

Dear Wayne-Westland Families,

We want to provide an update on restoring our district's phone system. Unfortunately, it will still be down tomorrow morning, Monday, January 6, 2025. We will test the phone system first thing in the morning and hope to provide an update throughout the day.

In the meantime, please continue to report your child's absences via email at **info@wwcsd.net**. Be sure to include your child's name, school, and reason for the absence in the email.

Thank you for your continued cooperation. We will keep you informed as progress continues.

Best regards,

Daryl Beebe
Executive Director of Technology
