

THE IDEA PILE

One of the most common reasons people don't commission stories is because of a lack of concrete ideas. So I've decided to start this document, full of ideas I'd like to write about but don't have the time or the right character for. Feel free to use any of these in a commission submission if you're struggling to come up with an idea! I'll add to and update this over time, so make sure to check it out every now and again.

Idea Pile submissions don't have their own special discount, but most of them include my characters, so they'll be eligible for the "my character" discount.

Thanks for looking!

UNCLAIMED IDEAS

These ideas are currently unclaimed. Submitting one of these will almost guarantee you a slot if I like the characters / extra details included.

[NEW] Cum-drained

Fucking a muuuuch bigger cock than yours, having all your cum drained and taken from you. Maybe even ending up in those balls with all your loads~

[NEW] Recycling

Getting mulched into milk by a hungry udder, then drank down and digested again~

[NEW] Musk-marked

Complete master-pet scenario. So heavily musk-drenched by your master's balls, ass, etc, that it completely replaces your own smell, can't wash that off!

[NEW] Mom's clothes pet

Carried around on the day under a big soft girl's cardigan, squished against tum and titty through various errands...ending in vore, sex, anything you like~

[NEW] Feeding the girl

Feeding a big, fat girl as much as you can...but you can't satisfy her appetite with anything but yourself <3

Neil belly worship

Rubbing, kissing, tending to Neil's belly in so many ways. Maybe even fucking it. Could end in OV or navel vore~

Atticus breast vore/absorption

You finally get your friend Atticus in bed, but she takes the initiative to dominate you with her bust before absorbing you right into it!

Long tongue play

A character with a very long tongue coiling a prey up with it, tonguefucking them / blowing them with their tongue / other tongueplay before swallowing them down.

Neil hyper donut play

Neil giving someone a faceful of his hyper donut. Rimming, AV on the table. Could be a micro sub as well.

Outgrowing the gym

Whatever they put in that protein powder you bought, it's making you completely outgrow the treadmill you're on...and your clothes, and the room you're in, and oh, that treadmill's up your ass now, isn't it

Micro OV with food play

A micro getting eaten and ends up in a gut stuffed with food, as part of the meal or a snack afterwards or otherwise. Lots of messy digestion~

Player vore/through-the-monitor vore

Person's character eats their player/owner/etc whatever you are. Pops through the monitor and totally owns you IRL. Maybe even when you're looking at porn of them.

CLAIMED IDEAS

These ideas have been claimed. You can still submit a form with them, but I'm less likely to accept them. Occasionally, I will move ideas out of here back to the main list once enough time has passed and I want to write them again.

Size theft via docking

Docking someone's cock and stealing their size, potentially all the way down to null. Maybe fucking or CVing them afterwards, sort of a self cuck

Milo pucker tf/absorption

Absorbed right into bug pucker/donut, probably after a bit of facesitting/rimming/musk play.

Milo smothering/absorption

Milo smothering someone under his underbelly, immersing them in the gooey gut. Engulfed, absorbed, and probably digested.

Casual vore party

Pred at a party with a prey in them; party going as normal even as their food whimpers, jerks off, and digests in front of them.

Knotted and CV'd/CTF'd

Fucked by a character with a big knot, but oops, they can't pull it out, but they certainly can drag their partner back inside with their cock and churn them into nut butter...or CTF them!

Tailfucked by Amber

Getting Amber into bed, but she takes the initiative to use her long tail to fuck you inside her womb~

Callum tailfuck

Used as a giant, squirmy dildo by Callum, pulled in and out with psychic powers and tail fucked inside his ass~

Neildra!

Smothered and absorbed by a big, gooey Neil-Goodra...

Leashed by a Scolipede

How'd you become a pet to a bug? And is he sticking the tip of the leash up his rear? Oh goodness...(AV)

Girls' night

Going out to drink with Ferra. Normally she's not into vore at all, but get a couple drinks in her...

Neil's full tour

Explore all four of Neil's stomachs and their different methods of digestion~

Callum telekinetic masturbation

Eaten or somehow dommed by Callum, the Mewtwo stroking you off to climax with his psychic powers!

CV breaking up a relationship

CVing someone's partner, then having sex with them and shooting their melted-down lover up inside of them.

Con job

Clandestinely getting to suck someone off at a convention? Getting caught and ending up as nut butter instead to hide the evidence? Must've made them moan a bit too loud!

Callum pawslut

Just used as a toy for those HUGE fuckin' Mewtwo paws goddamn

Milo oviposition story

Milo, Scolipede, sex w/oviposition, egg laying. A trainer in over their head perhaps? Maybe some string play or poison play?

Riker tail vore/tailstomach

Riker beats someone in a fight, either tail vores them straight up or eats them and then pumps them into his tailstomach.

Shower smother

Two friends showering together, one much bigger than the other. Almost inevitably leads to some butt/belly smothering, maybe sex and/or vore.

Marcie at the bar

Meeting up with Marcie at a local bar and getting plastered. Very raunchy, very public, boob smothering, sex, any kind of vore, etc. Even thinking disposal on this one.
