21 the name of Yahweh hanging under that entrance isn't that going to be wonderful oh wow they have worked so hard speaking of which next week where are we no this ain't a regular

okay this is Tuesday night I'm used to being here on Friday nights so I next Monday if we have anybody that would meet me out at the land uh this is not a paid position I just need help we need about 10 hands I'm fixing to build the biggest flower bed out there we've ever built and I need help hands we need to get truckloads of topsoil out there and we just need some people to help us out there next Monday maybe about

22 eight o'clock in the morning that way it doesn't get too hot but I'll tell you what I'm liking this 80 degree weather in Mississippi Hallelujah praise the Lord amen so I have a missing Bible if anybody has seen my book of Yahweh it is missing and so that means I need to borrow yours again sister Laurie that's that the pastor don't have a Bible oh I got one up here though Hallelujah but my Bible is missing if anybody comes up with an extra book of Yahweh I would love to find my Bible because I had a lot of notes written in it but um amen Praise You Lord boy I tell you what this is the appointed

23 time Hallelujah the holiest month of the year we're now standing in it tonight okay we're in it now and your life will change when you begin to put the rhythm of your life around the rhythm of God this is his rhythm this is his rhythm amen if you're celebrating other holidays you're out of rhythm there has to be two witnesses one where and one two if you've got one dancing I'm not a dancer now my wife and I we like to do a little slow dance that's because I get to stand there and she gets to dance and I don't look like I don't know how to dance but you know but me and her like to you know get

24 at the house and turn on old blue eyes and dance a little bit and the worst thing is is if one of you gets out of rhythm don't work does a sister all of a sudden you start stepping on one another's toes and it just don't work amen and uh Yahweh has a rhythm Passover unleavened bread burst fruit the 50th day of first fruit shavuo and then the then but I'm pausing right there for a reason because then the Rhythm seems to slow down and that's what we're going to be preaching about tonight I will say this I have preached this is my 10th Feast of trumpet sermon that I have preached in my life and

25 my fear when I started these holy days was I'm going to run out of stuff to preach you know because they only mean so much right in other words but of course that the Christmas preachers never run out of stuff to preach on Christmas so my point I'm making is tonight before I'd already had the sermon prepared and it's here ready to feed the Eagles and I was walking out the door and the Lord told me he said go and look up the meaning of one word and I'll tell you that word in a minute and when he did I said why did I never see this before hallelujah it's mind-blowing you just wait it's

26 mind-blowing Hallelujah it's an upward Journey amen Revelation 10 and we're going to start at verse 6.

27 normally you would expect me to go to Leviticus on a holy Feast night but I'm going to show you both of you both parts of your Bible are mirrors of one another I want you to watch this now Revelation is a mirror of Genesis everything you find in Genesis you find in Revelation so if your Bible is not perfectly mirroring the old and the new and they're saying the same thing you got you're just not reading your Bible right okay Revelation is the Torah and the reason I know that it's the Torah is because when John looked and saw a scroll in the hand of the father and there was no man worthy to

28 break the seals of that scroll when you understand what was in that scroll then you'll know that it was Torah and you need to know tonight that in the Book of Revelation is where you find the real meaning of the Holy Days in The Book of Leviticus you find the letter of the law but when you get the Revelation you find the spirit of the law the Fulfillment of the law and let's see what it says Revelations 10 and 6 praise the Lord and in those days now I'm sorry wrong chapter verse 6.

29 and he vowed by him who lives forever and ever who created heaven and the things that are in it and the Earth the things that are in it and the sea and the things which are in it and what does the last line say there shall be no more what delay is another word in the King James as well the delay there will be no more delay no more delay when we get to what point in end time prophecy will there be no more delay I'll show it to you in the next verse but in the days of The Voice of the seventh angel when he begins to preach to you when he begins to sound forth his message there will be no more

30 delay and we are in the hour of the voice of the angel and delay is almost over there'll be no more delay when he begins to sound and the Mystery of God will be finished as he declared To His prophets quickly The Book of Ezekiel chapter 12.

31 verse 28 and we don't normally preach this soon in the service but I really want to bring you this message tonight so you can get it in your spirit we're going to make a deposit tonight in your bank account Hallelujah build up that Spirit man little by little verse 28 therefore say to them this is what Yahweh says none of my words will be prolonged postponed or delayed any longer but the word which I have spoken will be done says father Yahweh amen I want to preach to you tonight no more delay no more delay and also surviving the silence no more delay and surviving the silence you may be

32 seated tonight thank you Father for this word that we know you're getting ready to bring into our lives this evening it in the book of Hebrews chapter 10 verse 37 if you want to turn there I'd like for you to highlight that in your Bible you need to read it every day Hebrews 10 37.

33 for yet a little while and he who is coming will come and will not delay praise God at the beginning of the year for the child of God is that my phone or somebody else okay I'm gonna go ahead and turn mine off just in case thank you brother trost in the beginning of the year which does not start at Rosh Hashanah I've never understood why some of you watching us live and some of you here tonight I'll never understand why you ran out of Catholicism only to embrace Judaism amen y'all ran out of Pentecostalism Catholicism everything you ran out of because why they added come on now and did what

34 took away maybe the Jews did that worse than the Catholics did some of y'all want to be Jews I don't understand you want to be Messianic Jews no no no no no no no because if you'll remember correctly it is not the Jews that Yahweh is raising up in this hour it is Israel you got to learn the difference amen we are not Jews don't want to be Jews never will be Jews we're Israelites what does that mean we don't practice the Jewish religion the Pope's religion or nobody else's religion we practice the word of God completely amen that's why when someone says y'all trying to be Jews it makes me

35 laugh because I preach against Judaism and uh when you get to the Feast of trumpets if you'll notice how all your friends on their timeline they're all celebrating a new year it's a lie from the pits of hell oh brother Von you're being anti-semitic I'm anti-religion you better learn the difference I'm anti-religion no anti-Semitism here if you if y'all don't care if you're a Jew if you black white red yellow I'm a preach against your religion if it don't line up with the word of God so they say it's a new year God said the new year begins on the first day of abib so you have changed the word

36 of God and I don't want nothing to do with it so that's why we don't celebrate Rosh Hashanah which is alive from hell so therefore you are going to here's the problem many of y'all came to Messianic Judaism and you thought you found a home you was comfortable you've you got on their Moon worship and calendar you got on everything they was doing and you thought okay I've arrived but then you heard another voice and that voice said no darling you came out of Catholicism jumped over into Judaism now you got to come out of it all my people and follow the word wherever it takes you whatever it does

37 for you whoever it hurts whoever it offends amen so it's not Rosh Hashanah okay that was four months ago however long now at the beginning of the year we seem to have a very busy season at that time all of a sudden we're all busy celebrating one thing right after the other Passover unleavened bread first fruit Pentecost a lot of activity going on and then all of a sudden bam nothing going on we get into a holy pause that brothers and sisters is on purpose that is the delay amen there is a delay in these festivals why because some of you can't make it from Pentecost to Trumpets you already

38 backslid between Pentecost and trumpets you not found something wrong with the church you're not found something wrong with somebody in the church you don't found something wrong with the preacher you done fell away the delay is there for a test for the saints of God to give you a shadow of what this delay is all about there is a Divine delay in the program of God and Yeshua knew about it they said when are you returning he didn't tell him but he did give him he said something that makes no sense if he was coming quickly as they assumed why would he have said these words will there be any

39 faith left when I return the delay is going to be so long there will be no faith left on this Earth they will celebrate everything in this world but me they'll celebrate Christmas it'll celebrate each star they'll celebrate every pagan holiday in the world but there will be no true Faith left that celebrates truth and he said there's going to be a long delay and that delay is going to deceive many people between Pentecost and trumpets he leaves you at Pentecost with the instilling of the what the Holy Ghost oh yeah you got all this fire you've been at camp meeting you get this great power from

40 on the high you fell out in the floor you spoke in a Heavenly language you cast out a few Devils you really had some power going on but he said to tell you if you don't understand the Divine delay you will grow weary and well do doing I'm going to teach you about the delay so you are ready for the delay so you'll endure it sent Joshua left the delay has brought great right to the church this church started off in the upper room actually in the wilderness it came through the upper room this church originally had sound Doctrine this church originally believed in one God this church originally

41 kept the feast oh yes I challenge you to go in your Bible and find me anyone in the early church that kept any other holiday but the feast the original Church kept the seventh day Sabbath holy oh no other day no other day but the seventh day I'm the I need you to listen now that original Church believed in water baptism in one way and it was in the name of Yeshua the Messiah that original Church knew exactly who yahshua was that original Church walked in the doctrines of the church and I want you to know something you are stuck in a church age that cares nothing about Doctrine they simply want

42 to have good church but there's going to be a small Remnant that's going to endure the delay and hold on to the doctrines of the church the reason there's a delay is to test the doctrine the original Church did not believe in a rapture they believed they would endure tribulation the original Church looked nothing like the churches in Waveland the original Churchill looked nothing like the church you grew up in the original church was the doctrinal correct Church and that church would have to be tested in the delay we failed in the delay originally originally Simon the Magician this man began

43 to corrupt God's Church whenever you read about him and marcion they're all in the same pot and kettle here's what began to happen to the church while the apostles were requiring a sold out life not the magician the magician went down to the Waters of baptism and he was impressed by the power he was impressed by the power that he was seeing oh yeah the word of knowledge was impressing him the gifts were impressing this magician and what did he do jumped in the water he said baptize me he said baptize me so that I can begin to speak in those

languages of the world and I can seduce the world in

44 many languages he wanted the power of Pentecost without the price of Pentecost he wanted the power without the price he did not want to go sit down at the temple in a Torah class and learn the doctrines he wanted and when the Apostle would not give it to him he said I'll pay you for it when you in the days we're living and I want to show you how the church went into that great great dark period we're living in a day now where the members of the modern church will pay you to let them see the power nobody here yeah everybody on Facebook is a prophet everybody go dye your hair and you can be a

45 prophet or grow it long and you can be a Prophet this generation we're living in what's corrupted in the very beginning they fell in love with the gifts of the Spirit rather than The Giver of the spirit they fell in love with Pentecostalism they fell in love with charismaticism they fell in love with what they could get rather than what they could give and that's why Yeshua said when I return will there be any true faith left on the Earth I'm gonna prove it to you tonight there are thousands of residents in this community and less than 60 of them have gathered to celebrate truth and keep the

46 original faith but you know what that's all he needs that's all he needs because in that delay when marcione met polycarp Polly carp he said do you know who I am that's what marcion said to polycarp polycarp was John's disciple he knew the book marcion did not like the Old Testament y'all study your history the church began to corrupt under that magician and marcion yeah they begin to corrupt why because marcion believed in the New Testament he did not like Yahweh but he loved Jesus ain't nobody here he loved Jesus but he thought the rules and the requirements of Yahweh were too hard so do you

47 know what marcione did he wrote the first New Testament don't know that did you know that marcion went and gathered together a few of the writings of Paul they all loved Paul I said they all love Paul he went got a few of Paul's writing and I think he got Ephesians and if what's few of the good ones you know the only ones you hear preached out of today come on now oh man you ain't gonna go in no church and they say open up to the Book of Numbers let's go to Leviticus no let's go to Ephesians let's go to Galatians well Marcy owned like those books too he loved him and so here comes marcion to

48 meet polycarp who was polycarp a lot like me he loved truth he loved the book he loves the doctrine he loved the purity of the church and so somebody Marcy now John the Apostle has just died who did he leave in charge poly cart polycarp's pastoring that church and Smyrna the one Yahweh had no problems with Hallelujah if you'll be obedient to the book he won't have no problem with you amen and marcelon said well hello brother Bishop Polly karp do you know who I am he said oh I know you're the son of Satan that's right that was a fellow Bishop marcione was a bishop marcion was a bishop of the

49 newly formed the newly forming Catholic Church and marcion was one of their Bishops and when he met a real man of God that man of God wasn't impressed by how many Facebook followers he had or how many YouTube followers he had or how many in his church he had he said you're the son of Satan [Music] because the church was going into decline it wasn't long polycarp got on a boat at 80 something years old and went to Rome didn't he why did polycarp go to Rome because the Pope was changing the Passover from my Tuesday night they were moving it to a Sunday they were changing it from the 14th day of

50 the week to a more convenient day and here comes that old preacher polycarp and he comes into the Pope's office now this man has seen yahshua the pope tried to intimidate the little man that had been with the big man if you're not careful this world's religions will try to make you feel like the little church on the corner they'll try to make you feel like the little group of people but maybe little as much when God is in it when truth is in it there's nothing little about

this group of people you are holding on to a rich and a faith [Applause] Hallelujah nobody else is celebrating this night

51 but you the pope told polycarp go on home son I got this that's when they begin to change Sabbath to Sunday I've come to tell all of you something you can do what you want to do but I'm determined to find a church that looks a lot like that original church one that believes that original truth that follows that original way Hallelujah don't get deceived in the delay [Music] [Applause] the delay is there to divide say it again the delay is created to find out who has true faith why is it taken the Lord so long to return don't you understand if he would have returned too quickly he'd have had

52 mercy on in his church [Applause] [Music] if you'd have came back a month later marcion would be calling himself a bishop oh but when you hold out to the end when you enter every trial when you stand on Truth when it's not popular well you don't have to you are becoming children of that delay for long months passed now from Pentecost to the coming of the Lord for a long months for corruption to get in the church for Babylonian invasions Pagan practices sin running rampant and only a Remnant remaining faithful to the Hebrew Messiah and his teachings four long months nearly a hundred long days

53 of nothing when you come to the Lord it'll be like that for you as well your first few months with the Lord will be so filled with Rapture glorious rapture and then the heavens will become as brass for you Hallelujah here's why if you pray when he don't say nothing and you keep on praying see see if you pray when he didn't answer the last prayer if you keep on praying the delay is working do you understand what I'm saying [Music] uh I paid my tithes and and the next day they cut my lights off okay now if you pay them again next week now we're working with something the delay is working the

54 delay is working it's finding out who popped up for a blessing or who jumped in for a battle the delay is working four long months of delay I preached a message entitled who stopped the rain with the Prophet Elijah why did he stop the rain for seven long years because it would take that long of nothing for God's people to get desperate for something where's the Miracles brother Vaughn I hope they're gone forever where's the Miracles you know where they've gone they're in the delay because God is getting our people now that don't need a prayer answered they don't need a miracle they don't need

55 the dead raised they just need to endure to the end they just need to know that God's in control and they're going to be faithful without the rain [Applause] because 90 of you watching me are serving him for an answered prayer you're serving him for a miracle in your finances or a miracle in your home give it up and just serve him all right Hallelujah who's gonna be left I've gotten to the point I really don't pray for a miracle I pray to endure that's going to be the best Miracle of them all if anybody's holding on to faith people will call you to pray for him but they won't let you teach

56 them why they want nothing to do with this Messiah they're just like the magician just like Simon the Sorcerer they just want what's in the water they just want another miracle they will not be faithful to the house of God but let them need a miracle and they call the house of God the delay is working the delay is working because if you're still here loving this truth I believe God found what he's looking for in a little Community called Waveland Mississippi a group of people that's going to do it by the book we're going to do it by his plan [Applause] for months nothing Brothers get ready to

57 play that for me for months there's nothing long months nothing happening with God Heaven's not moving nothing's happening it seems like this is going to last forever and then as quickly as quickly as you thought this was going to last forever the Bible said in a moment in the twinkling of an eye when you are yeah about ready to surrender because it's so hard in a

moment there's going to be an announcement that the old order is changing they're going to play a quick video for you and when you watch this video it's about two minutes long I want you to focus on the purpose of the trumpets what

58 the purpose of these trumpets are for if you've ever wondered why God still left someone on David's throne it's so that you have a shadow to look at that will teach you what trumpets is all about play it for me Brothers kill those lights [Music] there is a new mind there is a new model [Music] things about presentation Hallelujah if you'll hit that play button up here get along [Music] pause it look to your left the queen dies it's over it's over for the old order it's always announced by trumpet goodbye Satan goodbye Hallelujah it's always announced by a trumpet Hallelujah Hallelujah finish

59 playing it [Music] whereas it is pleased almighty God to call to his Mercy our late Sovereign Lady Queen Elizabeth II of blessed and glorious memory by whose deceased the crown of the United Kingdom of Great Britain and Northern Ireland by her death they have to make an official announcement now that there is a legitimate error that's worthy of the crown listen as he tells you by her death the crown is now legally passing to her legitimate Heir play it is solely and rightfully come to the Prince Charles Philip Arthur George God Save the King [Music] Paul's right there now I want you to watch

60 the next scene it's not only announcing the king I want you to watch [Music] this morning that she was getting ready the nations of the world are watching there is a new moon it's the whole the whole royal into our sons of Yahweh every one of them will be on that balcony every one of them will be on a canvas of Skye when the trumpet sounds [Applause] Hallelujah Hallelujah [Music] that's why in the 20s you'll turn the lights back up that's why in the 21st century we still have a royal family that looks so out of place they look so out of place in the modern world but Yahweh has left them there

61 in spite of their failures or whatever so that you still have a parable that will show you what the trumpets are going to announce one day very soon the old Queen Is Dead the New Order the New Order is risen the manifestation of the sons of God [Music] [Applause] [Music] and still some of you don't get it I watch your faces y'all look like zombies in here some of you look like zombies literal zombies you know why you don't get this message you get it self you and here get my message you could not sit there and look at me when you just saw the parable I just taught you you're getting ready to

62 govern and rule the nations of this world when that trumpet sounds you will be exalted if you suffer with me you will reign with me [Applause] Hallelujah The Queen Is Dead and a new family is rising to stand on that balcony to declare the nations of the world have a new government [Music] Hallelujah I watch the crowds you can be seated did you see the crowds that's going to be the nations of the world when they see you on that balcony [Music] that's what's going to happen on this day and yet the church taught you that God was taking you out of here you know why they you know why Satan wants to

63 take you out of here so you can't get on that balcony so you can't announce the queen is dead so you can't announce the old God is dead the old God is done his government has ended [Music] Hallelujah [Music] Glory Glory do you know why people won't endure the delay they don't see that in their mind they don't celebrate the Feast of trumpets they don't even know what's about to happen they've given two choices Heaven or Hell without being given the main choice ruling and reigning with Christ in a new government right here on Earth if you don't get that message you cannot serve the Lord fully

64 with all your heart you don't even understand why you're serving Hallelujah notice what they said about William Arthur George whatever his name is notice what they said that it rightfully belongs to him the trumpets was an official declaration why do you think my wife when I had her

read that Proclamation I said hear ye hear ye let it be known that this planet belongs to the sons of God it belongs to the sons of Adam the sons of Yahweh it belongs to the Born Again powerful Spirit-filled sons of God it's a Royal Proclamation [Applause] Hallelujah when you get it you get it this Earth belongs

65 to you and your whole life you've sang this world is not my home this whole life you've sang I'll Fly Away and leave this to that old Queen oh no no no no you can't fly away the Earth is groaning for you brother brother Von why do you preach so hard against the church I don't I preach against lying pastors not against the church oh you've got to understand something God's calling you to know who you are to declare on the first day of the seventh night what those trumpets are all about they're all about you [Music] Glory I want you to notice you may be seated notice on that video clip I just

66 played who came out first the king then the queen and just a few seconds later the Elohim the family of the royal ones they all begin to feel that balcony as the king introduced his family to that old Wicked World my God I thank God that I know this truth I celebrate this truth I live it legitimacy you got to be a legitimate son you can't be a usurper no one can make a claim on King Charles's Throne you know why he was legitimate I'm about to preach now he was legitimate no one can make a claim he's declared the King by the sounding of the trumpet Hallelujah ah what is caused this delay let me

67 show you how important legitimacy is in the olden days I don't know if they still do it I hope not but in the old days of royalty on the night of your wedding you didn't go in that bedroom alone they pulled up chairs the old Queen Mother and everybody they put chairs around the bed while you crawled in him you think I'm kidding you better go study your history they put bad and you crawled under them blankets and you made a baby and you had witnesses that that baby is legitimate that baby is legitimate for the throne I come to tell you that you're being watched by the angels of God to find out

68 if you're legitimate to find out if you are worthy of that Throne if you deserve it if you have a right to it if you will ever sit on it there's Watchers over you thank you [Music] you'll have many sons you'll have a lot of sons that come up to the king and say Lord Lord oh King Scott saved the cake you know I'm one of yours I cashed out devils I healed to say oh your majesty I'm one of yours I'm one of your faithful Sons you said you called me you say you're my son but I have no legitimate proof of it amen oh I believed on you like I said I need proof that you believed but I confessed you as

69 Lord and I need proof that that confession turned into possession where I possessed you in your way where I change you [Music] Lord I was a member of first nothing listen to me he said this your worker of iniquity that word is Lawless legitimate Sons do it by the law you sharpers hate the law and do you know what these bastard Sons will tell the legitimate signs I'm just as saved as you are [Music] do you know what these bastard usurpers will say to the legitimate heirs to the throne well I believed in the Lord just like you do all you may have but let me tell you I heard people make fun of

70 King Charles for serving his mother for 50 years baby he wasn't dumb he understood if you want the throne you gotta work for it you've got to earn it all right that's why my heart breaks for Harry let a little Jezebel take him away from his throne brother Von he would have never inherited the throne you are fool if your brother's the king darling you've got all the benefits of the throne listen don't let nobody steal your inheritance [Applause] that little that little Jezebel witch Meghan Markle snuck into the castle and took a boy and spoke in his ear with her little seduction and brought him

71 to come to fornica and took him away from what he was trained for I want every one of you to hear me there's always a Megan waiting for a Son of God there's always a liar waiting to

convince you there's an easier way there's a more graceful way give it all up they say but you've got to endure the delay foreign to make sure that's what's going to be born in the resurrection are legitimate Sons we got to make sure that you didn't say in your mind it don't matter what day I worship on I love God every day that sounds like a bastard talking Harry said the same words he went and wrote a book about

72 how strict they were he said they had out of date standards yeah they do son you know why they do the throne cost you everything when they come to you and say I thank God I'm free I'm not under the law like you are say I know it shows it shows I can tell but I'll be uh [Music] I can tell but I'll be a devil's Duncan if I'll let you talk me out of this narrow way that leads to the legitimacy as the sons of God at the end time [Applause] Glory Glory Glory why is it silent why are we in the delay I'm gonna prove it to you the reason there's no Royal celebrations right now until today why is there

73 no Eastern Sky rolling back why is there no more men walking on water turning the worlds upside down all there is right now Pastor is silence and suffering and test in trials because beloved listen to the revelation it's got to get real silent for you to be able to hear a snake talking two thousand years the heavens have been silent two thousand years nothing going on maybe a Revival here and there but it's got to get real silent for that snake to be able to convince you he's never coming back it's got to get quiet for that snake to get in your ear and say where is the sign of his coming if

74 God was working miracles today like he did yesterday our churches would be full they wouldn't leave and backslide as long as the next service they get more miracles but when the heavens go silent that's when the snake starts talking in your own life when your Miracles dry up it's quiet in your world where's my where and here he comes where is your god where is she how could he let you suffer after you've obeyed him did you say you've heard it but it has to get real quiet to hear it regardless of it I mean I don't worry about things I just just to serve him amen amen just serve him but that

75 snake talks don't he but if if God was answering every prayer he couldn't talk and God needs him to talk because it's the seduction of the serpent that proves the legitimacy of the sons people worry me that's always looking for miracles they worry me the Bible said in the end times people would be so desperate for miracles why would they be so desperate evidently God's not doing them anymore they got quiet in the world back at Pentecost everything was shaken why did it get quiet because God's determined that in that resurrection of sons the snake that worked on Eve will not work on you do you

76 understand Hallelujah that's why there's a delay in his coming it's got to get quiet for snakes to talk they can't talk while you just got all your bills paid you just got a healing they can't tell you God don't heal unless God don't heal if you just got healed they can't convince you God don't heal but go a few months with no healing and all of a sudden their constant talking begins to wear you down and Yahweh said I've got a solution for that it's called The Feast [Applause] hallelujah it's called The Feast right when you think I'm not coming again the Feast of trumpets shows back up so this

77 voice can speak to you in place of that snake [Applause] I've come to replace the voice of the snake in your life and tell you our Lord is still coming back to Earth again second Peter 3 and 3 says whoa I didn't say God wouldn't answer your prayer but I did tell you if he don't keep praying I did tell you when that snake starts talking foreign talk back Hallelujah Glory looking for glasses Hallelujah all right somebody have to read it for me second Peter 3 and 3.

78 read it and what will they say Elder ly it's it's quiet they said everything's just the same it's quiet snakes will come scoffers saying where's brother Vaughn not just the second coming but when is he coming to answer your prayer you told me he was praying for a new house that was

a year ago where when's it coming mom [Music] at the appointed time at the appointed time when you're a time keeper and when you celebrate holy time you understand right on time there's a time for all things them scoffers said everything's the same for what they don't know in a moment in a moment in the twinkling of

79 an eye I'm gonna give you an example you know how many times it was promised to me that my voice would reach the nations of the world here number one in this building you're number two year number three nobody coming body listening I thought God said everything looks the same to me You're Number Four we showed up every year sister Judy was here during those years Elder homridge we all show with a handful of us showed up wasn't no live streaming we too ashamed to go live with nobody in the building year number five silence you're number six silence you're number seven I was in Ohio when the

80 Holy Ghost spoke to me and in a moment in a moment in a moment everything changed in the twinkling of an eye tonight Hallelujah Hallelujah [Music] here's what he said here's what Yahweh said brother Von why is there no activity going on in the heavens listen to me I want you to hear me good because I'm fixing to make a point you always said I want you to meet with me first day of the seventh month so that you can be a shadow of a coming reality I want to turn you into a sign and a Wonder I want them to wonder what are you doing I want them to wonder why are you doing I want them to ask you why

81 are you blowing a trumpet I want you to become a shadow of what is to come [Music] somebody said brother Vaughn the holy days are shadows no the holy people are shadows we are the Shadows we are the shadow of what's right down the road [Music] y'all look at this wall look at this wall tell me when you see my shadow you see it that promises you that there's a hand close by do you understand me do you understand me it's a promise it's a promise that if the shadow will get in place the reality will come [Music] [Applause] the Shadows gotta get in place [Music] God said you're the shadow you're

82 the shadow of the truth because the truth on that wall the truth was my hand was closer than you realized but the shadow comes first [Music] here's what he told me he said tell my people to lift their trumpets before I live mine [Applause] [Music] [Applause] [Music] tell them to lift their trumpet first if they'll lift their trumpet first I'll lift a mine last [Music] you are the shadow [Applause] [Music] [Applause] [Music] he said until I blow you blow until I blow you blow until I blow you blow I gotta have the shadow to bring the truth to bring the reality you belong first you blow first

83 why why does he want you to blow first he wants you to notice when he wants you to blow on the very day he's gonna blow the first day of the seventh month he said you get in place you blow and that will be a promise to the world that I will blow on the first day of the seventh month foreign [Applause] every time you lift your shofar you are being a shadow of the coming of the Lord You remind hell time is running out [Applause] [Music] maybe seated this ministry went from 10 people keeping the shadow to tonight thousands of people are celebrating the feast suddenly there's people watching in

84 their home right now shofars in their hand that didn't happen before we are in an Awakening of we are in The Awakening right now [Music] I gotta hurry now I gotta I'm out of time and I hadn't got started turn with me quickly y'all better be careful I started taking some of that go Vigo gets you energy yeah it's got nitric oxide I did like a double dose today yeah so I could preach the house down Hallelujah [Laughter] let's see if that two-hour sermon to turn into four and now Glory I will say it yesterday can I get a napkin my eyes are full of sweat somebody Hallelujah I will say that before

85 yesterday and today I've not cooked in a long long long long long long time and I felt like it and I started cooking and then I cooked for y'all again tonight just a new energy so I praise the

Lord so all that means is before y'all got us y'all gotta little portion now we're going to see how far we can make this Govi go go Hallelujah Glory Hallelujah I got that not Kakashi I got that Naka Kishi whatever it is in me and I got a some other stuff flowing in there Hallelujah Let's See How Far That Go be go we go Hallelujah that's separate from the diet pills that's when they think bucket of stuff

86 and I said well let me try it too and I tried it oh yeah Hallelujah Leviticus 23.

87 whoo what does revelation have to do with everything I preached about I'm going to show you we almost done those of you that's tired we're about done ah Leviticus 23. but you know some of y'all I don't know why you tired because I know you worked all day but you ain't got to work tomorrow so just if you get sleepy get them kids at them chairs go take a nap and I'll still be preaching when you get done and y'all come on back hallelujah amen then I will too and I'm fixing to show you what you just said oh keep that in mind what you just said Leviticus 23 and 4.

88 these are the feasts of the Jews I'm sorry oh I misread that I thought it was the Feast of the Jews yeah these are his holy convocations which you shall Proclaim in their seasons let's slip down to verse 23. and this brings us to our first clothes verse 23.

89 and Yahweh spoke to Moses saying speak to the children of Israel not the world don't speak to the Baptist don't speak to the Catholics don't speak to the Jews the Judaism don't speak to romanism don't speak to Pagan don't speak to a charismatic is no speak to none of them because they're not going to listen to you anyway see only Israel listens Speak to My People Israel saying in the seventh month on the first day of the month you shall have a Sabbath the memorial of blowing of trumpets a holy convocation now I want to stop right there I want to show y'all here we are here we are we've done it

90 we're here I want you to understand something I taught you last year that the name Feast of trumpets is not a Biblical name and I taught you why and I'm fixing to show it I'm going to break it down for you the word for blow in Hebrew is nowhere in that verse and the word for trumpets is nowhere in that verse and yet it says the blowing of trumpets the Hebrew word for blow ishtaka t-a-q-a you will find taka in that verse yet they're calling this day the daying of blowing of trumpets the Hebrew word for trumpet is what shofar you won't find shafar nowhere in that verse y'all go do your study go

91 pull the verse up look at your little Interlinear and you will not find Taka or shofar anywhere in Leviticus 23 and 24.

92 so why yes sir thicker one thank you so why did they translate that blowing of trumpets stay with me y'all wake up it says blowing of trumpets yet the Hebrew word for blowing are the Hebrew words for trumpet is not in that verse there is a word in the verse and it's not taka and it's not shofar it's tarua yam tarua what does yah mean day what does tarua mean this is interesting it doesn't mean trumpet it doesn't mean blowing tarua means to split the ear with a shout of joy so this is the day that you're supposed to split one another's ears with the shout of joy amen Hallelujah y'all just did

93 it I can hear good and y'all just did it it also has another meaning Battle Cry what is a Battle Cry here's what a Battle Cry is so I'm trying to teach you something today you see where it says on that verse it is a day for you to blow trumpets that is a horrible translation it is a day for you to lift your voice that it causes ear splitting among everybody that hears it it is a day not now trumpets is involved and I'll show you how in a moment but yam tarua does not mean to blow trumpets Judaism messed that up they would rather just blow a bunch of shofars like it's got magic power in it okay

94 now watch this Yahweh said on this day I want my people to come together now see this is why I tell people you can't do this with people that don't come to and I thank God for sister Tuttle and the lutzes that came out of their way to assemble in person it wasn't easy it cost them

money they had to quit working on their houses but here's why that scripture cannot mean that you can just do it in your houses now for those watching do better next year okay no condemnation just do better that's whatever that whatever that is okay here's why you can't do it by yourself you can't cause no ear

95 splitting by yourself [Applause] [Music] [Applause] [Music] that is right there Hallelujah [Applause] [Music] that's a Battle Cry that's a Battle Cry [Music] let me show you yam tarua watch it carefully here's yam tarua a battle cries this you're scared to go into that battle watch this I'm your general I say Ricky we've already won Ricky is that first not doing the woo at first she's laying here he says come on where women now Ricky he sees all them walls he sees all and then I and he's looking at him and I say Ricky we can do this and he goes Ricky you got to know God's already fought the

96 Battle for us he said okay okay okay okay okay Ricky and then something happens I convinced him that the battles won and then I hear a Battle Cry God it's an agreement with God [Applause] it's an agreement with God Yom Teru is a Battle Cry it's an agreement with Yahweh that if you shout it yeah yeah let's go foreign [Applause] [Music] issue walking in that building right here knowing the whole world's falling apart knowing sin is rampant and you hearing God reminds you the king is coming and all of a sudden you're like yeah yeah that's Yom terua [Applause] good job [Applause] [Music]

97 [Applause] that's you coming into agreement with Yahweh [Music] ear splitting ear splitting I'm gonna tell y'all if you in a church that don't split your ears you're not in a church evidently God likes to bust eardrums so he can heal them but he likes to bust them Hallelujah you know why anything you believe in you get loud about [Music] not me brother Vonda why was you acting like a fool at the LSU game anything you believe in you get loud about you want to hear ear splitting go to a football game and yet they walk in a church no need in it being that loud God's not death he ain't dumb and he

98 ain't dizzy and he ain't nervous either it's a Battle Cry it's a shout of affirmation that says let us arise and believe what Yahweh has said closing number two the Book of Joshua chapter 6.

99 now this is where it's about to come together for you I read out of this last year but I saw something today I've never seen Joshua chapter 6. stay with me and we're going to get you all to the promised land in just a minute Joshua 6 and 1.

100 Jericho was shut up securely because of the children of Israel no one went out no one came in and Yahweh said to yahshua behold I've already given you your throne this is the part I didn't see last year one of the parts Joshua I've already given you the Nations to rule and reign I've already given Jericho into your hand along with its king Satan and it's fighting men the Fallen Angels Yahweh told Joshua Joshua can you see it no all I see is walls Joshua inside those walls is my people good people Bound by those walls Joshua the Lord showed this to me tonight he said if I could never get my

101 people to see that I've given them Jericho Joshua stuck in those walls walls the rest of the people Joshua I've already promised Jericho is yours Joshua I've already given you the king that keeping them Bound in the walls I've already given you as they saw the coat in all and the inhabitants of the city and all the fighting men I need you Joshua to not see the wall I need you to see that I've given it to you I don't need you to see drug addiction running rampant in your world I don't need you to see children being sex trafficked all over the world I don't need you focusing on the walls I'm

102 just as much against sex trafficking but some of y'all's turn that into a religion itself listen to me as long as Satan lives sin lives but I've been given a promise that if I'll agree with God those walls are going to come down at the right time I have no worries [Music] Joshua you're so focused on how bad it is you're so focused Joshua on the walls I need you to look inside the

walls and see the king already for and see the people already free yeah and I need you to see the Fighting Man already destroyed and then Joshua what I need is proof that you see it if you would hush you're stealing

103 my punch lines huh Joshua I know you say you see it but here's what we're going to do Joshua I'm going to let you prove to me once a year that you see it I'm preaching better than y'all getting trust me I'm in a vein right now that only spiritual people can hear I don't went to a level that everybody in this room can't hear me Behind the Walls Hallelujah and I need you to believe that Joy joining in the Bible [Applause] whoa Hallelujah [Music] Yahweh behold I've given Jericho into your hand verse 3.

104 you are to March around the city all the fighting men going around the city once you're going to do this six thousand years with nothing happening [Music] [Applause] [Music] here we are we just marching it's Church time again but here we are we just marching it's time for another feast day at Tabernacles uh we just you know ain't nothing really happening I ain't seen no Miracle yet I ain't seen nothing happen yet here I am I'm just marching around these walls Faithfully [Music] foreign I can hear I can hear some of them people telling Joshua well we run around at one time ain't nothing

105 happened but I I guarantee you next time it's gonna happen church one more time I'm gonna pay my ties one more time I'm going back to Tabernacles one more time I'm gonna blow that so far one more time I'm gonna be faithful one more and God's getting ready to do it and God's getting ready and then God don't do nothing the water hotel I walked out much in a year not that fast anyway they was expecting Revival Second Time Around Joshua says let's just have another prayer meeting well ain't nothing happening let's just pray again I can't walk that again but just pray again you can't either just

106 just keep walking look there you go brother Larry just do it for me one more round she said I'm gonna go one more round one more time now come on now I'm gonna do it one more time I'm gonna be faithful one more time I'm gonna do what God Said to do one more time I'm gonna show up one more time I'm gonna give one more time I'm gonna love God one more time I'm gonna stand in faith one more time hallelujah hallelujah Hallelujah I'm gonna do it one more time I'm gonna do it one more time then I'm gonna do it another time why because God said he's given me the nations of this world I'm gonna do it

107 one more time Hallelujah one more time faithful when God is silent when God is silent but you know why they could keep walking they knew the walls were coming down at the appointed time they knew the walls would come down at the appointed time they never ever stop being faithful brothers and sisters God's looking for somebody to do it one more year and do it again next year do it again the next year oh if you never get anything out of it just do it wow because you're gonna be standing there when the walls come down [Music] you'll be at the right place oh yeah how did Joshua keep walking

108 because he'd been told that at the right time I'm going to give you this city he already saw it brothers and sisters listen to me brother sister bacon listen to me no matter however hard it ever gets to be faithful do it one more time [Music] brother Behind the Walls ain't coming down you just got to know they are you just got to do it one more time many of you moved here on faith you didn't know what you were going to eat when you got here you ain't Mr meal yet why he's always right on time you've got to be standing there to watch the walls come down I'm trying to close the next verse foreign

109 he said do it for six thousand years have seven preachers I find that interesting how many churches were there in the Book of Revelation how many preachers over those churches I told you Revelations as a mirror of Torah he said have seven preachers carry a shofar now see there's the Hebrew word for shofar right there so this day does have something to do with

trumpets but that's not what the day is about he said get seven preachers I tell you what before we read that next verse let's go back hold that put your finger right there go back to our text revelation 10.

110 go back to it real quick verse seven I'm fixing to reach or something because I'm like yeah and it's going to spin a line up for you verse 7 Revelation 10 you there but in the days of the seventh preacher when he begins to preach then the mystery of God or were the walls will fall down it will be finished [Applause] [Music] back to Joshua get seven preachers with a Ram's Horn why why shofar I'm going to show you the shofars Do Not represent what you always thought they represented they represent the message of the preacher they represent the voice of the angel I'm going to prove it to you I

111 fixing to prove to you that horns and shofars have never brought any walls down hang tight hang tight get seven preachers that will send forth the voice of each preacher each message and when on the seventh day or the seven thousandth year March around Babylon or Jericho seven times with all the collected messages of all seven of those messages those seven preachers those seven messages of the seven Church ages thank you sir lay out the sin needs a horn y'all see y'all I'm gonna help you there are seven churches in the Book of Revelation each church has a preacher that was sounding forth a

112 message that connected to the next message that connected to the next message that connected to the next message that connected to the next one they're connected to the next one until it brought Babylon down down [Music] there was a message before this message my grandma preached it it was baptism in his name it was Holiness and separation from the world that voice has gone forth but in this hour there's another message joining in with that message the choir of Truth [Applause] these seven voices are the seven voices of Truth and it's not the number seven it's what seven denotes completion

113 when the message comes to completion when all the little loose ends are tying up I'm about to show it to you and I ain't even got to the good one yet I'm about to show it to you as I was walking out the door the lord gave me this on my way to church listen verse number four March around the city with the preachers preaching or the priests blowing on the shafar now I want you to watch something it ain't the shofars hang tight when the preacher sound a prolonged blast a Unity message when it all connects when truth finds truth and you get one clear message prolonged Harmony Unity when the

114 message is connect and you get all things restored to the way they were in the early church through the voice of Elijah restoring all things to the original Seven message thank you you want to preach so bad Elder Connolly I hear it Hallelujah verse 5.

115 when the message somebody say when the message becomes clear on the Rams Horn and the shofar then all the people are to say Amen to a clear message [Music] [Applause] [Music] [Applause] oh [Music] God I feel the Holy Ghost Revelation is flowing in this building it ought to be turning you on it ought to deny God from Mount Zion it gets all in you all on you you ain't got the Holy Ghost if you don't feel Revelation when it comes now you respond to it [Music] [Applause] he said Joshua it's not going to be the message it's going to be how the people respond when they hear it [Applause] when I see

116 how some of y'all respond ain't no walls coming down but there are some people when they hear that clear message your response to that message will prove who you are I want you to understand tonight there's a clear message going forth [Applause] [Music] is not about the shofar it's about how you respond to the message from the shofar [Applause] [Music] [Applause] [Music] some of you responded from Kentucky some of you responded from North Carolina some of you responded from Las Vegas some of you responded from Florida when you heard heard the message [Applause] God said he told me Elder Baker

117 I'm so I'm trying to slop listen he said your message didn't do nothing for seven years she was sounding a trumpet there had to be somebody that said amen somebody had to respond to it somebody had to put what it needed to go forth into all of the world [Applause] oh wow it's not the voice of the last trumpet it's your response to it God's looking for a people that says Amen to the word Hallelujah it's a Battle Cry we heard it we can do it it's ours let's go [Music] I've got to quit let's go and read further I gotta quit though then Versailles then the wall of the city collapsed on the spot

118 and all the people then went up every man listen to me the message of first Harvest Ministries is powerless without the people I can preach Sabbath but somebody's got to keep it [Music] when the walls fell when the walls fell all the people shouted with a great shout before they fell and then all the people were set free the King was dead The Queen Is Dead the old order is going to fall the old walls will crumble when the trumpet voice spoke and the people responded I want to now reveal a great mystery to all of you members of this church especially those watching me live I want everyone to

119 hear what I'm about to tell you there's a reason that Satan fights this ministry every day some of you have joined this ministry and you say I've never seen it's always a battle I want you to hear me and hear me well it wasn't like that and there was just [Music] but when the people started showing up [Applause] [Music] shaytan knew that when the valid The Voice finds a people when the message finds a People The Walls will come down Victory will be ours with the people father with the message thousands toys and the people respond Hallelujah Hallelujah Hallelujah oh my God have mercy whoo when

120 the devil saw people sending checks when the devil saw you Halls moving he knew the message had found the people [Music] and let me show you why let me show you why he comes in your inbox saying did you hear there's why if he can never get rid I of the people from supporting The Voice one by one then he'll leave the voice alone if I wanted my battles to go away I'd send every one of you back where you came from but you see I come to understand something he's already given me the city and I know it he's already giving me the King and I know it he's already given me the Victory and I know it

121 because we found nothing and the people [Music] y'all sit down before I close listen please hear me ah do you know why he don't care if you split away and just go to you a little uh little bible study with three or four of you you don't mind that but when you start building something when good men like Shang tsuo stands beside you when good men like brother Denny stands beside you when good men like brother Larry stands beside you good men like for the past good men like brother bet stand good men like my brother here stand good man on the back brother call brother y'all stand good men like

122 brother Michael stand brother trolls good men stand brother Sly stand brother look stand brother bacon stand brother Nate Bishop stand Elder stand when he sees you building something with solid men he will fight you until he wins the problem is I've already been given the city [Music] [Applause] [Music] shout if you believe it [Music] [Applause] [Music] [Applause] I promise this is the last closing this is it children God's given us the city Rua is a big Amen to that [Music] but as I was walking out the door I heard that voice that I'm so familiar with he said to me before I tell you what he

123 said let's go ahead and put our finger on Revelation 10 and 1.

124 it's just Devon you may want to come on to the organ or something because some folks probably finna lose their minds Hallelujah Hallelujah foreign before we read that verse don't read it yet don't nobody read it don't nobody read it yet why why did God use Jericho to teach us about Yom terua I was walking out the door and I heard that voice say what does Jericho mean the name I didn't know I have I must confess I didn't know what the name Jericho meant

interesting the name Jericho is actually in Hebrew the word Jericho or yurika yurik sorry now what's interesting about yurik Jericho is the

125 word yurik and that's the word Moon yurik Jericho literally means Moon and I'm like okay Lord all right got it all the false religions of this world chase after the Moon yes even the Jews even the messianics but the biggest religion that chases the Moon is Wicca if you know anything about witchcraft you know that their goddess is the Moon all of their high shabbats they call their shabbats as well are all dictated by the moon as a matter of fact there's a ritual in witchcraft called Drawing down the Moon where they go in water and they get nude under the moon and draw the moon down into them

126 every false religion their calendars things if so much based on the moon they wear the moon but but the Lord said I want you to look further than that he said tell me one word that encompasses all those religions and as I was thinking driving to church he said one word that encompasses it all and I first I thought paganism he said do better than that Rebellion because witchcraft is as the sin it's all Rebellion God said whenever my people conquer the Moon when they conquer Rebellion then they will be legitimate Sons and I said okay but Lord I need more than that and that's when he brought me

127 to look at that woman New Jerusalem the 144 thousand and I saw another angel come down from heaven clothed with a cloud I'm sorry that's is that the right person I'm looking for somebody to read that out of the King James for me oh you know what couldn't read my own writing 12-1 I knew someone right that's because the Lord didn't want children to jump ahead of me that's what that was Hallelujah amen I'll read it and there appeared a great Wonder in heaven a woman clothed with the Sun and the moon was under her feet and upon her head was a crown of 12 Stars God said when you conquer the moon

128 you have victory I Rebellion you're a legitimate Son of God let's all stand the night Hallelujah [Music] that crown of 12 Stars that's her Authority that she earned when she conquered Jericho when she put false religion under her feet let's all come forward tonight I want every shofar to come I want every shofar to come I won't ever show far to come now here's what we're going to do [Music] here's what we're going to do we're going to obey the scripture we're getting ready come on sister Pat wobble on down Hallelujah bless your heart [Music] I want all y'all to come by this microphone because
