

Intro

Hi! I'm **DAVIS**, I'm **27**, queer, and white. I'm incredibly selective with who I get to write with, and only replying to threads I am absolutely into, so if I follow you, please know I do want to write with you, and don't be afraid to reach out to me! I prefer plotted threads to 'starters' but will make exceptions for muses from the same universe as my canon muses. I can be found at [crimsonwrit](#), [girlhoodhorror](#), and [et-inarcadia-ego](#)

Rules

...FOR ROLEPLAYERS

- If you send me a meme, you need to specify which character it's being sent to.
- I practice reblog karma to an extent-- Obviously this does not apply for romantic memes when our muses have not interacted/doesn't make sense.
- If you'd like to turn a meme into a thread, please start it as a new post.
- I will usually switch up my formatting to fit yours and as long as I have something to work with. I'm not picky about post length. That said, I do prefer replies to have the previous reply indented, and all replies cut to my reply and your reply, or vice versa. I also prefer using icons. These are just personal preferences. If you don't know how to indent replies anymore after tumblr's update, let me know.
- In the event that you decide to drop a thread with me, let me know. Threads unresponded to for more than 90 days will be dropped automatically if your blog is inactive.
- I am open to smut/NSFW threads, but selectively. Mun and I must be in contact OOC somewhat and have threads previously.
- I am not comfortable with writing with someone under 18 years old, period.
- This is a multiship/multiverse blog, and I am always open to discussing plotting with you if we are mutuals!
- I love shipping, as long as there's chemistry. I'm also super down for creating pre-existing relationships of any kind.
- I am a selective RPer. This is my hobby, and I want to only be following people I intend to write with. If you don't have a rules page, a bio page, and tag your posts to organize them, I likely will not follow back.
- In that same vein, if I follow you and you don't follow me back, I'll likely unfollow within a few days due to wanting to keep my dash to people only interested in writing with me.

...FOR FANDOM BLOGS

I greatly appreciate being followed by fandom blogs, for sure, but I've had a few issues. Please do not reblog any threads/IC asks/headcanons/whatever, as it spreads a personal interpretation of this character and makes it more susceptible to having my work stolen. HOWEVER, you are welcome to send in asks aimed at my muse, and they will answer.
