8th grade

We are very excited that you have decided to take the opportunity to apply for the Viking Student Tech Team/Media Club! Through the Verizon Innovative Learning Grant, all 6th-8th grade students will be receiving iPads to use in class and take home next year. There will be a lot of small technology problems that students and teachers will need help with. These problems could include:

- | | | |
|-------------------------------|--------------------------|-------------------------------|
| - My iPad won't turn on | - Apps not working | - I need to charge my iPad |
| - My iPad isn't working right | - The WiFi won't connect | - The Bluetooth won't connect |
| - Broken screens | - Install drivers | - Update computers |

The student-tech team will help with these small issues, and much more! In addition, members of the Tech Team/Media Club will also create videos, newscasts, work with the Yearbook class, create posters, and present in front of other students and teachers. Please complete the following parts of the Tech Team Application carefully and then turn in your application to Mr. Huicochea in Room 601 by Friday, April 21, 2023. *There will also be a face-to-face interview.*

Describe a time when you had to help someone with technology:

What type of technology do you currently use and in what ways do you use it? What are some steps you take to problem-solve when your technology is not working correctly?

Sometimes, this job will require a commitment before school, during lunch, or after school. Are you available at these times to help with Viking's technology needs?

Are you comfortable filming yourself and creating videos that will be shared with the entire school? Name at least one example where you have created a video or media product that was shared with other people (include the name of the software or app you used)?
