School Counseling Drop in Lessons:

In 5th Grade, students explored the important values of respect and acceptance. Through this lesson, students learn that respect means treating others with kindness, even when we have different opinions, and acceptance means valuing each person for who they are. We

encourage families to continue these conversations at home by discussing ways to show respect and acceptance in everyday life!

The 6th grade students received a drop in lesson with Mrs. Lorge on Mental Health, Coping, & Resources on Friday February 7th. Please reach out to Mrs. Lorge or Mrs.

Renzelmann if you are seeking resources to support your child(ren)'s or your own mental health.
