SLT Meeting #5 – December 2, 2025

Emergency Meeting

FY27 Class Size Reduction Planning and Funding

We were unable to apply for class size reduction due to not having any room
- Need to show space

Due to the fact we lost students, we also lost currency. This is a big deal; we could potentially lose teachers.

Survey due tomorrow.

K-3: 20 students/class
4-8: 23 students/class
9-12: 25 students/class

We can get two grades to meet lower class size mandates in grades 3 and 4.
Considering adding a 6th class to the third grade.
25 first grade
26 second grade

These numbers are higher than the third and fourth grades but not higher than they ever were.

The maximum number of IEPs in an ICT classroom is 12.

Special education ICT teachers
Will need 18 special education teachers next year

After completing the survey, we will know by April or May.
