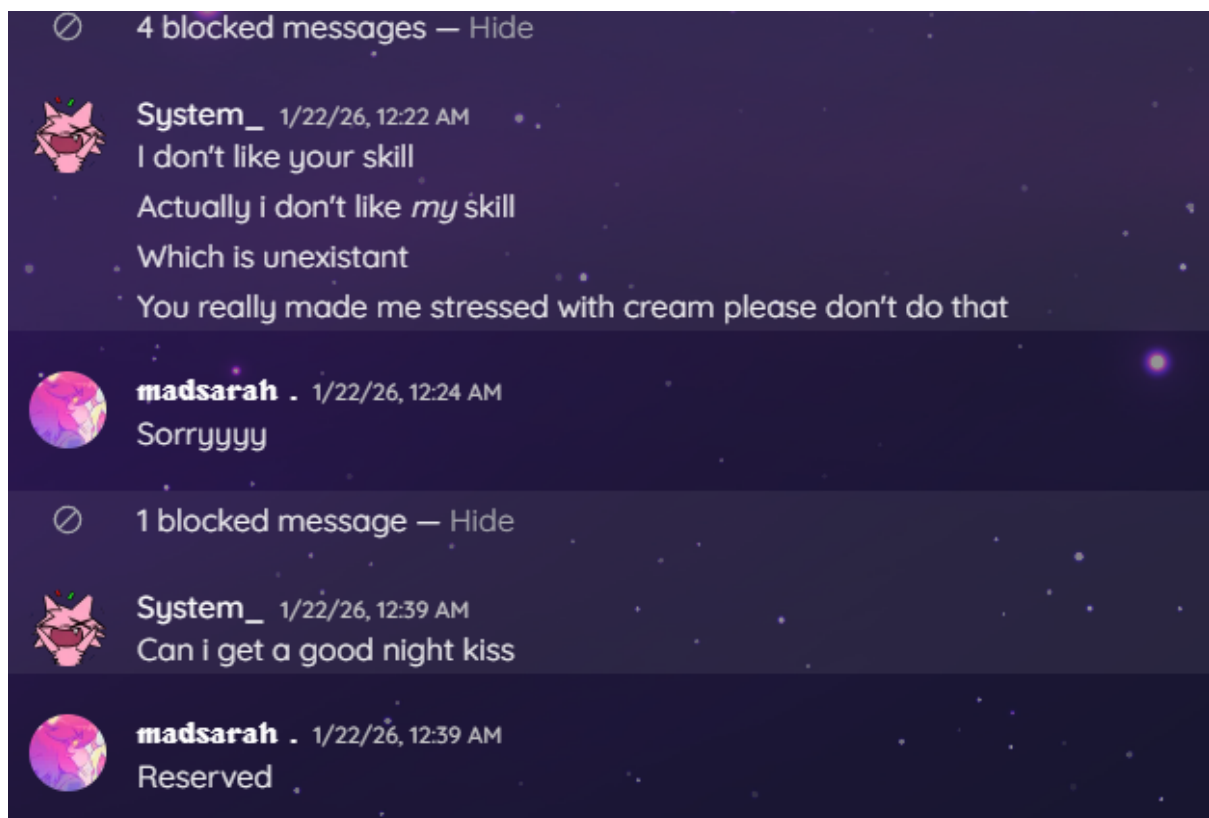

Sarah's relationship

THIS PART IS WRITTEN BY SARAHSTUFFS. CONTENT WARNING FOR SENSITIVE TOPICS, SELF/HARM, SEX JOKES

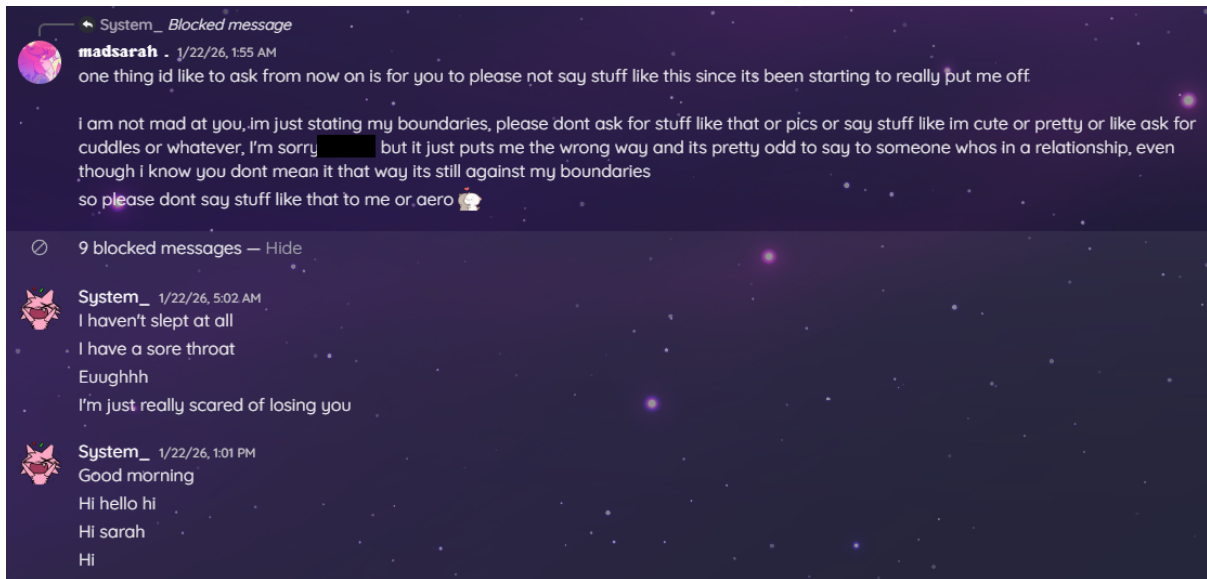

Me and System had a lengthy relationship which started back into last year, and ended around the end of March, I have so much to say about System, but first things first, I would like to point out the most important problems I had and still have with her, this will be divided into sections and then concluded with my opinion about why and what led into this.

1 - BOUNDARY BREAKING AND LOVEBOMBING

System had a huge problem with unsolicitedly lovebombing me in multiple occasions fully knowing my boundaries and how weirded out I was by it, below I will attach a few examples and also what I said to state my boundaries, even though it wasn't the first time I did, but I cannot find it so this will do:

We were playing Outcome Memories together with Aero, and suddenly she just hits me with this, knowing I don't like this type of affection!!

Afterwards I immediately sent this lengthy text about my boundaries while also addressing Aero's, this is clear as day evidence about how I was uncomfortable with them love bombing me or acting weirdly flirty towards my own girlfriend, which she was also uncomfortable with!

Wanna guess what happened after this? I was ignored! I took so long to talk with them because I just HOPED they would address me stating what I was uncomfortable with

(something in their strawpage by the way "Please note that i get really clingy and affectionate if i like you a lot, if that disturbs you PLEASE tell me as people tend to just bottle these feelings from me and decide to drag it to places they shouldn't be, if you have a problem with me PLEASE PLEASE PLEASEEEEE just tell ME, i'm not gonna yell at you for a mistake dudeeee")

which is something I LITERALLY DID AND GOT COMPLETELY IGNORED, now you'll see what happened AFTER this event

I have genuinely never felt this loved by someone in my entire life
You even made me have a crush on you for a while like how dude
Are you real

You're Viewing Older Message

I LITERALLY STATED A BIT AGO HOW UNCOMFORTABLE I AM ABOUT THIS!!! DONT
SAY YOU LOVE ME DUDE

Look, when I don't know how to respond to something I'll usually send a gif or two which is
unrelated to the topic, it's obvious and I thought I wouldn't have to explain it to them, I also
didn't even say it back of course, I was put off by it.

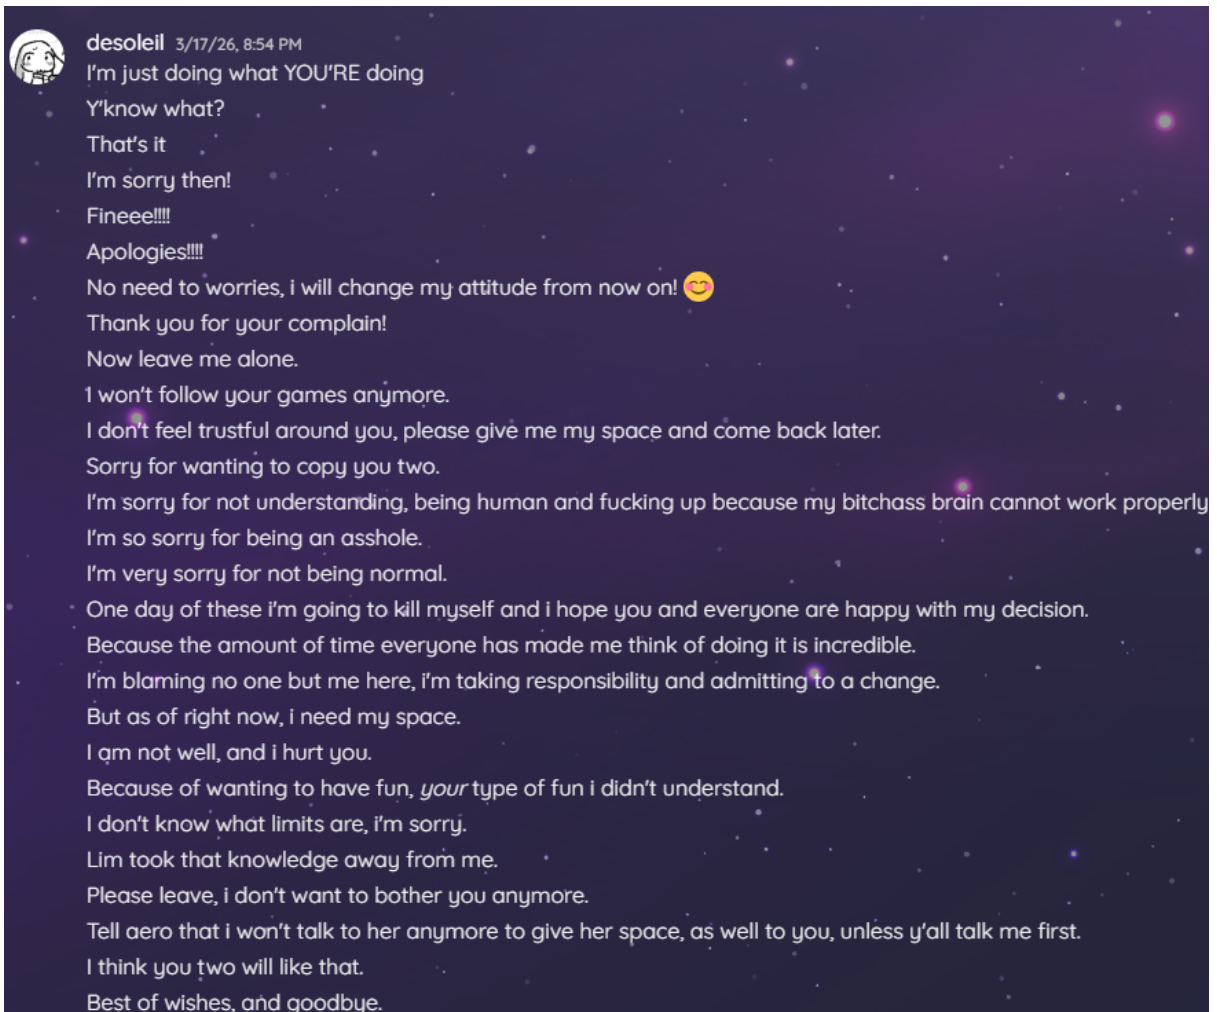

More of me actively refusing her, sometimes I'd give in and just hug her or something like that but it never got out of JUST small things like that, yet I was still uncomfortable.

There's a lot more of these asks and begs which I decided to not add in or else it'd clutter up this part of the document, just know this was extremely frequent with me and Aero, even after my boundaries were stated, she would continue to push me.

2 - VENT-BOMBING, GUILT-TRIPPING, DEPENDANCE

Will probably be the most extensive part of this page as a whole. This will go over how System would constantly and suddenly vent to me, suddenly say she wants to commit or to self-harm, and how that affected me and made me scared that leaving would cause her to do something bad to herself.

This is the conversation that happened after the “Twitter DMs” section, pay attention as to how system “I’m blaming no one but me here, i’m taking responsibility” and then immediately after still blames me and aéro for supposed “suggestive jokes” (something we NEVER once did, system started with this whole thing with talking very weirdly towards us, not once did we reciprocate these jokes) and also the constant use of “Sorry for wanting to copy you two” and etc.

Now take note at the usage of very concerning words where System threatens her own life, imagine you were put on the situation where you came into your supposed’s best friend’s DMs and started questioning on why they were trying to flirt and act very sexual towards your partner, and suddenly they hit you with a “I’m killing myself because of you”, would you not feel the slightest of guilt-tripping? Here we have:

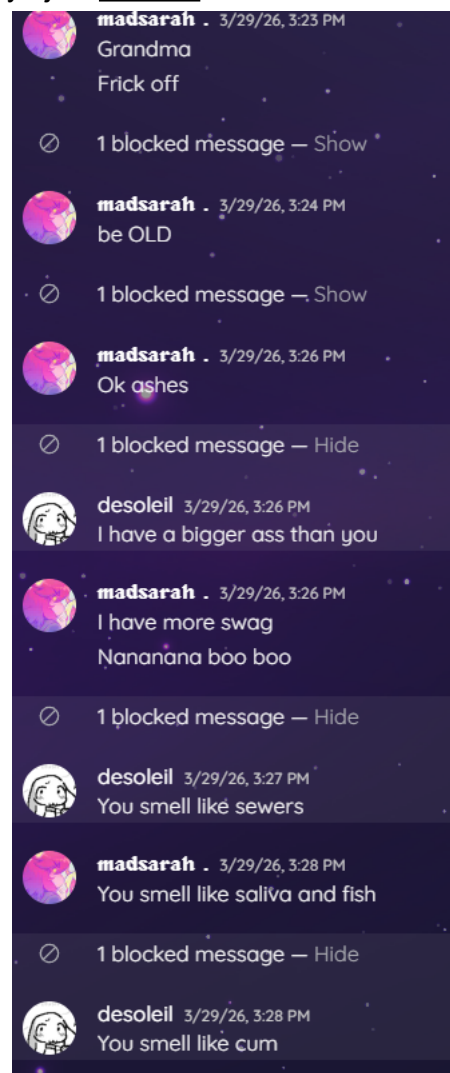

1. Blaming the situation into the people questioning you, knowing you're in the wrong,
2. Threatening your own life over a discussion you are not in the right,
3. Bringing up her groomer (Lim) because of her not knowing limits.

(Look, I know she’s a victim and her case is horrible, Lim is a disgusting person who deserves nothing, but trying to make your case easier by shifting the focus on your groomer isn’t a good look, especially when system had already talked about improvement and changing beforehand, and she was groomed around 3 years ago,

trying to say you can't understand what a boundary is because of that just doesn't sit right with me and sounds even more like guilt-tripping by mentioning a traumatic event you have already talked about improving from.)

What happened after this?

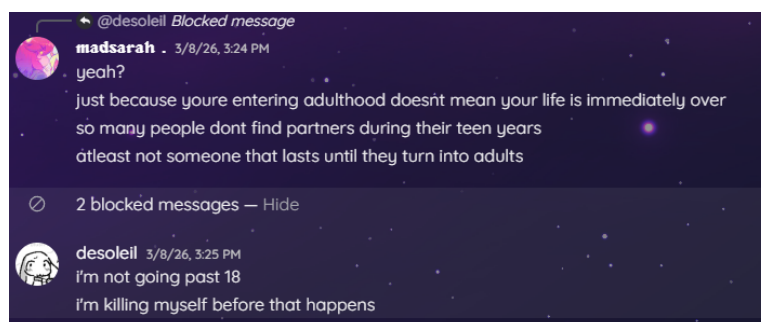

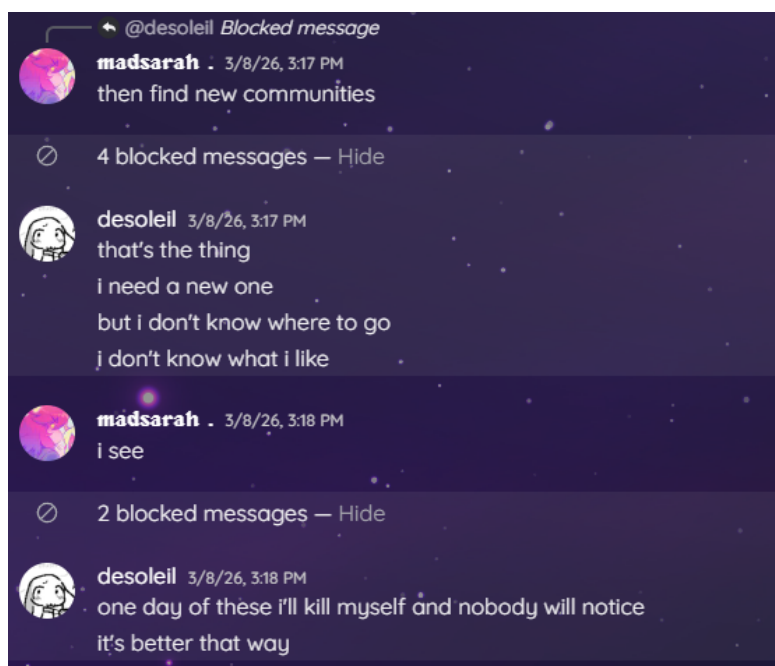

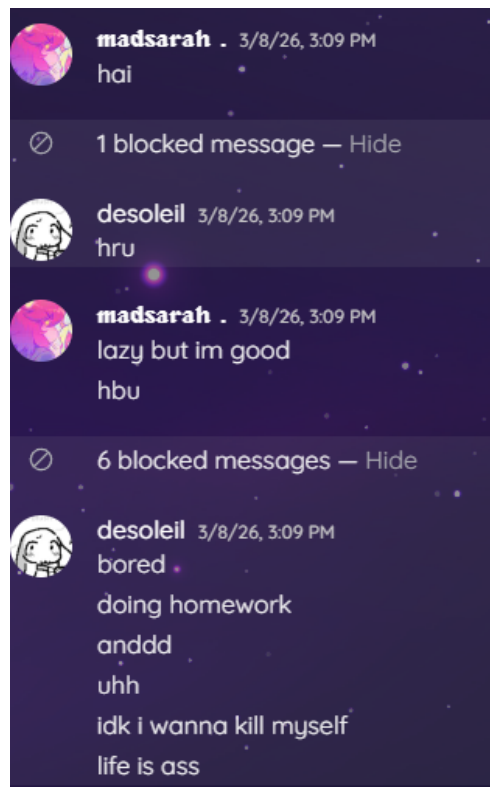

Truly, I wish I hadn't done this, but around a week after our discussion and her and I moving away from each other, I contacted her again in hopes of keeping our friendship. "Sarah, why would you do this? Didn't you feel uncomfortable and disgusted by System's actions?" In reality, I did, but at the same time her guilt-tripping HAD worked, I felt guilt over an action where I was in the right of doing, and it was mostly because of her constant threats of suicide. I was scared that she would commit and do something to herself because of me and Aero going away, which is why I just couldn't cut ties with her earlier.

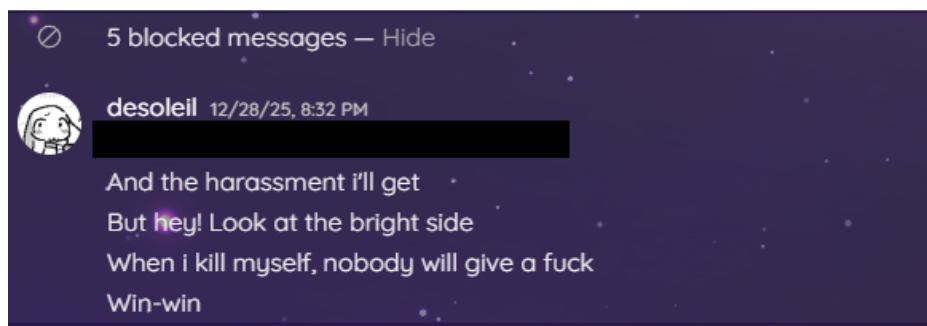

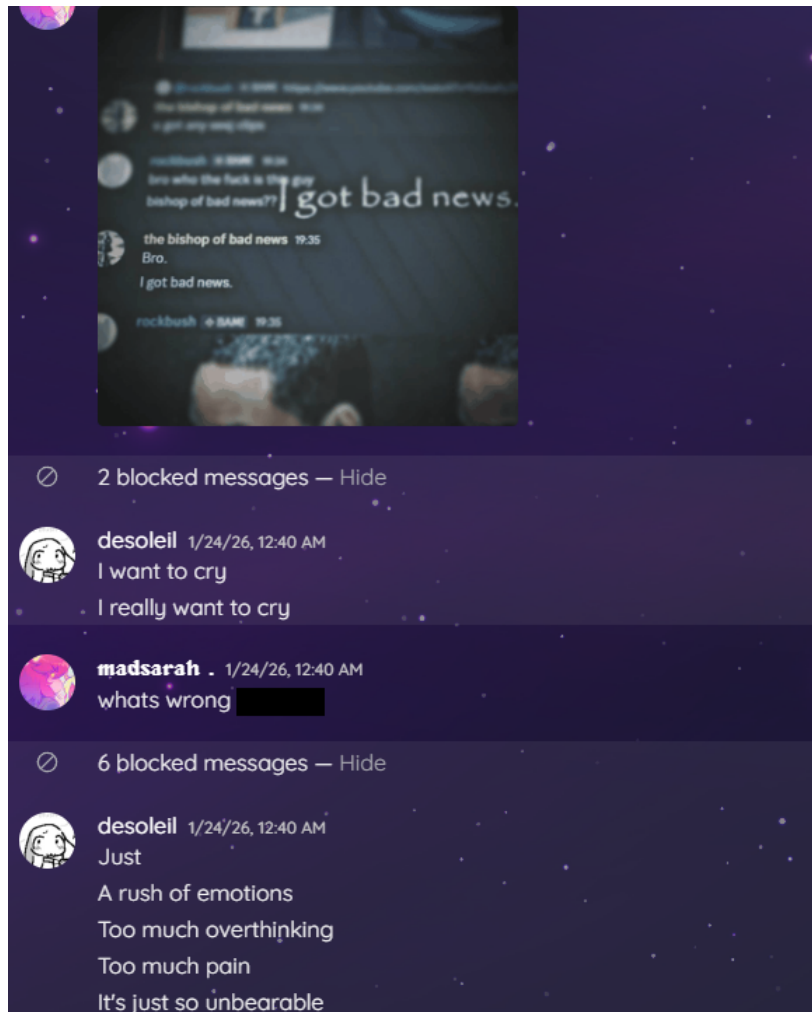

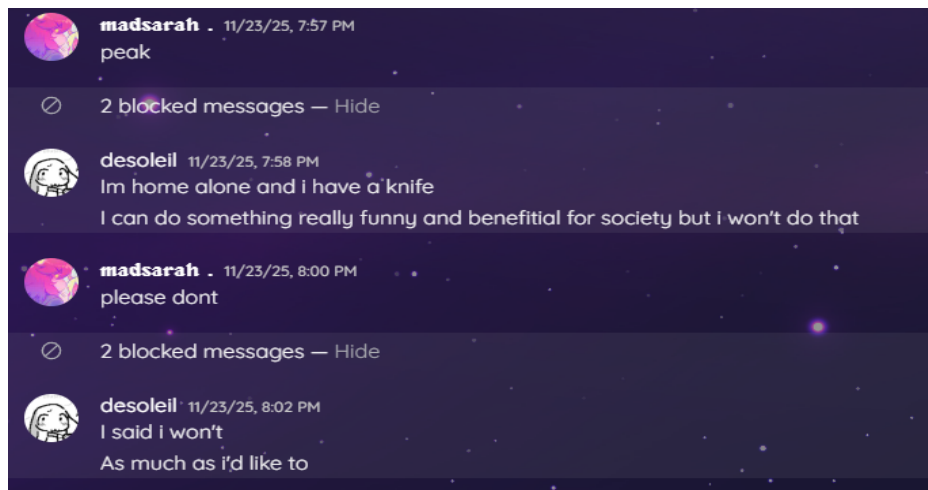

Just another weird comment, adding it here, this was after our big discussion by the way.

Now, I'll just attach a few more messages where System threatens her life or any weird comments she says.

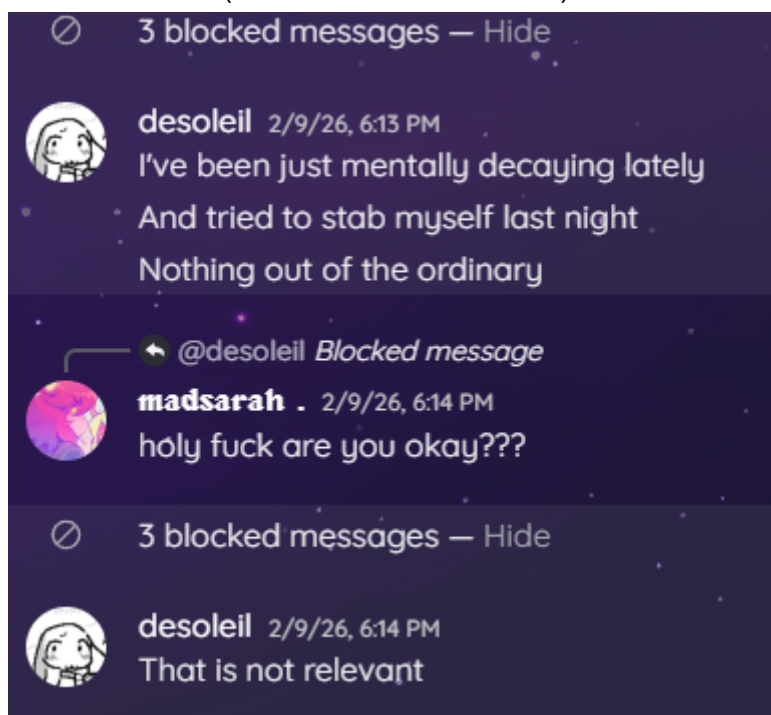

Out of respect for System and I, I would rather not attach images of full vents other than her being suicidal, I think it would be disrespectful and hypocritical of my part to expose someone's deep, personal issues out into the world, but her being suicidal is crucial as to why I developed a fear of cutting ties with her.

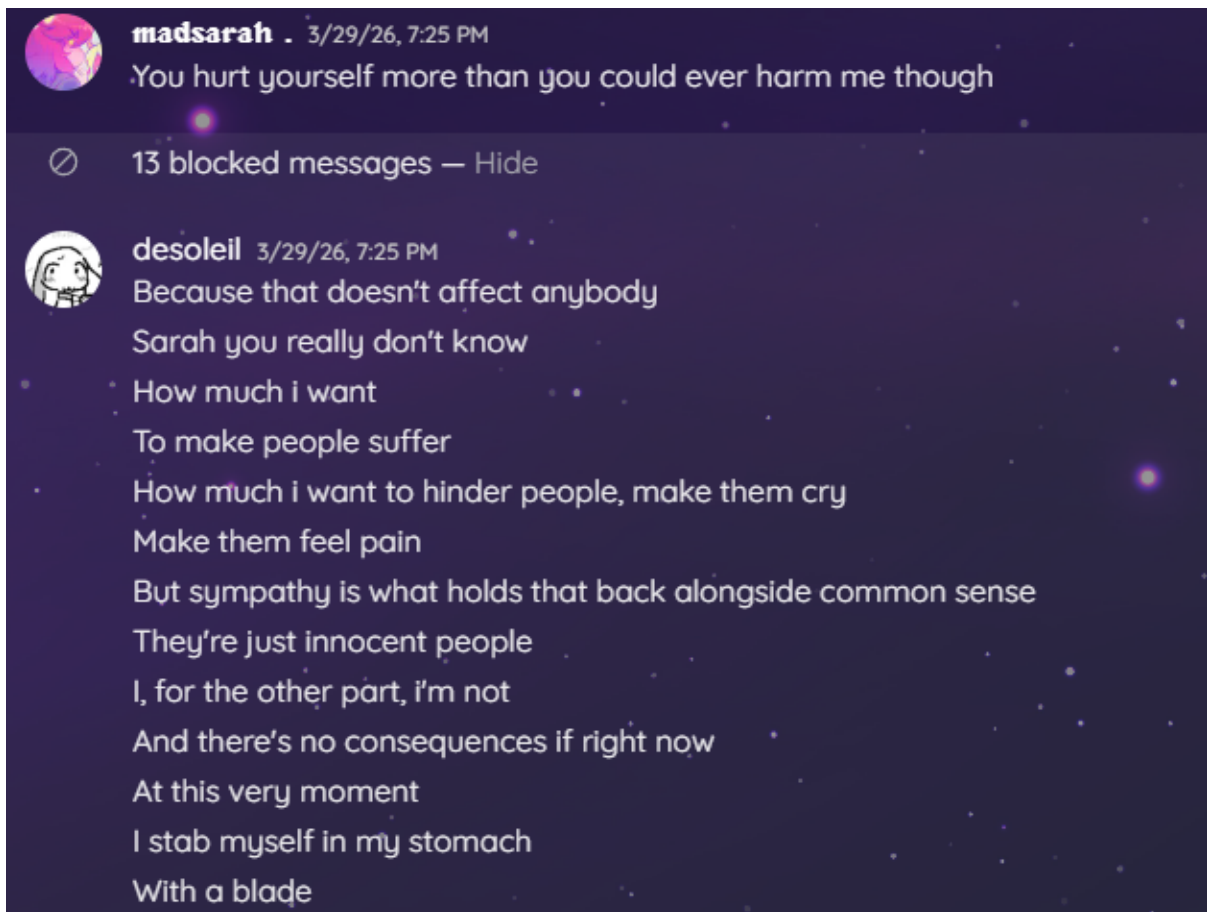

(one of her first instances.)

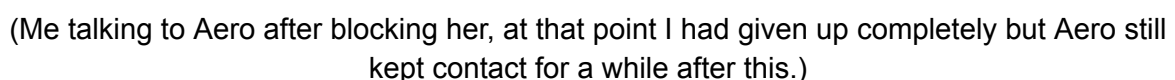

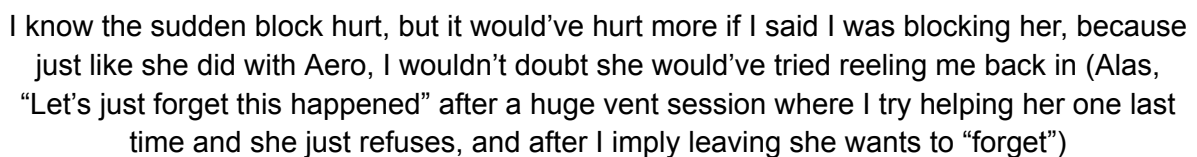

I think that's enough images, I just wanted to make it clear as to WHY I just couldn't bring myself to block her for a long time, and why I kept falling for her guilt tripping. I was worried, genuinely worried that she would do something to herself.

3 - THE FINALE, CUTTING TIES

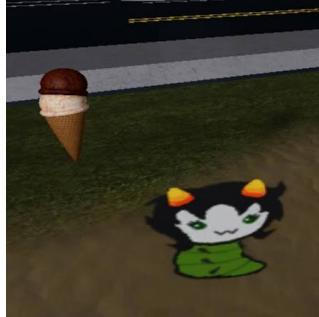

Now, onto the shorter part of this document I go over why and when I cut ties with her, to put it simply, I realized after multiple and multiple attempts at helping her and listening to all her sudden vents and threats, wasting away my mental health for her with the only purpose to not see her hurt herself, all lead to nothing, she didn't care. The thing is, I realized that she just refused to improve, she kept twisting my words, painting me as an enemy to her, someone that hated her and wanted her gone when in reality I had spent hours and hours trying to help her in the best of my abilities, every single time she would twist my words and call me a liar it would just hurt me so much and ruin what little we had of our friendship by that point.

On March 29, 2026, I finally decided to block her.

THIS CONCLUDES THIS SECTION
OF THE DOCUMENT, GOODBYE!!!!

i think thats it, again i'm sorry for the long read

Twitter DMs (Sarah)

**THIS PART IS WRITTEN BY KASPERBUNNNN. CONTENT WARNING FOR
RAPE THREATS AND SEXUAL INTERACTIONS,**

In the DMs of Sarah and System on Twitter, System themselves has sent pretty weird, uncomfortable messages alongside with a rape threat against Sarah, with evidence being linked below showcasing all of the ones I have been given.

for context: System is talking about being “easily teaseable” and admitting knowing Sarah has a partner after Sarah tells them she is uncomfortable with their messages about jerking off and then System is proceeding to send a tweet directing a rape threat.

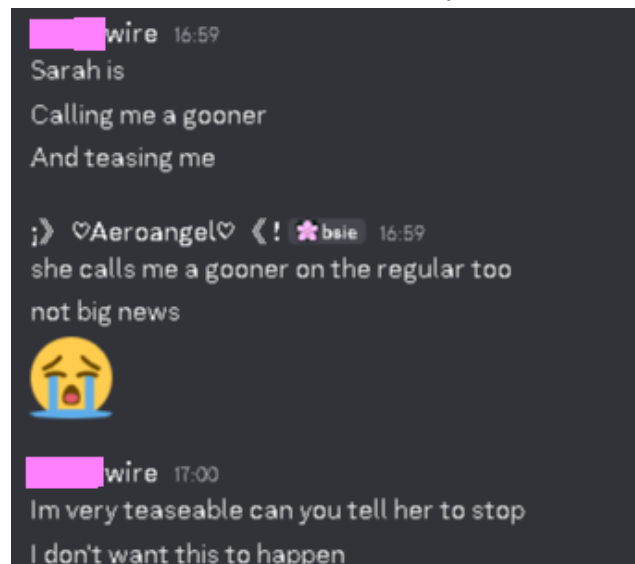

ADDITIONAL CONTEXT FROM SARAH: A few days before this I was jokingly calling System a “gooner”, because of their sometimes over the top messages (not related to me but just messages in sexual tone and also some of their reposts in their private account, which is where they’re messaging me from) and that somehow resulted in me “teasing” her and apparently making her excited. And what was her response to a friend joking around? Send art where a character gets raped and says “this will happen to you”, starts saying she’ll (OBVIOUSLY UNCONSENSUALLY) cum on my face ALL over me calling her a gooner.

From what you can see in “Sarah’s relationship” page, my boundaries were already stated to her and were clear as day, she had no reason to act like this when she knew I didn’t like it, it’s weird

Then there’s the part where System goes to Aeroangel’s Discord DMs and starts to lie about Sarah teasing them after the conversation ends.

(half of System’s Discord display name is censored because of them putting their personal name as their display.)

Aeroangel's relationship

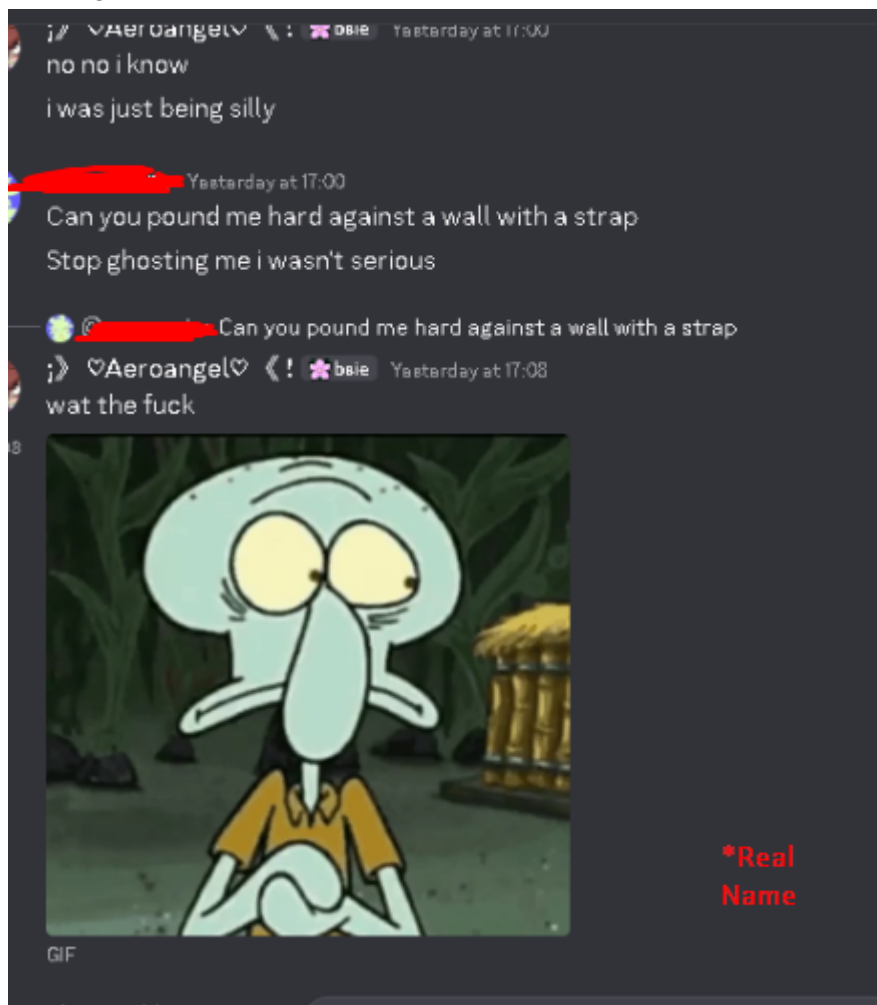

This part is written by **AEROANGEL**. This is a personal telling of my side. Content warning for NSFW, and will be quite lengthy.

Me and System were decent friends for quite some lengthy time. Our friendship grew very strong during the B.I.A.S.T group chat, had I pretended to ignore all these images sent to me. {refer to “BIAST GC”}

I could understand a lot about how System was very hypersexual, and, due to previous allegations of mine, thought that the reason behind these jokes were always just hypersexuality. However, this proved to be very wrong. Just like Sarah, I was a massive victim of her issues with love-bombing, self-harm threatening and breaking of boundaries.

However, contrary to Sarah, who was able to cut ties with System a lot earlier than I was, I was unfortunately only able to decisively make this decision slightly after the start of the making of the document. I’m a person that despises to the bottom of my heart the idea of cutting laces with someone no matter just how bad the person may be, and System, with their behavior, is a great example of this.

I’d like to continue this section of mine by first talking about her NSFW behavior, alongside with messages that further comprove how she has already previously breached my boundaries, and even so as disregarded it.

Finally, a message that I had sent on accident to System when I wanted to talk with my girlfriend, sending her a smooch. System jumps the gun and flames me when I said that it was an accident, and it made me feel terrible at the time.

Lastly, I'd like to include a sole mention towards the day where I blocked her during the morning. She had desperately tried to rope me back when I finally blocked her.

I should say that I still feel terrible over blocking System. It's something that I knew would have to happen, but I still regret it, somehow. It's unfortunate that all of this had to end the way it happened, but it did.

As a final thing, I'd like to comment about her boundary breaking. It was an argument we had some time before, in which I had temporarily cut ties with her due to me being extremely disappointed. However, I had not blocked her, only ignoring her messages.. In a rush, she finally caved in and sent me a response that failed to acknowledge much of the mistakes, and, when I argued back, she immediately deleted the response out of my DMs and tried to victimize herself. I acknowledge that maybe I was a bit too rude back at the time, but it was because I simply didn't want to accept her "apology", which was very terribly written, proven by how quickly she got rid of it.

Aftermath of blocking her

**THIS PART IS WRITTEN BY KASPERBUNNNN. CONTENT WARNING FOR
GUILT TRIPPING,**

After everything that has happened thru-out, on 12th of August 2026, Aeroangel finally decided to block System on Discord for things they have done to their partner Sarah. After Aero blocked System, they finally decided to unblock Sarah on Twitter to apologize to her. Here's the full convo that happened.

I know you won't dare to look at this, and i know nothing that i say will change anything

But despite the calamities i'm facing almost daily because of my actions, i owe you an apology on how i treated you, i'm sorry if i seemed like i hated you or if i were demonizing you, it was never my intention to offend you and i'm sorry for blocking you, i just don't want to remember you, i feel uncomfortable with the thought of you and i just simply want to fully erase you from my life... but if that's bad i guess i can accept you again.

I know and i'm conscious i'm an asshole and a bad person, i know how much of a hypocrite i am, i know how many flaws i have, i know, i fucking know and despite that i still want to be free to make friends and change. It's been 8 months Sarah, 8 fucking months of me having to tolerate being treated like this.

I know this won't bring Aero back, i know this won't make you see me any other way, and i know this won't stop biast harassing me and i know this won't make me magically change and stop my foolishness, but i still want to make the attempt of making amends and not seeing you again, okay?

I'm sorry if i seem contradictory or if i'm repeating myself, i'm panicking and i haven't had much sleep, i'm devastated for losing contact with Aero and i'm fighting to calm down, i'm sorry okay? I'm sorry for everything i did to you

Just tell me what else can i do to fix this, please. I just want it to end.

System_

You accepted this message request

System, I will never be able to accept your apologies, and you know that I tried and tried and tried so so so many times to help you, wasted my mental health which hurt me just to try and help you everytime you would unsolicitedly bomb by dms with sudden suicidal vents or all of a sudden while we're normally talking just threaten your own life, you, even if you meant it or not used me up so much and for what? All the time I spent trying to help you lead onto nothing, I myself cannot believe you have changed, considering how you would still say some questionable things to aero

You overstepped my boundaries even after I made them clear, and also Aero's, you lovebombed me constantly even after I told you I wasn't into that and that it made me uncomfortable, and the worst of all is all the things you said to aero which you never even had the guts to properly apologize for.

When i was REASONABLY angry at you after finding out you were asking for my girlfriend to pound you and many other weirds ass requests and messages, along with the fact you drew yourself fucking her sona unconsensually you still had the AUDACITY to try and guilt trip me, saying how you were "playing along" and that it was our fault.

And I must admit it did work on me, all your threats of suicide made me so fucking scared that you would do something if me or aero left that I just couldn't, atleast for a long ass time, sever connections with you even though I was suffering of guilt of something I wasn't supposed to.

Show less

You misinterpreted Aero's reasoning for blocking you, BIAST isnt onto you again, she was talking about her past endeavors

Not once, not a single time back then did I truly receive an apology that was honest from you.

I hate not having anything to say
I really thought i was over this and left in the past, i
didn't know this was still causing problems
I know you won't believe me but the only
questionable this i remember telling aero is how i
didn't feel ok with you being mentioned, i wanted to
forget about you
Not because i hate you, not because you did
something wrong, i was jus embarrassed of myself

I'm sorry for all of that, i wasn't in the right
headspace for the vast majority of 2026 and it's just
recently that i begun being somewhat stable, i
thought i already talked to Aero about it and i
thought we all didn't have problems anymore

The suicidal problems that you're talking about and
many of my wrong aspects were or are being fixed
greatly thanks to another friend, so i guess i have
that covered for myself...

Since a simple sorry won't do it, the only thing i can
really ask is what do i do now? What do i do to make
it better for all of us??

How can i settle this in peace?

1:44 PM

I really don't have anything to say other than sorry
I'm sorry for hurting you, i want to be shown the right
way and be better

But that's just me being a repeating tape, isn't it?

Thank you for telling me this, i'll try to be better...

Just please at least tell me what else could i do in
this situation

Just please at least tell me what else could i do in this situation

What *is* there to solve so we all are happy with our decisions?

1:47 PM

Once again sorry if i sound dumb my mind is all over the place i really can't take all of this im still processing it

I hate not having anything to say
I really thought i was over this and left in the past, i didn't ...

When aero accidentally sent a kiss to you and deleted it right after and you immediately jumped the gun for "more of it" is just not a good thing to say system

You can't just blame all your problems to not being in a good headspace at the time, you hurt me especially and aero and these are things you can only atone for, but never fix.

I do believe you can improve, but what hurts the most was your lack of acknowledgement of hurting me and all the things you've done, hell system you sent me a rape threat because i called you a gooner once or twice in a friendly way

You can't take a couple months and immediately go "I changed and that wont happen again."

improvement takes time and exposure

1:53 PM

The "happy" way is severing connections with people you know you've hurt and moving on, and taking time to become better instead of proclaiming you've become a better you in the span of a few short months

1:53 PM

I'm not saying i changed, just that i'm acknowledging it

Never in a million years would i be contempt with a way i changed so i'll continue doing so

I'll keep changing

I'm sorry for trying to tune those things out

I'm sorry for everything i did, i myself am repulsed about that

And about the kiss (which was recent), i thought it was a friendly thing like a kiss on the forehead or cheek

I like receiving those kisses, i'm so sorry if i gave the wrong idea

But yeah... you yourself said it. No amount of "sorries" will fix it

I don't know what to do anymore Sarah

I just want to live, experience what i can do
Life is beautiful and i just realized it recently

But yeah... you yourself said it. No amount of "sorries" will fix it

You just can't fix anything when it comes to people you've hurt I've said that already

That's that 1:59 PM

Yup... 2:00 PM

This is the final nail to the coffin, you could say. I hope you had a good reading and I have a message to System, a message I have concluded from what I have seen...

Please improve and PLEASE better yourself because this is genuinely disgusting. I believe you can change but only if you adapt yourself to it, not just saying “I’m sorry” or “I will change”, you have to show that change to make people believe you. People lose trust when they keep hearing the same words over and over and over and over again, and this isn’t your first time, System. Trust isn’t something you can demand from people after breaking it multiple times. It will take you shit ton of effort to change and learn from mistakes. At the end of the day, it’s your choice. I have nothing much to say as I am not the one who is mostly involved within. I hope you had a good read, this was my final statement on this matter. Have a good day!

On a note again, please do not harass anybody involved within this document or the situation, this was made to spread awareness about System’s actions and behavior.
