

Varsity: Coach Maier

Email: lauren.maier@cfisd.net

Coach Maier has been involved in volleyball since she was in third grade. She's played all her life, coached and officiated at the high school and club level for 9 plus years. She's always loved the sport and enjoys coaching as it gives her a new way to connect with student athletes. Of Volleyball, she says "It's not all about the sport, but watching the girls grow skillfully, physically, and mentally. I love how it forces the girls to work at a team level". Coach Maier is entering into her 11th year of teaching—she teaches World Geography and AP Human Geography, both of which she loves. In her free time she enjoys being outdoors, cooking, hanging out with friends/family, completing home projects, and traveling.
