ABSTRACT

written in English with a single space. Abstract includes a description of the purpose of the research, method, analytical tools, and results. The abstract should be written briefly, concise and in one paragraph (200 words maximum). Abstract should include the keywords that contain ideas or basic concepts that represent the fields of the study. Keywords maximum are 5 words. (Cambria, font 9)

(space 1)

Abstrak ditulis dalam bahasa Inggris dan Bahasa Indonesia spasi tunggal (satu). Abstrak memuat uraian mengenai tujuan penelitian, metode yang digunakan, dan hasil penelitian. Abstrak ditulis secara ringkas, padat dan ditulis dalam satu alinea (maksimal 200 kata). Abstrak diberi kata kunci yang berisi ide-ide atau konsep dasar yang mewakili bidang yang diteliti. Kata kunci maksimal 5 kata.

(space 1)

Article history: Received 5 Feb 2017; Revised 15 Sept 2017; Accepted 25 Oct 2017

INTRODUCTION

This section describes the background, objectives, contribution, results and implications of the research. For the results and implications are recommended (not mandatory). (Goudy Old Style, Font 12, American Psychological Association 7th edition)

Example:

The problems faced by the hospitals certainly become an important note by medical personnel (Bray, 2017). The education (CI 95% p=0.025) and documentation (CI 95% p=0.013). Still, two indicators of midwife's treatment while transferring and about the education involved minor harm (Dewi et al., 2020). Citations and JMMR bibliography writing style according to the American Psychological Association 7th edition (Fang, 2018).

RESEARCH METHOD

This section contains at least the design of the study, subject/object/sample, the operational definition and measurement of variables, techniques/instruments of data collection, data analysis and hypothesis testing.

(Goudy Old Style, Font 12, American Psychological Association 7th edition)

RESULT AND DISCUSSION

This section contains characteristics data of the subject / object / samples / respondents research, data analysis, and hypothesis testing instruments (if any), the answers of the research questions, findings and findings interpretation. (Goudy Old Style, Font 12, American Psychological Association 7th edition)

Table.1 About a..... (Goudy Old Style, Bold, Font 10, American Psychological Association 7th edition)

Employment Status	Good	Medium	Less	Total
Civil servants	4	2		6
Honorary	5	25	7	37
Total	9	27	7	43

Source: (Goudy Old Style, Italic, Font 10, American Psychological Association 7th edition)

CONCLUSION

Presenting a summary of findings, implications, limitations and research suggestions sequentially. (Goudy Old Style, Font 12, American Psychological Association 7th edition)

ACKNOWLEDGMENT

This section is written if desirable. Loading gratitude and appreciation to those who significantly contribute in the completion of the study. (Goudy Old Style, Font 12, American Psychological Association 7th edition)

APPENDIX

Loaded data or instrument which support the research. (Goudy Old Style, Font 12, American Psychological Association 7th edition)

REFERENCE

Contains the sources referred in the study. Citations and JMMR reference writing style according to the American Psychological Association 7th edition. Highly recommended to write a bibliography using software citation. Each article should contain bibliography (only the source citation) which arranged alphabetically according to the author's last name or the name of the institution. It is recommended to use a library management application (Mendeley, Zotero, and Reference Manager). It's recommended for the author. Example:

TABLE, PICTURE, AND GRAPHIC

Tables title are numbered and written at the top of the table with a bold font and centered, accompanied by the source.

Citation

Citations and JMMR bibliography writing style according to the American Psychological Association 7th edition. Highly recommended to write a bibliography using software citation. Each article should contain bibliography (only the source citation) which arranged alphabetically according to the author's last name or the name of the institution. Example:

2. Form tambahan metadata (harap diisi terlebih dahulu sebelum pengiriman naskah) dan di upload bagian *Supplementary Files*

1. *This sheet is separate from the manuscript*
2. *Additional metadata form (please fill this form before submitting the article) and uploaded the Supplementary Files section*

Disiplin ilmu / sub disiplin ilmu dari naskah yang dikirim <i>--</i> <i>Academic Discipline / Sub-Disciplines</i>	
Tipe / metode penelitian / pendekatan penelitian / paradigma yang digunakan <i>--</i> <i>Type / Method / approach / paradigm</i>	
Nama Instansi Penulis (dalam bahasa Inggris) * Bila lebih dari satu instansi gunakan numbering sesuai dengan urutan penulisnya <i>--</i> <i>Author's Institution (in English)</i> * If there were more than one institution, please use numbering in accordance with the order of authors	[Example: Ministry of Communications and Information Technology RI]

Suggest Reviewers

Authors will be required to include the names, institutions, e-mail addresses, and research specialties of persons outside the author's institution who have not

collaborated with the author(s) in the past 5 years and who are qualified to referee the paper. The present address of any author, if different from that where the work was carried out, should be supplied in a footnote.

Please suggest potential reviewers for this submission and provide specific reasons for your suggestion in the comments box for each person. Please note that the editorial office may not use your suggestions, but your help is appreciated and may speed up the selection of appropriate reviewers. **(Suggesting 2 reviewer(s) is Required for Submission.)**
