Alisson is a 23 year old, married, hispanic female who has no preference in the couple she will carry for. Alisson lives in Greenville, SC with her husband Colin and their daughter.

Alisson is 5'3" and weighs 179 pounds and has a BMI of 31.7. She speaks English and Spanish. Alisson has her green card. Alisson describes herself as a happy person and a social butterfly. She loves to learn about other cultures, talk, dance and sing.

Alisson does not currently have insurance but will be enrolling in her workplace policy once she is able to do so. It will be reviewed to see if it will cover a surrogacy pregnancy.

Alisson works as a translator from home. She started this job in June 2025. She works part time and 20 hours a week. She makes \$14 an hour. Colin works in a warehouse and makes \$17 an hour.

Alisson graduated from Mt. Vernon High School in Washington State in 2020. She is currently enrolled in school for Medical Coding and Billing.

Alisson has never been a surrogate and has never donated eggs. Alisson has had one pregnancy and one delivery. Alisson has never had a miscarriage or an abortion. Alisson's daughter was born on September 7, 2024. She weighed 7 pounds and was born at 39 weeks 5 days. Her delivery was a vaginal delivery. Alisson stated that there were no complications with her pregnancy or delivery except for her iron was low and required her to take a supplement during the pregnancy. Alisson and Colin have custody of their daughter. She is healthy with no psychological or behavioral problems. Alisson is currently breastfeeding and plans to finish in September 2025. She has never gone through fertility treatments to become pregnant.

Alisson does have regular periods that last 3-4 days. Alisson states that her mother did not take diethylstilbestrol (DES) while pregnant with her to the best of her knowledge.

Alisson's last pap smear was 8/14/25 and the results are normal. Alisson has never had an abnormal pap smear. She has never been treated for HIV/AIDS. Alisson did suffer from some depression due to a toxic relationship with her mother as a child. She was prescribed medications which she no longer took once she moved out of her mothers home. Alisson has only been hospitalized for childbirth and hernia repair surgery in 2006. Alisson did have anemia during pregnancy.

Alisson nor Colin smoke cigarettes, vape, or use any smokeless tobacco. Alisson denies any illegal drug use for her and Colin. Alisson nor Colin drink alcohol.

AWAIT

SURROGACY

Alisson has never been diagnosed with any of the following: hepatitis C, HIV, hepatitis B, herpes, genital warts/sores, gonorrhea, syphilis or chlamydia.

Alisson nor Colin have any legal cases pending at this time. She has never been arrested or had conflicts with the law, been convicted of a felony, been accused and/or convicted of child abuse or spousal abuse, lost custody of a child, been in a substance abuse program, or declared bankruptcy.

Alisson has discussed becoming a surrogate with her children and her family. Alisson has no concerns about sharing her surrogacy journey with her children and Alisson states that there isn't anyone that she is aware of that is against her desire to become a surrogate.

Alisson has no preference in the family she carries for. She is open to heterosexual or same sex. She is open to being a surrogate for a family that lives outside of the USA. Alisson is open to matching with a family that is a different religion than she is. She is not willing to give up pork or beef products for the duration of the journey. Alisson stated that she wants to become a surrogate because she loves being a mom and knows the joy it brought to her life and she would love to help grow another family.

Alisson is willing to terminate for any reason that the Intended Parents choose. She is willing to carry twins but not triplets. She is willing to transfer only one embryo at a time. She is comfortable with the Intended Parents taking pictures during this journey. She is comfortable with the intended parents being at doctors appointments and being in the delivery room. Alisson said that she would like as much communication the Intended Parents need and want. Alisson would like to have communication after birth if the Intended Parents feel the same way.

Alisson has received the flu vaccine and the Covid vaccine.
