### Travel

#### Sail & Rail Booking

Our funders have requested that we take a low-carbon form of transport, so we will be taking the Ferry from Dublin-Holyhead and the train from Holyhead to Manchester. Irish Ferries offers an inclusive Ferry & Rail ticket which covers the trip from Dublin Ferryport to Manchester. From there we will take a tram and a short walk to the Campsite. You can make your booking online through the Irish Ferries website. **(Places on the sailings are filling up steadily so please try and buy your ticket asap!!)** Here's how to book.

**Step 1:** Go to the [Irish Ferries website](#).

**Step 2:** Select Make a Booking and chose the Ferry & Rail option.

### Ticket

Once we have the confirmation of your Sail & Rail we can purchase your Power Shift event ticket and will send you the registration form to fill out. If you have preemptively bought a Power Shift ticket on eventbrite we can refund you the cost.

## **Chip in to send another student to Power Shift**

If you're financially able to, you are invited to forgo a small part of your Power Shift subsidy to help fund more Irish students to go. We haven't managed to secure funding for everyone on our wait-list and we really don't want people to miss out. For every €15 of your refund we'll be able to send once more person to Power Shift!

## **Money worries...**

If it is financially difficult for you to pay for your tickets yourself, or need help with the in-betweeny airport transfers/bus/luas etc, fly us an email and we'll sort something out [studentactivistsireland@gmail.com](mailto:studentactivistsireland@gmail.com). No stress, we promise :D

## **Accommodation**

The standard event accommodation will be camping, so bring a tent, sleeping bag, yoga mat and anything else you need to feel comfortable! There is a thread on the facebook event where you can offer and request space in a tent. If you want to apply for dorm space (reserved for those with access issues), please write to [powershift@peopleandplanet.org](mailto:powershift@peopleandplanet.org)
