

Bizly

On our last episode of Wonderlust, the team all made their way individually towards the Harrowed Mountains. Troy and Blink were the first to notice that the Wonderful Trade Company had heavily fortified this mountain, and the airship they were flying in on was swiftly shot down by harpoons because for some reason, they had harpoons. Runt, after shutting down the army of clockwork soldiers, used her newfound teleportation to get to Inaro Fel quickly, and WD just happened to be going that way anyway and was almost there. They all arrived in Inaro Fel to that the town had been ripped apart by soldiers. The mountaineers had been ripped out of their homes and caged by a familiar enemy. The team banded together and tied Onyx into a balloon animal before he could do absolutely anything, freeing Inaro Fel. And now, my friends, we venture back once again to the world of Wonderlust.

Bizly

The four of you trek your way back up this mountain. You find yourselves climbing into what was previously that warm, lush forest overgrown in the elven ruins, now dying, covered in snow. It seems whatever magical barrier protected this land is gone. You walk, leaving footprints in the snow towards the elven ruins.

Bizly

Big is with you, Aeon as well. I'm giving you an opportunity now before Big heads up and with Aeon with you to change any of these plans. If you've thought about anything, you wanted to go differently. You have one more opportunity. I need to know if you are being sneaky, if you are doing anything to-

Condi

I mean being sneaky will be hard because we also have everybody from Inaro Fel with us going into this first layer. But I guess we should do our best to be sneaky.

Milo

I'm going to be sneaky.

Charlie

I'd like to reach down and pick up a frozen lily and silently weep. And one of those tears crystallizes and it falls off my face into the center of the lily. And when it hits the flower, the petals all disintegrate into the wind, and I let it go.

Condi

This layer does something to you. Is there anybody we're waiting on necessarily before we...

Charlie

My dad might be coming. I'll point up.

Condi

I don't know. I think that'll take another 16 to 18 hours with an umbrella.

Charlie

Yeah, no, that makes sense. If you want them to fall faster, you got to pay them 6.99 for overnight.

Condi

He'll land when the time is right, I think.

Charlie

Wait. Hang on. I know about my dad, but what about grandpa?

Bizly

Ohhhh.

Charlie

Because grandpa's, grandpa's on this layer, right, dude?

Bizly

Roll investigation.

Charlie

Okay, I'm rolling in westimation.

[laughter]

Charlie

I got a natural 20.

Bizly

Hot damn!

Condi

What dice did you use to roll those?

Charlie

On the Runt dice. Peep it, peep it, peep it. It's hard to show, but you can see it right there. It's right there.

Milo

Guys, go to Just Roll With It show. We're selling weighted Runt dice.

Charlie

You didn't even know. You don't even know.

Bizly

You know. You know.

Charlie

No, there's something about the air on this layer, bro. This happens every time.

Bizly

You put your ear to the ground, Troy. And while you're doing that, Blink, you just nod at Big. And Big heads up the mountain to enact the plan as you agreed to distract and buy you as much time as possible so that you could go up. Now, Troy, you remember this is about the area where you met Grandpa, and you listen up, but you don't hear the little mushrooms. You remember the path you took. It looks a little different now.

Charlie

They finally put him in a retirement home?

Bizly

Do the rest of you follow Troy as he darts off the path into the woods?

Runt

Troy, where are you going?

Charlie

I point like a pointer dog, and I say,

Troy

I smell something.

Charlie

And I run off.

WD

Troy, where are you going? We need-

Troy

[dog barking noises]

Blink

Hey, you guys just keep going to the cave. We'll meet you there. Troy's picked up a scent.

Troy

No, I'm just messing with you guys. Something is deeply amiss.

Charlie

Then I'll walk into the mist.

[laughter]

Runt

Holy shit, dude. This is not the fucking time to be messing around.

Blink

I just don't know. Every time we come to this lair, he just becomes like, enlightened.

Bizly

Almost like a straight line. You make it to grandpa's tree. You see his humanoid shape embedded into it, and you see his eyes are closed.

Troy

Grandpa, Are you still there? Can you hear me? Can you see me? Can you feel me? Grandpa?

Bizly

When you initially met him, you felt that psychic presence. You felt him speak into your mind. You don't feel that now.

Charlie

I'm going to take my two fingers and I'm going to go like this over his eyes.

Bizly

They were already closed.

Charlie

I know.

Bizly

Okay.

Charlie

It just feels right.

Troy

I'm sorry we weren't here, dude...We're going to make sure that nothing like this stuff ever happens again to people or any mushrooms or any grandpa anywhere. Because that's what I learned it's all about. The whole time, all along. Thank you for being chill that one time that we saw you before and letting us into your abode. We're going to make this right and you know I sewed this coexist patch onto my jacket just because of you, man. I embroidered a little mushroom on one of the letters as well because I was thinking about you and that stuff and how everyone...

Bizly

You hear a little weak sound coming from just in the brush under the snow. You just hear him muffled.

Mushroom Grandson

Grandpa.

Troy

What?

Charlie

I start digging in the brush and looking for a little grandson.

Bizly

You dig in and you find one little mushroom. It seems nestled up against the tree. Almost holding on to it. And he's very cold when you get down there, you brush some of the snow off.

Troy

Hey, little guy..., silly me. Grandpa. Grandpa, grandpa. Grandpa.

Bizly

Roll animal handling with advantage.

Charlie

I didn't get a natural 20. I got a 19.

Bizly

You hold your hand down and the little mushroom turns around, grabs onto your finger, and he holds on tight. You can feel it's like ice.

Troy

Everyone deserves to have a home on this island, little dude. Even if they look fucking weird like you, and I'm going to...

[laughter]

Condi

I'm glad I wasn't there for that.

Charlie

What, dude? It's sweet. You know what I mean sweet.

Bizly

No, it weirdly is-

Condi

It is in a very Troy way.

Bizly

Even if they're fucking ugly little things that don't talk right.

Charlie

They gravitate to me, dude. I'm going to bundle him up, put him in my pocket like a neopet, and I'm going to let him poke his little head out.

Bizly

You put him in your pocket. , I'm not going to do that. Never mind. That was this beautiful scene. We're going to move on.

Charlie

Were you going to have Mlep try to eat him?

Bizly

Yes, I was.

Charlie

Were you going to have Mlep try to eat him?

Bizly

Yes, I was. Of course, [crosstalk 00:08:16] of course I was.

Charlie

[crosstalk 00:08:16] Yeah, yeah, that's why I bundled him up, you fucking dick, dude. I fucking go on to you. I'm on to you, dude. I'm on to your shit.

Bizly

Of course, he eats the stuff you have, dude.

Charlie

I didn't even call it out. I didn't even call it out because I wanted it to be a beautiful scene. Word up.

Bizly

It was a beautiful scene alright...

Condi

It was beautiful. It was beautiful. It was natural.

Charlie

Add a grandpa to my inventory.

Bizly

You get inspiration. You get DM inspiration. I give you inspiration.

Charlie

I do? Oh, that's epic.

Bizly

Okay. Yeah, and to use it, you got to eat him [starts laughing]

Charlie

What?

[laughter]

Charlie

Sorry. Sorry. [crosstalk 00:08:42]

Bizly

[crosstalk 00:08:43] That's not true.

Charlie

Sorry what? Sorry. Sorry. What?

Bizly

No, I lied. No, I lied. Run that back. Hang on. Rewind.

Charlie

Just don't put the genie back in the bottle.

Bizly

One more time. Put him in the bottle. Don't eat him later, please. He's so beautiful.

Charlie

Everyone deserves a chance to live. [chewing sound]

Bizly

You're going to live in my fucking stomach. While all of this is happening, the rest of you continue along the path. WD, you do begin to see in these elven ruins, although the snow is obscuring them even more, and they are in such a state of disrepair, you do see the similarities, and it becomes pretty obvious this is where the armor you wear comes from. The first thing you see, WD, is this huge structure made partially from the bones of a long forgotten creature and these pillars that all move up into a jagged edge. But all of it is covered and obscured in snow. You can see, specifically in one of these skulls that is embedded into the ground, some woodland creatures have turned the inside of the jaw into a nest where they're huddling. And then for the ruins, you see a lot of these trees, they tower over you. Some got to be 100 feet tall. The leaves all fallen off of them. And the roots still remaining the base structure of what you're walking on. A lot of it is either grass or root. But again, just a lot of it is dead.

Bizly

And the elven structures that you see are, again, these stone pillars with runes lining the sides of them, but all jagged and broken. Seemed very, very ancient.

Milo

I've got some old-ass fucking armor.

Bizly

Troy would show up with all of you, and you would arrive. If you remember the area where you all solved the puzzles, and there were those two doors, that entire area, you remember directing all of the people in Inaro Fel to come and meet you here, and they went up ahead of all of you. But at this point, moving up, you don't see any of them. Although, what are your passive perceptions.

Condi

Thirteen.

Milo

Eleven.

Charlie

14.

Grizzly

Perceptions, 15. Investigation, 19.

Bizly

Runt, you immediately look around, staying on edge. You walking in, leading this charge, stop, and you hear rustling in the trees around you.

Runt

Something's there.

Troy

I know.

Bizly

You see the people from Inaro Fel hiding. And Troy, you notice.

Charlie

I do? Okay. [laughs] All right. Yeah, of course I do. What's up?

Bizly

A creature. You can't really see it entirely, but the noises sound familiar. The shadow moves around one of the structures and Runt you see Gray just,

Gray

Get out. Get out of sight. Hurry.

Troy

It's okay.

[laughter]

Grizzly

He's doing the Chris Pratt thing.

Bizly

Is that what you do? You do the Chris Pratt thing?

Charlie

I'm going to do the Chris Pratt thing. I'm going to stick my hands out. I'm going to say,

Troy

It's okay. It's more scared of us than we are of them, of it. Scared, I mean.

Charlie

I take out a little piece of food. In my hand, like the boy does with Air Bud at the abandoned church in Air Bud. And I hold it out in my hand and I gesture back for everyone to stay calm and to stay steady. And I hold it out.

Bizly

Roll me one more animal handling check.

Charlie

Easy, dude.

Grizzly

I'll give him guidance.

Charlie

Do you really? Do you really? Okay. Roll on the Runt die D4.

Grizzly

My guidance is I put my hand on Troy to push him forward.

Runt

Just go slowly, slowly. Make yourself small. Make yourself small.

Charlie

That, my friends, is a 15.

Grizzly

I can flash a genius, and you get a five.

Charlie

Okay, yeah, I'll take a 20. I'll take a 20, dude.

Bizly

You see the fiery cerberus lumber towards you from around the structure.

Charlie

Oh, wait, I thought it was the baby. Oh, shit.

Bizly

You get closer, and this creature, one of the heads, starts to sniff up towards you, and another snaps at that one. And they all begin to growl at you, Troy.

Charlie

I hit in order. The first one with an alpha stare, the second one with a beta and the third one with an omega stare.

Bizly

Let's see all three in order.

Milo

I don't know if I want to see the omega stare.

Charlie

Here's it in order.

Milo

All right, alpha.

Bizly

Sure.

Milo

Okay.

Condi

Okay, alpha, beta.

Bizly

Sure.

Condi

Beta, [crosstalk 00:14:15] okay.

Milo

[crosstalk 00:14:15] Okay.

Condi

And omega.

Charlie

And then omega.

Bizly

That's Sigma. That's Sigma. It didn't work. [crosstalk 00:14:22] The third one's mad. The third one's mad.

Charlie

[crosstalk 00:14:24] Oh oh, sorry, what is Omega? What is Omega? What is omega? Milo, what is Omega?

Milo

You got to get really submissive with it.

Condi

It's like the one that gets fucked.

[laughter]

Bizly

I thought that was beta?

Condi

Beta is just weak and pathetic. Omega is like the one that...

Milo

Omega is the one that goes into heat.

Condi

It goes into heat and just gets fucked, sloppy style.

Charlie

Dude, what the fuck?

[laughter]

Charlie

What the fuck. Okay, all right. No, give me a chance! Give me a chance, DM!

Bizly

No, you do not make the "in heat" face, please.

Charlie

Give me one chance. I rolled a 20. I rolled a 20.

Condi

I've somehow been witness to so many Omegaverse conversations, and I don't know how it keeps happening to me, but I know a lot too much about it now.

[laughter]

Bizly

Dude, that's just your face.

Milo

Get that shit away. Put it away.

Condi

Stop that.

Grizzly

I retract my flash of genius and my guidance.

Charlie

I just spit took, dude. I just put it through to-

Grizzly

Runt sees that and fucking runs away.

Bizly

I need you to know what happens because you did that.

Charlie

No, it was the 20 of the die. Fuck you, dude!

Bizly

I know what it was! I know what it was! The result is the same, but it is way more uncomfortable.

Milo

Oh, no.

Condi

Oh God.

Charlie

Only for the third one.

Bizly

You do that look at the third one, and the creature stops growling and just looks at you, and the baby comes out, and he runs up towards the food, and one of the heads grabs up the baby before he can take it, and the others just stare at you while it walks away.

Grizzly

We found a predator in the woods.

Charlie

Dude, don't call me a fucking predator, dude.

Bizly

That's a predator stare. That's a predator stare.

Condi

Oh, my fucking God.

Grizzly

Fuck, I'm going to get sick again.

Charlie

Top of the food chain.

Bizly

The Cerberus leaves the area and the residents of Inaro Fel, step out. And Gray says,

Gray

How did you do that?

Troy

Every ecosystem fears an invasive predator.

WD

He's the king of the jungle.

Runt

How did he do that? He attuned with the jungle the first visit. We also saved that mother's child, and then Troy just scared him away again. What the fuck was that, dude?

Troy

It's just the food chain, and someone's got to be the one to break the shackles.

Runt

I shouldn't make yourself small, not submissive.

WD

Well, he made him so big, then small, then submissive.

Runt

I don't know if I would even call that. That was aggressive.

Blink

Yeah, that was a whole spectrum.

Troy

I hit the whole spectrum, yeah.

Blink

I just think you could have done maybe a sigma instead.

Troy

You don't even know where I was, dude. It's like the human eye can only see up to certain I was in the UV spectrum of sigma, dude. You couldn't even perceive it.

WD

You went shrimp mode.

Troy

I'm always going shrimp mode. It's fucking chilly.

Runt

Let's keep moving.

Blink

I think I want to move on from this yeah. Can we just forget this happened?

Bizly

This is where you would all set up camp. All of the people come out, and if you don't do anything else, they will begin setting up camp. The sun is going down, it is getting darker, and everything is really just illuminated by that glow from that machine above you.

Runt

All right, gang, come here. Gather around while they're setting up camp. Do you remember any of the... What'd you call them? Ardic?

Blink

Ardic? You mean the Tiger? Tony the Tiger?

Runt

Yeah, the tiger.

WD

Aldrick.

Runt

Aldrick. Aldrick.

Blink

But Tony the Tiger is what we call him because it's funnier.

Runt

So the tiger was... All right, listen to me. I'm trying to think of what... When I went down to Reclaim, I'll be honest with you, I had an incident. You know...my sickness almost caught up to me, but I managed to I managed to get something that I've been planning for a while made, invented, and I ended up cracking the code to teleportation. So I have this device with me that allows us to transport or allows me because I'm attuned to it. You can only really have so many items that you have control over all at once and activate using your own energy. Anyways, it doesn't even matter. But I'm attuned to it now. And so I have...if we get there and it's not winnable, I can teleport myself and the danger, the tiger, out of there. I also wanted to hand these out just to prep. I wanted to ask if you remember anything about the tiger, about his power or what power he exercises.

Grizzly

Then she's going to start reaching into her bag for some stuff.

Blink

He's very large, very big, very strong. Me and Troy tried pushing him. I don't think the both of us together could even budge him.

Troy

No, there was give. There was give when I joined. For sure, there was give.

Blink

You think so? Because I'm pretty sure.

Charlie

There was the idea. Like, give was coming, give was coming.

Blink

Okay. Well, give was coming, apparently. So somewhere in the ballpark of, if I had to guess, like 24 to 30, maybe.

Troy

He also had nanomachines or cogs or some technology under his fur scanner-

Blink

Mmmh

Troy

In his body.

Runt

Did it seem like it was powered by wondrous coal to make it magical or...?

Troy

Um, could you tell, Blink?

Condi

Can I do a recall check of some sort?

Bizly

Yeah roll history. See if you remember.

Condi

Uh, that's a five.

Bizly

You have no idea. If anything, it seems much different from how you're used to seeing wondrous coal used.

Blink

Yeah, so the cogs, they were tiny and moving and stuff. I don't know. It was different. It was weird. It's definitely not how we have used wondrous coal to this point, so I'm not sure.

Runt

You said it was infused into his skin. Was it made of visible, any visible metal or anything? Or just completely hidden underneath his fur?

Troy

We could just see the glow. It seemed like it was all built into his body.

Runt

All right. Well-

Milo

Runt, before we keep talking shop, you glazed over it. And I love glazing, but are you okay?

Blink

Yeah, I mean, you seem fine, but...

Grizzly

She basically made one of those clockwork soldiers into this final version of her power armor. Like, She's got full steampunk clockwork power armor, chestpiece, giant fucking gauntlets, giant boots and everything. She looks well ingrained, but you can still see...and she lifts open a plate so that you can see more her torso and not just her head.

Runt

No, I am more than fine now. I-I-During our journey, I've been having this idea for these sort of augments? You know I augment my legs. I augment myself physically since for as long as I could remember, just to try and keep out there, keep up. And I had the idea to do the same for my lungs because that's kind of what the problem seems to have been stemming from, especially when I got to Wonder and the cold was affecting me and making it worse. So, yeah, I made this invention, and it's working. So I have a lot more time. I have a lot more time. Assuming we make it all. We all make it out of this because this is some dangerous shit.

Charlie

Wait, is that why? You haven't coughed a single time since we've been up here! Are you telling me you're, you cured it, dude?

Grizzly

You can see through her shirt, a little dull golden glow that just pulses, brightens, and dims.

Runt

I wouldn't say I cured it.

Troy

That's our fucking genius, dude!

Charlie

I fucking punch her in the solar plexus.

Troy

Yeah! Fuck yes, dude!

Grizzly

The gauntlets raise up and [bsst sound] she punches you, you go flying. Anyway.

Milo

Auto reflex.

Runt

All right, first of all, voices down. Fuck. No, I didn't cure it. I'm powered. I'm basically living off this wondrous coal now.

Condi

It's like you had a transplant, essentially. Yeah?

WD

But, Runt you're, you're incredible.

Runt

Noooo.

Blink

I've never seen anything like that before.

Milo

You teleported...lungs into yourself?

Blink

Could that not have gone horribly wrong? Could that not have killed you instantly?

Troy

W, huge W, big W.

Runt

During desperate times, sometimes you just have to figure it out, or you know, death, you know? You ever meet people that work really well under pressure. That's how I usually am.

WD

I'm nothing like that. I crumble.

Runt

[laughs awkwardly] I really did not want to fucking die right before we faced this this this bastard up there trying to transport everyone away. Anyways, besides the point, yeah, I've got these wondrous lungs now, and I finished the armor while I was working on... I turned off all the fucking robots and all that shit. Anyways, it's been a busy few days. You guys know how it is. That's not what I'm trying to say, but I appreciate it. Thank you. We're going up there, and I prepared some stuff around the same time. I've been working on this on and off. I can't use this anymore because I have the teleportation device. I'm going to entrust it to you, WD.

Grizzly

And she gives you this. It can be any wearable you want, but it is the telekinesis ring, and it's telekinesis at will. Very powerful thing.

Runt

I found it here in this domain of the mountain. Fucking sick, let me tell you. But they did not. You've seen me use this before, so you can figure it out. You're smart.

WD

Uhhhh

Grizzly

She hands you the ring of spell refueling, Blink.

Condi

Yeah.

Runt

So if you're feeling out of energy, I'm assuming that I really hope a fight does not break out and that maybe we can solve this peacefully. But that motherfucking tiger is crazy, right? So probably not going to happen. So this should keep you in a little longer. I will say, though, I have built this to take as many blows as possible and be really hard to damage me on the inside. So if he really is a brawler, I mean, Troy, I know that you're really fucking strong and scary, but I want his focus. It might be better for me to be taking the hits unless he... If he breaks me, then we'll switch the plan up. But anyways...

Grizzly

And then she pulls out a little necklace.

Runt

In case you are the one that takes a lot of hits because you get in there. You're that guy.

Troy

I'm that guy.

Runt

All right, here's a periapt of wound closure.

Charlie

What does that fucking...You don't even know what that means. Define that. What does that mean, a periapt?

Grizzly

I fucking made it. What the fuck?

Charlie

How do you spell? What do I even search? How do you even spell that?

Grizzly

It's a necklace that has the Refined wonderous coal. Refined wondrous coal is golden in hue, and it's a necklace that has it in there. Essentially, if you go down, if you're unconscious, you stabilize at the start of your next turn.

Charlie

Ohhhhh.

Grizzly

And when you roll hit points, if you roll hit die to regain hit points, you double.

Charlie

Oh, that's awesome. Okay, sick.

Runt

Main thing is, you should not die because you have that aura around you that you're going to die?

Troy

I can take it. I can take it. Listen to me, Runt. Listen to me. I can't make new lungs and then transport them into myself. I can't build elevator like you. I don't even know how to build stairs. So Runt, if it comes down to it and we're on the front lines together, just know that as many blows that I can take that are meant for you, I will. Because I think that if anyone knows how to turn this around and use all this technology woo woo woo for good, I think it's you.

Runt

I have no I have no idea. I have no idea. I have no idea.

Runt

No, you do, though. No, you do, though. No, you do, though. This whole time. And we all saw it. That you were a flame burning five times, 10 times as bright as everyone else. And we were so scared seeing you out there in the cold that you were going to burn down to the wick and the world wasn't going to see what you were capable of, dude. But now you have a fucking chance to show them. Okay? I'm not saying I'm not at... I'm at my peak, dude. I've been at my peak for the past five years that I've been held back in college.

Runt

Shitting yourself as part of the peak?

Troy

There are bumps. Sometimes in the topography, there are bumps at the peak. But what I'm saying is you still have so far to climb. Thank you for the jewelry. I'm going to hide it under my clothes because it's very feminine.

Runt

Shut the fuck up. [crosstalk 00:27:55]

Troy

Fuck you. [crosstalk 00:27:56]

Runt

Shut up. Shut the fuck. Fuck you, dude.

Runt

I-I build shit. I like to invent shit. I like to create. But I'm not... Look, realistically, I haven't really been alive that long. So people, it is not my strong suit. If this guy...it's not like I'm going to get through to him with words you know? If he pisses me off, I'm going to call him a cheeseball and start swinging. I learned that from you.

Troy

Oh, yeah. No, that's-

Blink

Okay. So I think there are better things. I don't think there's anything you should really learn from Troy necessarily.

Troy

I disagree.

Runt

It's not like I was studying him, but god damn it, fucker runs-he just kind of rubs off.

Troy

I do.

Blink

I mean, I get it. I do. I do get it. He does rub off.

Troy

I do. I mean, whenever I get a sec.

Blink

I've arguably spent the most time around him, and I do think that maybe it has made me a worst person deep down. But...[laughter]

Runt

I mean, hopefully these things give us an advantage. Again, you know I have this teleportation that I could do, and that's like the last resort. I know our main priority is Ripley and the professor.

WD

The fact that you say you have little time on this Earth comparatively. That only proves Troy's point more. I mean, look at you, right? You are one of the smartest people I've ever met, and you've got so much longer to learn even more. So there is no way that it is going to be cut short today or tomorrow. There will be no sacrifice. There will be no "for the greater good". You... You have to keep living.

Runt

I – I – I should be fine. You know? I – I just... I'm just letting you know my plan. That's all I got right now. That's all I could think of. But I want us to do this together because... Like I said, I... I – I build shit, but it's not... That's my strength. I think I'm going to need all of you with me if we're going to figure this out. This is going to take more than just one brain, I think.

WD

Well. You've got another half of one.

Runt

What happened to half your brain?? They lobotomize you??

WD

Ripley's has got it.

Blink

Why does she have half of your brain?

Runt

What happened to half of her brain??

Blink

That's not, that can't be healthy.

WD

Guys, it's a metaphor. I-I-

Troy

I'm still alive.

Bizly

You guys, I imagine help with some of the setup. The other street rats arrive at the camp a bit after the sun goes down. Is there anything else you want to do?

Charlie

Just looking through my inventory to see if I could do anything. Let's see. I got alcohol. I could finally try and convince Runt to drink underage. I could...

[laughter]

Bizly

One more shot. One more shot.

Condi

One more chance, honestly.

Charlie

That's exactly what I was saying.

Bizly

Dude, everybody take a shot. Everybody. Everybody. Everybody takes a shot right now, dude.

Milo

Peer pressure.

Bizly

We all got to do this together. We're in this together. We're in this together. Everybody, dude.

Troy

Before everyone goes to bed, I think we should all do a shot.

Bizly

This is real, okay.

Charlie

Yeah you did it in the Troy voice, so it's a bit... No, it's fine. But we could do it.

Bizly

Dude, this is your last opportunity. This is the last time.

Blink

I was in. I'm in, honestly.

Runt

I don't know. I mean, this kills your brain cells. What if I drink it and I wake up stupid tomorrow?

Troy

It could happen.

Runt

Fuck!

Troy

But here's what I'm going to say. Here's what I'm going to say.

Charlie

And I fill all this up with this shit from the alcoholisium that I've had in my bag this entire time.
Pour a shot for everyone.

Troy

We've been doing what we've done. Not just survive. So I don't want us to just get to bed tonight and get out there for the big game tomorrow, thinking about just the day that comes next, because that's what we've been doing. I want us to go up there and think about the years that come next, the generations that come next. You know, what is everything?

[laughter]

Troy

I don't know. Let me bring you back Let me bring it back in.

Bizly

Everybody's looking. Everybody's looking.

Condi

Everybody's staring at you.

Grizzly

I give you guidance.

Bizly

There's a fire going. Everyone's getting ready to sleep, but they all walk out, start looking.

Runt

Hey, lock the fuck in, dude.

Troy

I'm locking in. I'm locking in. This isn't just about how we win the fight. This isn't even about winning the war. This is about securing a better future, not just for people that look like me, but for people that look like you, too. And you, dude. And you, dude. And even this weird fucking thing I found on the ground earlier today.

Troy

I'm going to pull out this little mushroom.

Mushroom Grandson

Grandpa. Grandpa.

Troy

That's right. That's exactly what I'm saying. That man up there was to take away all of your futures. He wants to take away the chance for this brilliant young girl to change the world with elevators and escalators and all sorts of stuff. So we're we're not just fighting to save our own skin. We're fighting to save everyone's skin. This is the big game, dudes.

Runt

What team?

Condi

Smokestacks.

WD

Yeah!

Troy

There was no fucking enthusiasm there, you motherfucker. Say that shit with your chest.

Condi

Sorry, my bad. Hands in. Everybody hands in. Hands in, everybody.

[everyone in unison] Smokestacks!

[cheers from everyone]

Blink

Hey guys, I'm actually just reflecting on what our logo looks like. It does look like poop coming out of a butt.

Troy

Shut the fuck up! First, we wonder, then we lust!

WD

Let's wonder lust.

Grizzly

Runt hops up.

Runt

Let's reclaim our right to wonder tomorrow.

[cheering]

WD

Let's think about the future.

Runt

No! No!

Blink

I really need to deliver this letter. I really have to deliver it.

Bizly

Ohhhhh, any more callbacks?

Charlie

I take a shot. I go,

Troy

It's dude you dude, and you, dude, and you, dude! No, you know what? Dude, it's us, dude!

WD

Us, dude!

Bizly

Yeah!

Troy

Blink, Blink. Blink, I think now you're in a safe space. You can just admit it if you have to.

Blink

No, shut the fuck up. Shut the fuck up.

WD

Wait, Blink, do you have a foot fetish?

Blink

No, I don't.

Runt

Speaking of Blink's foot fetish, we're going into a large conflict. Does anybody have a condition?

Bizly

Everybody's chilling.

Runt

Good.

Charlie

I get Blink to drink a shoe.

[laughter]

Condi

No, it's just like there's something on the tip of my brain that there's a callback I'm supposed to be making right now. I just can't.

Charlie

Dude, just start making every callback you can think of, bro.

Grizzly

Remember when we stuttered and decked that guy in the fucking face?

Condi

Yeah, I just stuttered, I punch Troy in the face.

Troy

Fuck, dude, what the hell? Why would you do that? Dude, everyone's looking at you, bro. Everyone-

Blink

, , package, package delivery.

Condi

I'm going to punch him in the face again.

Troy

Ahhh!

Condi

And then deliver a package for him.

Charlie

What the fuck, man? What Are you just saying things that happened and then punching me?

Bizly

You guys are all around the fire keeping warm. Some of the animals seem to be moving closer towards the fire. Big Boris is with you. Mai is with you. All the street rats are with you. You have Gray. You have Aeon is here.

Milo

WD would just be fiddling with the amulet that or I guess her wrench, just staring down at it. Tapping at the little glowy bit inside of it.

Charlie

I'll finish my book on everything in the hole in case this all goes south and I need to make a million dollars.

Condi

Yeah, that's a good idea, honestly.

Bizly

That's a good call.

Condi

I guess I'll go sit next to Aeon for a little.

Grizzly

Can birds kiss? I've just been wondering this.

Condi

We're not, dude, you're not going to find out today because it's not happening between us.

Charlie

I'm going to start ribbing. I'm going to start ribbing Runt like,

Troy

Dude, it's happening, bro.

Blink

It's not happening. It's not happening. It's not like that, okay?

Troy

She doesn't deserve it, dude. It won't work.

Runt

It's going to walk over there and get manipulated.

Condi

Dude, how could I possibly be in a relationship with somebody who's stabbed me in the back like 15 times?

Charlie

You're not in this conversation.

Condi

Okay, well, whatever.

Grizzly

We're whispering about you in secret.

Bizly

She sits on one of the logs that juts up from the ground, pretty close to the fire, probably a little too close. As you sit down next to her, you feel the heat from the fire, just making it hard to open your eyes.

Condi

I singe my feathers. [laughs] It's probably awkward silence for like-

Bizly

Yeah, she doesn't say anything.

Condi

Little too fucking long. [taps fingers and smacks lips together]

Aeon

You seem like you're about to have a heart to heart with me.

Blink

No, why would I do that? [laughs nervously]

Aeon

I don't know, you're doing that thing where you get impatient and you start tapping and making mouth sounds.

Blink

What are you talking about? No...I'm just you know glad you're here. Is that too much for me to say right now? , despite it all, you know.

Troy

He's bombing yeah.

[laughter]

Runt

I don't want to say it, but I...

Troy

No, I felt it.

Runt

She's still got too many walls up. I mean like-

Bizly

She literally doesn't say a word and just looks at the fire for a little bit.

Troy

He's just so bad at this. I don't even know.

Runt

Something's clearly bothering her that he's not addressing.

Blink

You know I mean like we've been through a lot, me and you, you know. It's good to have you here. Probably like the most important moment of my life, potentially, depending on how it goes, if we're saving the world a little bit, which is crazy, right? I didn't think-

Aeon

It's crazy.

Blink

Yeah, that was cool.

Troy

You know what, dude? There might be no chemistry here.

Bizly

Roll a performance check for me, please.

Milo

This is actually like, kind of hurting.

Condi

Six, it's a six. It's a six.

Milo

Oh, no.

Blink

Yeah. cool, cool.

[laughter]

Condi

Good talk. You know, I uh should probably get going.

Milo

Where? To the other side of the fire?

Blink

It looks like Troy...

Aeon

Just say what you mean or go.

Troy

I don't need your help, dude. You're good.

Blink

No, his shoelace isn't tied. He never learned how to tie his shoelace.

Troy

Nah they're velcro. It's true, though.

[laughter]

Blink

Listen, I mean okay I just want to say thank you for going and helping after you left that day, you didn't have to. I think it's admirable. You got caught in a lot of trouble for it, but you saved Mai, and things probably would have gone very differently if you didn't do that. So I'm glad you did that. I'm glad you're here. Tomorrow is going to be fucking crazy. Uh, don't stab me in the back again. That's all.

Bizly

She just, she's been looking at the fire this entire time. After you say that's all, she just turns her head up and looks at you. She doesn't move, doesn't say anything, just looks at you for what feels like 20 full minutes to you. But she gets up and she just says,

Aeon

Thanks for not hating me.

Blink

When we get back, let's make a better Reclaim.

Aeon

Yeah.

Bizly

And she walks off.

Condi

I sit there for a moment, tap my legs, stand up, walk over to Troy.

Charlie

I walk away.

Blink

Guys, be honest, did I bomb that?

[laughter]

Charlie

We see him coming and we leave.

Runt

I don't know what the objective was, but...

Condi

Okay, they walk away as I approach and I stand there for a little bit.

Runt

Oh, shit. WD looks like she needs me. Hold on.

Troy

Yeah, I know. Me too.

Blink

Cool. Cool. Okay. ...

Pinch

That was not good. That was not good.

Blink

Okay, my friends are gone, so I guess I'll just speak out loud to nobody. You guys have been really awesome.

Bizly

Pinch walks up right behind you. He's like,

Pinch

Yeah, it was not good.

Charlie

No, I come back. I come back.

Troy

I forgot this.

Charlie

And I pick up my glass, and then I leave again.

Blink

Okay. Well, yeah.

Pinch

I thought you all had a thing going. I thought you two had a thing going. No, not really. Not seeing that.

Blink

No, there was never a thing happening. No.

Pinch

It did seem that way. It did seem that way.

Blink

Why did it seem that way?

Pinch

You spent-I don't know you got together in the closet and talked about your feelings. I don't-

Blink

Well Troy pushed us in there. Troy pushed in there. And you know when you're in a closet, you naturally talk about your feelings.

Pinch

Yeah, because he's your fucking buddy. He's your fucking wingman. I don't know why you need a wingman.

Blink

Okay, well, I don't need a wingman.

Pinch

Look at you. Look at you with these wings. [crosstalk 00:41:10] You don't even know what a wingman is.

Blink

[crosstalk 00:41:11] I got wings right here, dude, and I don't need a wingman, and especially not with Aeon of all people, because to be frank, that's never happening.

Pinch

You are talking a lot right now for someone who feels that way. You are pretty adamant at the moment.

Charlie

I'll come back over. I'll come back over.

Troy

Dude, I'm starting to realize that I don't think you two would be that great together.

Blink

I'm glad you said it because honestly, I don't think so either. I mean, we have that connection.

Pinch

Opposites do attract is the thing. So I don't know.

Blink

From when we were kids, but that's just shared trauma at this point. Um, yeah.

Troy

Hey, listen. I think from a lot of different perspectives, you did really bad back there, but you guys have a complex relationship, dude. You're both still figuring stuff out. I mean, she fucking does suck sometimes.

Blink

She-She has historically, she has stabbed me in the back a few times. It's not easy to approach somebody and be like, thankful despite that and to have those feelings away. Uh, yeah.

Troy

Yeah, I think for two people that seem like they're pretty bad at putting their cards on the table and showing how they feel, I think you two got pretty close there for a sec. You know, I'm seeing walls coming down and dude like the chances aren't zero. They're never zero.

Blink

I cannot be close. I cannot be clear enough. I I just don't think I want that.

Troy

Yeah.

Condi

Generally.

Troy

No, she was pretty clear that she did either, [crosstalk 00:43:05] but...

Blink

[crosstalk 00:43:06] Yeah. It doesn't have to be about that, though. I mean, like...[laughs]

Troy

I hope when all this is over, that you guys can just, I don't know, find each other talking to each other more in passing, and hopefully not in life or death situations. And maybe she'll stop being such a massive bitch all the time, dude. I mean, I don't that would be pretty cool.

Blink

Yeah.

Troy

Yeah.

Blink

Thanks, thanks, Troy. I appreciate it a lot.

Troy

Yeah, dude. I got you, dude. I got you.

Blink

You've been there for me a lot, man. I really do. I mean, just in case the worst does happen tomorrow, which it shouldn't, I really do appreciate everything that you've done for me. And for you just being there. I couldn't ask for a better friend.

Troy

When I first chased you down in that alley,

[laughter]

Troy

I never even dreamed that... uh the bird that was running away from me was going to be my best fucking friend, dude. So thank you, man.

Blink

It was you, dude, all along.

Troy

That was a nice callback.

[laughter]

Blink

I just feel like there's a callback I'm missing still. I just-

Troy

Just let it go. Just let it go. What are you talking about?

Blink

No, I can't. It's just like...

Troy

Shit. Now that you mention it, there was that one.

Blink

No, but what was it? What was it?

Troy

It would be so poetic, too. Don't worry about it, man. Have a good night.

Milo

That is fucked up, bro.

Charlie

We bro out.

Condi

Yeah, we bro out.

Bizly

You guys hug for 45 minutes straight.

Condi

An awkward amount of time.

Charlie

Okay, I'm going to go to WD.

Bizly

Okay. Okay.

Troy

What's uh, what's wrong with your screwdriver?

WD

It's a wrench, but a significant size difference, significant shape difference. You know what? Nothing's wrong with it.

Troy

It's not that big of a difference, though. Cool. So what do you do with it? Or? [laughs]

WD

Ripley made this for me. I mean, I do my thing and I fix it up every so often, but it's been my guidance this whole time.

Troy

I mean, it's a, it's a cool wrench. I, uh...

WD

Thank you.

Troy

Yeah. Hey, listen, dude, I know you joined in a little later than the rest of us, but you're part of the team.

WD

Thank you...It's it's nice to be part of something again.

Troy

So I just... I couldn't help but notice as we were throwing it back over there, you were sitting all on your own. What are you thinking about?

WD

I know I've got you guys, but...part of me worries that maybe I'm already too late. You know? Like, I missed my chance in more ways than one.

Troy

To save Ripley or...?

WD

Yeah. Or to be honest with her. You know, she's like...she's the smartest person I know. And uh I...

Runt

All right, all right. Now, let's not...

Troy

Don't let Runt fucking hear. Do not like Runt hear.

Charlie

I look over my shoulder, I look over my shoulder like Slender Man is behind me.

Milo

I am.

WD

I don't know. I feel like I'm just a cog. I'm not... I'm not built with the... I'm part of the machine. I'm not, I don't provide the main purpose. I just make it go. And she's like the whole rest of the invention to me.

Troy

How does that feel, bro?

WD

I just, I can't lose that. And if I lose it, I don't know how I'm going to fix anything else. I'm just scared that something will happen, and she won't even know how much she meant to me.

Troy

Well, then we're going to make sure you get a chance to get up there and say it really, really, really loud. All right?

WD

Yeah. I just need my purpose back.

Troy

I get that. And what is your purpose, dude?

WD

I mean, I thought it was her. To help her. But maybe I should figure something else out, too.

Troy

I mean, did something happen? It seems like you're really loyal to her.

WD

I feel like I've always been kind of a side piece to the world, I guess. I mean, I know how to fix stuff. I can't build for shit. I can't invent for shit. Anything I touch explodes. And so she felt like the missing piece that I was looking for. She gave me far more than that. She gave me stuff to do. She gave me jokes to laugh at and feelings to work through and purpose. I guess I'll tell her tomorrow.

Troy

Sounds like you really love her.

WD

Yeah. I don't even know if she knows. I don't think she does.

Troy

It's okay. Look, you saw what Blink just did? Okay, whatever you do, don't do that.

Condi

Okay, so I was going to say the same thing, but I didn't know if I was going to say if I should be in this conversation at all.

Grizzly

She definitely fucking knows.

Bizly

You all can be there. I don't know.

Condi

I mean, yeah. If it changes nothing that I'm there, then I'll probably chime in at some point. Yeah.

Troy

If you need a wingman, dude, I can set you up. I'm really good at setting you up. You got to still shoot the shot. You know? You can't fucking fumble the ball.

Blink

Okay, yeah.

WD

Thank you. Yeah, I thought Blink would probably be the wingman, considering the wings, but I don't want help from that guy...

Troy

Do not let him do it.

Blink

Yeah people keep saying this to me. Hey, you know the world's not all inventors and people out to do these grand, magnificent things you know. Sure they make all the change and they create these things that change people's lives, right? But it's the people like you and me who keep things going when they move on to their next invention, right? So I'm sure that you have just as big of a part of her world as she does yours.

Runt

I can promise she knows because I clocked it the second we fucking met. You already know how I feel about it, that you have to tell her.

WD

All right, we're not going to talk about that.

Runt

You-look, cogs are what make the clock turn. All right? There's nothing wrong with feeling like that.

Blink

Still part of the machine. Yeah, exactly. Still working.

Runt

Every piece of a puzzle is valuable for the whole picture you know?

Troy

Bro, game face. We get up there. You tell this woman you love her, dude. That's what's happening. That's what's up!

Blink

Before we even acknowledge Tony, okay?

Troy

Set the fucking tone. Set the tone.

Blink

Set the fucking tone. You say that shit.

Troy

You fucking got this WD!

Runt

And then if he still goes on with the ritual, he's getting in the middle of love.

Troy

Yeah, no, that's a bad-he's going to look like a dick.

WD

I don't think that guy gives a fuck about love.

Blink

Then we're going to kill him. We're going to kill him because he's a dick.

Troy

Yeah. You know what? Let me polish your armor. Let me polish your armor. It's going to look good.

WD

Oh, okay erm.

Troy

It's going to look fucking good, dude.

Milo

You rub it, a genie comes out.

Troy

I wish for 100 arms.

[laughter]

Runt

I wanted to drop it in like, you know, Ripley and I might have great minds, but you are so fucking tough. You are so strong. I mean, that in itself is an amazing thing to be born with I'm sure you worked hard, too, to be able to carry shit for her, to be able to work on shit for her.

Troy

And she fucking knows it, dude.

WD

Do you think she notices? Do you think she sees the gains?

Blink

Yeah, she definitely sees the gains.

Troy

I'm sure she's clocking it.

WD

I've been working so hard on that shit. I try flex every time I pick something up just so she notices, and I don't-she's never mentioned it.

Blink

Do you puff the chest out a little bit, too?

WD

[crosstalk 00:53:06] Yeah I puff the chest out.

Blink

[crosstalk 00:53:06] When she's looking at you.

WD

Yeah, I pump the chest and I tighten every muscle.

Blink

That's good. That's good.

Charlie

Yeah I bet she's fucked up some inventions, dude. You're going to burst out of your armor. You're going to burst out of your armor. Chill, fucking chill.

Milo

I'm sure that she's just as anxious to tell you how she feels as you are her.

Charlie

She might not love you. She might not.

[laughter]

WD

And that's okay.

Troy

I mean, she could. She could, but I don't know.

Bizly

She might not love you.

Runt

Troy's a realist and you know we need those around here but like-

Bizly

When the hands go up, you know some crazy shit is about to come out.

Runt

I'm backflipping out of this, all right? I'm out of this social situation. I'm going up.

Blink

Yeah, no honestly.

Troy

But you know what? You know why we're doing this whole fucking thing, man? We're doing it for hope, bro. So I do hope that she loves you. I really, really do. I do. But you know what? No matter what, what matters is you get up there and you tell your fucking story and you'll-you pour your heart out because you're not just a cog, bro. You're not just a cog. You're just as important. Okay? You're just as important. You're just as strong, if not stronger. I've seen you kick this shit out of rocks. I'm glad you're here with us. Smokestacks.

WD

I don't know what that means, but smokestacks, bro.

Troy

Now, let's get you some carbs Let's get you some fucking carbs, okay? Because that's big. Carbo load before the game day.

Grizzly

Yeah. I do want to go talk to my cousin, Pinch, for a second.

Bizly

That conversation dies down. They get WD some carbs. They all carb load, and then they crash really hard. You see, Pinch is like that guy who just sticks around the fire and keeps poking it and keeps it going, even though everyone has clearly gone to bed. He's just keeping it, just in case, bro.

Runt

Yo, I'm about to head-get some rest before tomorrow, but you're the leader of the street rats, so I got to know what's the plan. I could tell you our priority, we're going to save some friends, the real inventor. Don't tell anybody. And then we're going to stop that fucking tiger dude that we have never met before. You've never met him, right?

Bizly

He just taken aback. He's been sitting in silence for a while by all the information you just threw out.

Pinch

I-fucking tiger. What are you talking about?

Runt

That's what you pulled from my three sentences? You're getting old, man.

Pinch

You said a lot of shit. You said a lot of shit back to back. You asked me a question, and then you didn't stop fucking talking so I could answer. And I was thinking of an answer, and I lost track of what the fuck you were saying next because I was thinking of an answer. And then I started listening to you again, and I lose track of a fucking answer, and you're talking about tigers to me.

Runt

We could we invent some medicine to help you with that attention stuff you got going on.

Pinch

We could,-could we invent some fucking medicine to fix that attitude? Because you come at me wild this evening. I'm ready for bed. I'm ready for bed, and you're talking sideways, up, down, left, right. Fucking doing cheat codes with the bullshit.

Runt

Ughhh

Pinch

Uggggh [laughs]

Grizzly

She unclicks like this magnetic, giant stone shatter rifle from the back of her suit, power suit, and she sort of stabs it into the ground.

Runt

You want this?

Pinch

[sniffles] Yeah.

[laughter]

Pinch

What the fuck does it do?

Runt

It can destroy the fuck, excuse my language, out of some rocks and other inorganic objects. It is a fucking stone shatter rifle. I invented this shit to break us out of Cogtopolis. However, I'm thinking, you know I don't want to look too threatening when we get up here and start talking to this tiger guy, but I do want someone looking out for me and watching my back, and this kind of fits you, you know?

Pinch

Stone shatter rifle.

Runt

You may be slow, but slow processing, but you got the best shot.

Pinch

Hang on. That's fucked up. Is this tiger's name Stone? Because I'm definitely going to shoot him in the fucking face with it.

Runt

I think his name is...oh fuck, I always-

Pinch

I keep hearing them say Tony.

Charlie

It's like Alduin or some shit.

Bizly

Aldrick. Jesus Christ. I've said it a hundred times.

Runt

Yeah. He's a nobody, really. I mean, just the leader of the church. His name is definitely not Stone, but you could shatter him with it if it comes to that.

Pinch

You built a fucking gun. You're leading a revolution. I think you can swear now. I think it's okay at this point. I don't feel qualified to tell you not to.

Runt

I never listened anyways. I mean-

Pinch

No, you really fucking didn't is the problem. You just said the shit anyway.

Runt

It's part of the culture! I don't know what you fucking want from me! Ahhh!

Pinch

Whatever. Whatever.

Runt

If anything, it should be you and everyone else to be blamed, all right? I didn't learn it on my own. It's not any books. They don't write swear words in the books, except for that one book.

Pinch

I blame your uncle.

Bizly

He looks up in the tree and fucking three strings is up there hanging from it, like snoring like a cartoon, [snoring sound] like the whistle.

Pinch

Fucking batshit insane. Yeah, I got your back. Don't worry about it.

Runt

Do you think that this is a good idea?

Pinch

No, fucking christ, no! Are you kidding me!? We take all the street rats, we go up there, and we try and fight the fucking magic lion? What are you talking about!? It's a terrible idea!

Runt

All right. Now, if you had to weigh the ideas-

Pinch

There's no other ideas is the problem. What the fuck else are we going to do?

Runt

No, let me finish. God damn. All of a sudden, you want to be fast and shit, talking over me. Let me fucking get to my point.

Bizly

Hey, you called me slow. Call me grandpa. That shit's not nice.

Runt

Hey, you know age comes for everybody. Father time is not on your side. You're what? 44?

[laughter]

Pinch

I'm barely 30, you little fucking rat.

Runt

Hey, that's elderly for you, you know?

Bizly

He's just laughing to himself.

Runt

The tiger's idea is to teleport all of us back. I don't even fucking remember anymore. It's so crazy.

Pinch

Back where?

Runt

Somewhere where we came from. I don't know. You know, the people of Wonder and people of Reclaim, we got a lot of differences, primarily appearance-wise. So apparently, we used to come, we used to be, I don't know, different. We had ancestors. Fuck, I don't remember what his plan was. Anyways, he's tele-

Pinch

Why does he give a shit about that? Who even fucking cares? I don't know.

Runt

Yeah, I mean, history is extremely interesting, but-

Pinch

We come from Trench. He's going to transport us back to Trench? What the fuck? Why I could just go down there?

Runt

Ha no, I think it's like an island that we used to live on. I don't fucking remember. Either way-

Pinch

Okay, people fucking move. What's his problem?

Runt

People do be fucking moving. I don't understand.

Pinch

Can we just tell him this? Can we just tell him that? What the fuck is the deal?

Runt

I really think that you should be leading the counter arguments to his idea because I don't know if it's happening.

Pinch

Let me fucking talk to him. Let me tell you,

Bizly

He picks up the stone shatter rifle.

Pinch

Let me fucking talk to him. I'll talk to him. We'll have a conversation.

Runt

So like his idea, compared to my idea of you know stopping him this way. I'm less crazy, right? He's not spitting or anything?

Pinch

What? No. [crosstalk 01:00:33] What are you, stupid?

Runt

[crosstalk 01:00:35] Okay, I just doubted. I just wanted to make sure. Look, you've been alive long as I have, old man!

Pinch

Did your new fucking lungs replace your brain? What, that he fucking wants to teleport us to some fucking island that we don't know?

Runt

Sorry I don't know! I'm only 16, okay? I'm not going to pretend like I know everything about everything.

Pinch

You're asking me if he's- if he's spitting? He's not fucking spitting. Dry mouth.

Charlie

Hey, kid, you want to go to Pangea?

Milo

Hey this guy's making some good points!

Pinch

Why can't he just fucking go? I don't know. Like a normal person.

Runt

You think it'd be fine if he went by himself and took over someone else's island?

Pinch

Yeah, who gives a fuck!? Make him somebody else's problem! I don't care

Runt

Yeah, all right. There's no like, you're not worried about the ethics, maybe?

Pinch

Of what?

Runt

Of it being someone else's problem.

Pinch

Of telling this guy to fuck off and letting him go where he wants to go? No, I don't see the ethical problems. I don't.

Runt

All right.

Grizzly

I get real close.

Runt

Okay, now what if I teleported him to the moon?

Pinch

To wha-where? Is that the place? Let him go where he wants to go. We're from the fucking moon?

Runt

He don't want to go there because he'll die. He'll die. He'll die. He won't be able to breathe on the moon.

Pinch

Where are you talk-? Why can't he breathe there?

Runt

Because then I'm going to put it to you. I'm going to lay it out straight. Is it ethical to kill someone that's going to kill everyone else?

Pinch

Oh, yeah, probably.

Runt

You think so?

Pinch

Shit, I don't know, kid. You ask me a lot of fucking questions. You hand me a gun and ask me if it's ethical to kill somebody. I don't fucking-what is this thing going to do to him?

Runt

That is going to do about 3D8 damage.

[laughter]

Pinch

So it's not going to fucking kill him if I shoot him in the face with this?

Runt

It's a one-shot reload kind of thing. It might take a few shots. I don't know. The thing is, though, is you're going to be like, look, you're going to be a hazard with this shit, all right? So he's going to be focused on us, and you're going to be [pew pew sound] from fucking above or something. He's going to like, what the hell?

Pinch

Okay, let me lay this out. He wants to teleport you and your whole fucking family to some fucking place we've never been to.

Runt

That we did not consent to go to.

Pinch

We didn't ask for this.

Runt

We're settled in the fucking trenches.

Pinch

I like it. I don't know. The people up top are fucking mad at us because we have a good time. What if he teleports them? That might be a fucking win-win, in my opinion.

Runt

I don't think he likes them. I think it's because of them that he wants to teleport us. I think he's tired of recycling.

Pinch

And so he's going to teleport us because he's tired of recycling.

Runt

He might be too far gone. We might just have to put him down.

Pinch

I think we put him down. I think we fucking kill that guy because that's stupid. That's stupid.

Runt

All right, you're the adult in the situation, I'm going to do what you tell me to do.

Pinch

I mean, you are much smarter than me is the problem. I really, I know I am the adult here, but at the same time-

Runt

Book smart, machine smart. I never claimed to be world smart, all right?

Pinch

That's fair. Yeah, don't... Okay, maybe I shouldn't tell you to go around fucking killing people. Okay, don't-

Runt

Just the one? I don't know. Troy does it a lot. You saw it. He looks fine.

Pinch

Let me tell you this. When I would run with our cousins up top, we would go on a job. We never went up there looking to kill nobody. We didn't go up there to... Well, we just went up there to survive, you know? But I never thought too hard about it. I just... We'd get a group together, we'd go up there, and do what we had to do when it came up. I never really stopped to fucking think about it. You just-you can't just go killing people, but if it's him or us, motherfucker, it's him.

Runt

Yeah. No, that makes sense to me. I hope things can be settled peaceful. He doesn't really seem like a peaceful guy, but that's still the goal. I mean, that's still the goal.

Pinch

Is he also involved with the Trade Company and the fucking the big robots that came down, tried to kill everybody we know and love?

Runt

I think the Trade Company is pretty much under him. I think they're trying to help facilitate this so that the teleportation goes through.

Pinch

So he's responsible for the whole shindig.

Runt

Oh, yeah. We're going to talk to him about that for sure.

Pinch

You know what? I take it back. We should go up there with the plan. Definitely fucking wipe him off the face of the planet.

Runt

Yeah. Teleport him right in the space. That's exactly what I was thinking, too.

Pinch

So you can just, you can just zip, zap, and he's fucking gone and at the moon? Where's the-

Runt

Ah well, no, because I would-look, you know me, I'm a bad liar. So that would be hard because I'd have to convince him that where I'm taking him is where he wants to go and then lie because he has to be willing to teleport.

Pinch

I'm a pretty good fucking liar. I could tell him that.

Runt

All right. We'll keep that as plan C. I don't know what plan A and B is. I think we're just going to wing it. But I just wanted to come here and check in and hand you this because I don't think I'm going to be able to use it too much, and it's better in your hands.

Pinch

Yeah, hell, yeah. I'll fucking shoot him with this.

Runt

I love you. [pause] What?

Pinch

I love you, too.

Runt

Shut the fuck up. I'm going to bed.

Pinch

All right, you fuck off.

Runt

Good night. Good night.

Pinch

Sleep tight, motherfucker.

Grizzly

She sort of ejects out of the suit. And then that's my night.

Bizly

Okay, you all go to sleep. Go ahead and on your sheet, take your final long rest of the campaign.

Grizzly

The final long rest.

Charlie

This is crazy, guys.

Grizzly

Holy shit, dude.

Condi

I can't fucking believe it, dude.

Bizly

Can you guys level up in less than 10 minutes?

Condi

Yeah, sure.

Grizzly

Oh, yeah, sure, dude. Do we get a level!?

Charlie

To what, bro?

Bizly

Level 12.

Charlie

[crosstalk 01:06:12] What?

Grizzly

[crosstalk 01:06:12] What?

Condi

Consider it done. Ability score improvement.

Charlie

Deciding if I want to take a feat or an ability score right now.

Milo

I know Blink wants to take a feat.

Condi

Fuck, how did you know?

Bizly

That was nice. That was good execution. You were fast to it. You didn't stutter once.

Condi

Yeah, and I did take a feat I mean...

Bizly

And he did.

Charlie

Guys, I'm taking the charger feat, dude.

Bizly

That belongs with you, I think.

Charlie

I feel like that makes sense, right?

Bizly

Yeah.

Charlie

You run at people.

Bizly

All right. So all of you awake at the same time, just before the sun comes up. The sound of the machine on the mountain getting louder and louder and rumbling the ground. As you all rush out and you see some of some of the Inaro Fel residents, some of the mountaineers gathering and looking down to Inaro Fel. It's hard to see from here, but some of the snow has cleared up and you can see the Overseer, a much smaller than 12,000, but still significant army of Wonderful Trade Company soldiers, as well as clockwork soldiers. Gray, looking down at them, you all rush out. He just says,

Gray

They're not going to let us go up. And they're not going to let us come down.

Blink

Well, I think our main priority should be getting up, but it doesn't look like we can use their shortcut anymore. No?

Gray

They haven't made it up yet. So maybe. We'll just have to hold them down here.

Runt

If we go now?

Gray

Yes. It seems like whatever's happening, is happening now anyway. You go. My people and I will guard. We'll hold them back.

Troy

You sure, dude?

Gray

As I'll ever be.

Troy

Try throwing rocks. It works really well.

Grizzly

Right as we start to head I'm going to, at level three, I'm going to give us an aid spell. Only three of us. I'm going to give this to the melees, which will be me, WD, and Troy. Yort. Sorry, Blink.

Charlie

How much HP is that?

Grizzly

That's 10 HP at third level.

Charlie

[crosstalk 01:08:31] Ho ho!

Grizzly

[crosstalk 01:08:32] That's your hit point max increases by 10 for eight hours.

Charlie

Ohhhhh!

Grizzly

Then I'll bonus action. You see, as I get back into my suit, an almost invisible field, the same field you saw around that house we broke into, that abode we broke into to pretzel that dude, forms around Runt. So that's 12 temp HP for me.

Bizly

Remind me how many clockwork soldiers you turned into suits.

Charlie

It was 12 total, I thought.

Grizzly

Yeah, yeah, yeah.

Bizly

Okay. So Pinch and nine others get into these suits, and Pinch picks up the stone shatter rifle, and he just says,

Pinch

Where do we go? Down there or up with you?

Runt

Up with us. We're going to need help, all the help we can get. I mean, half of you can stay and help the mountaineers. Half of you come with us. How about that? You with me, Pinch, you're supposed to be watching our fucking back.

Pinch

I got you.

Bizly

And five of them start trekking with you. Who else do you want with you? And who do you want to stay down here?

Grizzly

This choice will affect everything.

Bizly

This choice will affect whether or not the Overseer joins the fight.

Charlie

Well, let's see. The Overseer is the one that went General Grievous on me, right?

Bizly

Yes, sir.

Charlie

Okay.[crosstalk 01:09:43]

Grizzly

[crosstalk 01:09:43] Fuck.

Charlie

So he is pretty strong.

Grizzly

Damn, I almost wonder if Pinch should be fighting the Overseer.

Charlie

I mean, we don't have to kill the Overseer. We just have to slow him down enough, right? Like so...

Bizly

Yeah, and you also don't want the people fighting him to die.

Condi

So I think maybe we just bring Pinch only up with us.

Charlie

I agree, dude. I think if we want the best shot of them all surviving, I think we leave everyone we can.

Runt

The Overseer is how strong? Oh, my God. Change of plans. Pinch, you're with me. The rest of you got to stay down here.

Pinch

Are you sure?

Runt

I'm as sure as I can be.

Bizly

Yes or no. Select yes or no right now. You have Aeon with you. You have the street rats with you. You have all of the mountaineers with you.

Charlie

I would like to use my tactical mind, my tactical mind, to assess their team and our team, to try and divine what amount of people we would need to sway the fight here in our favor as to not leave too many.

Condi

In order to assist with that, can I make a sister role in some way where I try to recall what I saw on top of the mountain as I was crashing into it? [laughs] As far as numbers go, I would like

Aeon to come up with us as well. I don't think she's in a... I don't know. I feel like, hang on, it deserves a hit in on this guy.

Bizly

Tactful mind? Is that what you said?

Charlie

I don't know. I just say shit but like...

Bizly

Oh okay.

Charlie

But I don't know. Yeah, okay, sure. I want to do that.

Bizly

Okay, do you have a thing or not?

Charlie

What? No. But hang on. I have a bunch of stuff that lets me see people's vulnerabilities or assess shit or whatever. So I feel like- [crosstalk 01:11:25]

Bizly

[crosstalk 01:11:25] Do you?

Charlie

-this is something that I could...Yeah, yeah I have something that lets me... It's called know your enemy. Lets you figure out immunities, resistances, vulnerabilities, that stuff. But I want to try and use this experience that I do have to gage this fight. I don't know. It makes sense for a fighter to be able to do.

Bizly

Here's what I'm going to say is as a DM, I can't give you a roll to tell you how many guys it's going to take. It's just going to have to come from you. I'm sorry.

Condi

I just like, yeah, all I want to know is how many people are up the mountain and how many people are down the mountain on their team.

Charlie

Yeah, you know that works. That works.

Bizly

I just say give me perception and I'll work with it.

Condi

For me or for Troy?

Bizly

For you.

Condi

That is a 16.

Bizly

There's more down there. There were a lot up top. You remember a lot of them when you crashed the ship coming up, they might have gone back down. The ones at the base camp might be some of the ones that were on the mountain, but their numbers are significant down there.

Blink

There's definitely more down there than up there.

Troy

We're trying to get up fast. Maybe let's take a light team

Blink

Yeah, that makes sense. I think we can handle most of them. Also, we've already seen what the Overseer can do down there, and it wasn't good. I want to make sure he doesn't come up the mountain to us. Let's take...

Condi

Is Aeon in one of the robot suits?

Bizly

No.

Condi

No? Okay. I just wanted to come up with us, generally. I trust her in a fight. I think we just keep it compact.

Charlie

I mean, I almost think, what if we just take us, Aeon, and Pinch?

Condi

That's what I'm thinking.

Charlie

Yeah.

Condi

And everybody else stays down and holds back reinforcements.

Grizzly

Uncle Threestrings is ferocious. I mean, he's not going to let anyone get past these fucking mountains.

Uncle Threestrings

I'm going to get him!

Condi

It sounds like, God, okay. Yeah, I trust that. He's a scary guy.

Charlie

Definitely also not thinking about how it would be in the final combat to manage six other people. I'm not thinking about that at all.

Condi

No, that's fair. Yeah, just us. Just us, Aeon and Pinch. That's the call. I'm going to say everybody agree? Hands up.

Charlie

I think hands I do want to say, if it's someone that you're scared, it's my only reservation. If it's someone you're scared, could be a liability or fucking die. I don't know if we should bring them, but that's all.

Condi

Aeon isn't a liability, right? She can handle herself in a fight.

Charlie

I mean, in the first time we fought this guy, he did throw her off a cliff and we had to save her.

Condi

That's true.

Charlie

But you know what? Maybe she got better. I don't know.

Grizzly

She definitely did not get better. She was laying, knocked out.

Condi

Yeah, she actually has gotten her ass kicked a lot.

Bizly

Does Aeon go with you, yes or no, make the decision right now, Condi?

Condi

Um, erm, um..

Bizly

Then.

Condi

Yeah, I'm going to say yeah.

Bizly

Okay.

Condi

I mean, if it's a bad call, it's a bad call, whatever.

Charlie

I got one more. I look to Mai.

Grizzly

Mai is in a suit.

Charlie

I look at a robot I think is Mai.

Troy

Mai?

Bizly

You hear from behind you.

Mai

What?

Troy

Do you want to fight down here or up there?

Mai

I don't care.

Troy

You know what? I'll be honest, Mai. I don't like you. I don't think we're ever going to get along. But you know what? I'm glad I saved you that day because if I fucking die up there?

[pause]

Mai

Stop looking at me like that.

Troy

You're like, one percent better at steam-sledding.

Charlie

And then I run away.

Milo

Whoa.

Mai

Does he want me to go with him?

Troy

Go. No, fuck off. Don't look at me ever again. I hope I fucking die. Go away.

Grizzly

I whisper to Blink.

Runt

He's fucking bombing it right now. He's just like, actually-[crosstalk 01:14:51]

Blink

[crosstalk 01:14:51] He's bombing it really hard. I think this is worse than mine yesterday.

Mai

Do you want me to help you? I'll help you.

Runt

Mai, we could use another clockwork soldier up top. Come on.

Blink

Yeah, it's just one more. Yeah. Okay, just you and then everybody else stay down here.

Troy

What the fuck are you guys doing?

[laughter]

Mai

[confused] Okay...

Troy

Oh, no. No, no, no.

Mai

Troy, we can sled together after if you want. I can teach you.

Troy

I don't want to talk. I want to die up there. I don't ever want to talk to her ever again.

Runt

Let's fucking move. Oh my God.

Charlie

Okay. All right, we go.

Runt

Uncle, you got to hold down the fort down here, all right?

Uncle Threestrings

Yeah!

Runt

He's a gambler. He'll be fine.

Blink

[laughing] Did he do a fucking line?

Uncle Threestrings

I'm gambling with lives!

Runt

That's D&D, baby.

Uncle Threestings

Oh, bitch. Wooooo!

Bizly

He starts flying down. You can see the feathers are not meant for flying, so he's just-

Charlie

Dear God.

Bizly

Falling.

Grizzly

Oh my God, if he kicks the bucket, I'm going to lose it. I'm going to actually break down and lose it. I will rip this world apart if it rips him from me.

Troy

Okay Mai, now that you're coming with us, I take back everything I said as well.

Mai

I don't think you can do that.

Runt

Coward. You're a coward.

Troy

Yeah, well, I do. Well, I do.

Blink

Coward. You're a fucking coward.

Mai

No, he said it, right? He said it, everybody. You heard it.

Blink

He did say... Everybody heard it. Yeah. Hey, but listen, Maybe after all this, he'll become one percent better than you. You never know.

Mai

Honestly, he kind of is better than me, but I don't know. He seems really like a big deal for him.

Blink

I don't know. You did win that one time.

Mai

Yeah, I won that one time. It was my first year.

Troy

What? It was your first ye- [grunts in frustration].

[laughter]

Blink

All right, on to the elevator.

Bizly

You guys head up the mountain together, the four of you, with Aeon, with Pinch, and with Mai. The rest are going down to fight. And the rest are Big Boris, Uncle Threestrings, the Mountaineers, the rest is street rats with eight mech suits. You have two with you.

Charlie

That tracks.

Bizly

The seven of you begin your trek up the mountain. Now, you can go the way you went up the mountain before, although it would only get you up to the next layer, really. Or you could go back to that big trail that they left leading up to the top.

Grizzly

They're at the top? Dude, I harness the power of the elemental chaos. Why don't I just do that again? How did we do that again?

Condi

We'd have to get to that layer first. I don't remember. I think we blasted off.

Grizzly

Did we not get to keep that core?

Bizly

You kept it. You never did anything with it.

Grizzly

Holy fuck. Could we just do that again? I mean, this thing should help us traverse the mountain instantly, right?

Charlie

Yeah, I touch it. I don't know.

Condi

Maybe. I don't know. We just need to go the fastest way up.

Grizzly

DM, would that work?

Bizly

Not if you just tap the orb and say, Do something, but-

[laughter]

Bizly

You definitely could find another way. You've done this before with, say, the steam sled.

Condi

Can all of us fit on the steam sled?

Bizly

I don't know how big it is. I'm going to say seven people? Probably not.

Charlie

So many. So many.

Bizly

But Mai has a steam sled, and you've fit four people on a steam sled before.

Runt

Wait, there's eight of us?

Bizly

There's seven of you.

Runt

I could just teleport us there.

Bizly

You should do that.

Charlie

Wait, what?

WD

I can teleport myself there.

Charlie

Wait, but if you teleport us there, can you still teleport them to the moon?

Condi

Can you only do it once?

Grizzly

No, it's three a day.

Charlie

What?

WD

What the fuck?

Grizzly

Yeah.

Charlie

Wait, to teleport to anywhere?

Condi

That'll really help our case, too, if we're trying to talk them down.

Troy

Yeah, dude. Fucking beam me up. What the hell?

Blink

Yeah, fucking transport us. What the fuck?

Runt

No, I mean, mine has some limitations. We could completely miss the mark.

Charlie

I didn't even want to hear about it, Runt. Just fire it up. Fire it up. [crosstalk]

Runt

[crosstalk 01:18:31] Are you sure cause-?

Troy

It's going to be fine. It's going to be fine. Yes, it'll be totally okay.

Runt

Okay. I mean, this could go really bad if it goes wrong.

Troy

I doubt it, only with that attitude.

Blink

No, you would never do something horribly wrong like that. Yeah, you got this.

Grizzly

I've been there, right? We've been to the top.

Bizly

Yeah, you've been there.

Condi

That was the Prime Defender's area.

Grizzly

Would you say that I am very familiar, or would you say that I've seen it casually?

Bizly

You've probably seen it casually, I would say. You've been there once.

Charlie

[laughing] Yeah, that makes sense.

Grizzly

Fuck. Fuck.

Bizly

It might have changed since then.

Runt

Are you guys sure about this? The teleportation spell is not-

Troy

No, absolutely Runt, absolutely positive.

Blink

If you're not confident, we shouldn't do it.

Runt

What the fuck did you just say? I'm always confident in my invention.

Troy

I think we're all very familiar with exactly what's going to happen.

WD

Do I have to be familiar? Is this going to throw it off?

Runt

No, it's just me. I'm the one activating the fucking device.

Pinch

Just fucking do something.

Runt

All right, all right.

Grizzly

I think it's a D100. [nervous laughter] We want above 54.

Charlie

Yeah. I'm looking at the table right now. Just don't roll low.

Grizzly

Do you want me to roll this D100? I do have some dice.

Charlie

You got it. It's got to be you, and it has to be the Runt dice.

Bizly

I think it has to be you.

Grizzly

I only have one D100 for it. Wait, wait. You need two, right?

Charlie

No, you I rolled a D100 and a D10, bro. The first number is on the D100, so I rolled a 40 and a four, so it'd be 44, right?

Grizzly

Got it. Got it. All right.

Charlie

You got it? Okay.

Grizzly

Just making sure that this is the fucking D10. Yeah, it's the one with the fucking chair of the light bulb.

Bizly

Give it a roll.

Grizzly

Oh, my God. I'm so scared.

Charlie

Give it a roll, dude. No, it'll be fine. It'll be fine.

Bizly

Give it a shot, bro.

Charlie

First, we wander.

Grizzly

Now we lust!!

[everyone in unison] Wonderlust.

Grizzly

All right. 87, bitch.

[cheers from players]

Grizzly

Let's fucking go. That's an 80 and a seven.

Charlie

I was really ready to get teleported into the mountain. I'm not going to be so real...

[laughter]

Bizly

Yeah, I was going to let it.

Runt

All right, stand close. Stand close. Here we go.

Troy

[as if going over a bumpy road] Okay, dude.

Bizly

Two things. One, two, where?

Grizzly

Yeah, so at the top.

Bizly

Okay.

Grizzly

We know what the top looks like. We know because we were there, it's inside that fucking building. Do we know if their ritual is happening inside that building or around it?

Bizly

All you have to go off of is that big donut circling around. So you don't really know for sure.

Runt

All right, let's just take it to the top, I think. Where we've been before, which was the top of where we encountered Fartbo.

Bizly

What does it look as you teleport?

Grizzly

Everyone in our group right now is wearing or inside of a Runt device, a Runt invention. So she's leading the charge in her power armor, and steam starts to hiss out of her own armor, and then this golden lightning begins to cackle outwards, and then it connects all of us together. And everyone's body has these rings of golden lightning that begin to charge up before [laser sound] we just disappear from the fucking area.

Troy

Guys, there's something I really need to...

Grizzly

And this beam of a mixture. It leaves a fucking steam tornado where we were, and [laser sound] this bolt of golden lightning just begins to streak through the sky. This beautiful-

Charlie

I don't feel like they're going to see this coming, to be honest with you.

Grizzly

No. Visually, they probably wouldn't because this is just teleportation.

Charlie

No, I just think literally there's no way they could possibly prepare for what's about to happen.

Grizzly

This would be quite the display. Hey, look, bitch, that's teleportation.

Condi

Hey, we have teleportation for real.

Charlie

Cracked it, fucker.

Bizly
