COVID Numbers at TES

TES has 97% of its community of staff and students participating in weekly COVID PCR testing. Weekly testing occurs on Thursdays. PCR tests are performed as needed on other days of the week for symptomatic students or staff. TES is following strict masking of all staff and students while at school in addition to regular hand sanitizing and cleaning protocols.

In order to provide transparency about our COVID positive numbers, we are updating the chart below each week to report the number of positive cases in the school. TES will always report positive cases on the day we learn of a positive case to our school community, and all close contacts will be informed. This chart is intended to provide an ongoing look at the numbers.

UPDATE 5/4/2022: The dashboard will be updated in real time or ASAP to reflect daily numbers, rather than a complete count at the end of the week.
