

COGA-Silver Copy of Revised Method Template

10/2021

Note that the headings in this document match the heading levels in Github, and therefore have multiple level 1 headings in one document.

Please make a copy of this template and name it after the Method you are working on.

Introduction

Outcome

This method supports the outcome {Outcome short name}.

Platform

- {list of platform(s)}

Technology

- {List of technology(ies)}

Input aspects for testing

- [technical sources for input, such as DOM tree, Accessibility tree and CSS styling]

Summary

{Summary of how to apply this method}

How it solves user need

{Description of how method relates to the outcome}

When to use

{when the method should or should not be used}

Background

W3C Resources

- {related resources}

Non-W3C Resources

- {related resources}

Accessibility Support

{short paragraph on accessibility support considerations}

Assumptions

- [assumptions]

Examples

- {list of examples, unless using sub-sections, then delete this list}

Passed

{Example Name}

list of examples}

{explanation}

<

{Use a copy of this section for each example if not using a bullet

Failed

{Example Name}

list of examples}

{explanation}

<

{Use a copy of this section for each example if not using a bullet

Inapplicable

{Example Name}

list of examples}

{explanation}

{Use a copy of this section for each example if not using a bullet

Tests

Get Started

{Tips or link to information for beginners in testing.}

Summary

[overview of the test]

Applicability

This outcome applies to any [element names] element that is [condition] and for which one of the following is true:

{excluded, ignored, exception}

[element]

Expectations

[detail of the expectation]
