

# The magical world of sweets

## 1. Прочитайте текст.

Many people, both young and old, love sweets and call themselves sweet teeth. But if you think about it, at present almost half of the market products are made up of various confectionery products. Chocolate, marshmallows, pastila, halva, cakes, pastries, sweets, marmalade, cookies, muffins - all these tasty things can be found in any store. There are many specialty stores that sell only sweet products. People who create sweet masterpieces are called confectioners. Numerous chocolate factories and pastry shops are being built around the world.

In the preparation of any sweet product, sugar is the main ingredient.

Various additional products are also added: honey, flour, eggs, butter, milk, starch, fruit syrups, food coloring, cocoa, chocolate, gelatin. However, there is a group of people who do not like purchased confectionery, instead they prefer to cook their own desserts at home with their own hands.

As is known, each country has its own national dishes, desserts also belong here. Sometimes they are called so: oriental sweets, Turkish sweets, Greek sweets, Japanese sweets. For example, in the United States of America, this dish is cheesecake. This world-famous dessert can be tasted anywhere in the world. It is known for its unique cheese flavor.

French croissants are also famous throughout the world. These light, crunchy cakes with a wide variety of toppings are perfect for breakfast.
