

December 2025 Calendar Dress Up Days

Face painting is fine - but:

- Is to be done before coming into school. You should not be missing class to paint your face in the bathroom!
- Your entire face cannot be covered in face paint due to various concerns: Allergic reaction; sensitive skin; skin irritations; touching face and getting in eyes; paint running off in gym class due to physical activity/sweating; paint rubbing off onto clothing, objects, other students, & classroom materials.
