

September Quick Tips that I've picked up to pass along: (I'll be adding to this!)

Google Image Search - usage rights have changed:

<https://www.freotech4teachers.com/2020/09/google-updates-and-simplifies-finding.html>

Note this this is "Licensable:

Watch this: [Usage rights - 3 new options.webm](#)

Here's how I pasted in the attribution and image

Make your own story-books - high school students could do this for younger students!

Older students can use these steps to create a how-to or summary of what they've learned.

Awesome blog post here from Kasey Bell:

https://shakeuplearning.com/blog/read-along-storybooks-using-audio-in-google-slides/?ck_subscriber_id=262570101

For younger students - this can all be done easily in Seesaw with the Multi-page feature.
