Episode 008: *Let the Right One In* (2008)

Some notes on a queer reading of the film (from queer writers):

I (Leah) love Kyle Turner's read on the queerness of the film, which he posted on his blog way back in the day (2014). You can read it here:

BJ Colangelo's 2020 blog post on the film for *Gayly Dreadful* is also wonderful, and it touches on some of the things Bri mentions about queer children in our episode. You can read it here:
